 - Note: The *sort order* is the order in which this will appear in the call error code drop-down list in BPO2. If each call error code has the same number e.g. 0 or 1, then the dropdown list will usually default to an alphabetical order in BPO2. However, if, for example, it is numbered 5 in an ordered list of 1-10, then it will appear 5th in the drop-down list in BPO2.
