

CONTRACTS

CONTRACT EXPIRY - LEASE TO PURCHASE

For expired contracts that remain active, you have the ability to sell off serial numbers that have been selected, if the selected items are internal assets.

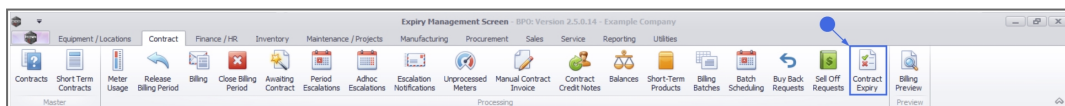

Approval of the Sell Off Requests auto processes the following:

- Removes the internal asset from Contract
- Returns the Asset to the Asset Warehouse
- Converts from Asset to Stock
- Requests and Issues the Asset as a Stock Item
- Creates a Sales Invoice
- Prints the Invoice

Ensure the [Contract Swap Out Configuration](#) is correctly configured.

LEASE TO PURCHASE

Ribbon Select *Contract* > *Contract Expiry*

The **Contract Expiry Management** screen will be displayed.

Select the Site

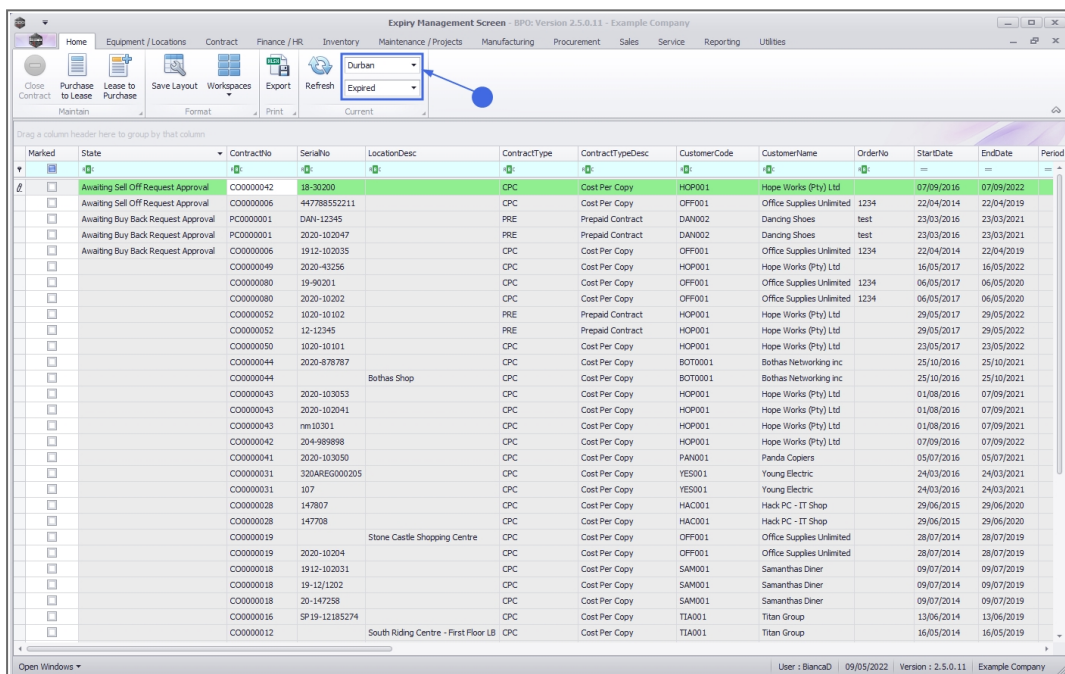

Your employee user record should be linked to a default site. In this case, the site will auto populate with this default, otherwise the site must be manually selected.

Another site can be selected, if required, and if you have the security rights to access the site.

If **All Sites** displays here, then you do not have a default site configured on your user record, and need to select the required site.

Upon opening, this screen will default to the **Expired** status, listing all the serial numbers on contracts that have expired, indicating the state of the serial number. The expiry date is based on the contract start date + contract period.

You can view all contracts, regardless of expiry date, by selecting the **All** status.

✖ [Marked] = 'Unchecked'

User: BiancaD | 26/10/2022 | Version: 2.5.0.14 | Example Company

- Customer Name:** Search for and select the Main Customer. The customer where the asset is physically.
- A message box will come up asking: **Is the billing customer the same as the main customer?**
- Click on the **Yes** button, to auto-populate the Billing Customer field with the same customer selected.

- or
- Click on the **No** button, to search for and select the Billing Customer where different from the main customer.

The screenshot shows the 'Add new Sell Off Request' form in the BPO Version 2.5.0.14. The form includes fields for Customer Name (Hope Works (Pty) Ltd), Request Date Time (31/10/2022), and Billing Customer. A confirmation dialog box is displayed, asking: 'Is the billing customer the same as the main customer?'. The dialog has 'Yes' and 'No' buttons. The main form also contains a table with columns: PartCode, Description, SerialNo, SiteDescription, WarehouseName, BrlLocationName, and Value. The table has one row with data: SP2020, SP2020 Sprint, 2020-103053, Durban, Assets Warehouse, Internal Assets, and 0.000.

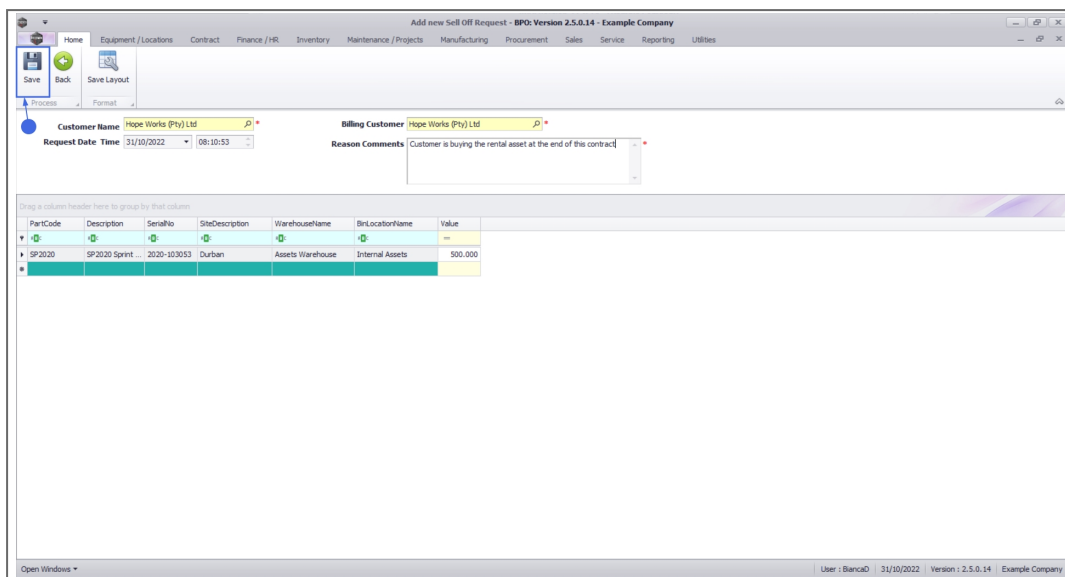

- **Reason Comments:** Type in the reason for this buying back the asset(s) selected.
- Update the Buy Back **Value** for each item.

The screenshot shows the 'Add new Sell Off Request' form with updated values. The Reason Comments field now contains: 'Customer is buying the rental asset at the end of this contract'. The Value field in the table has been updated to 500.000.

Once you have updated the Value for all assets:

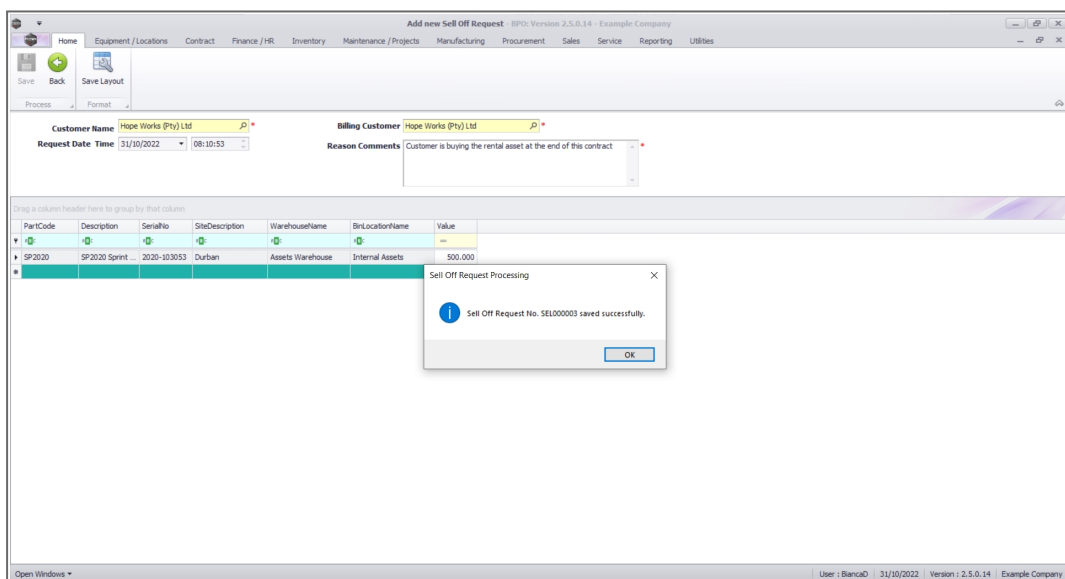

- Click on the **Save** button.

PartCode	Description	SerialNo	SiteDescription	WarehouseName	BinLocationName	Value
SP2020	SP2020 Sprint...	2020-103053	Durban	Assets Warehouse	Internal Assets	500.000

The **Sell Off Request Processing** message box will come up, noting: **Sell Off Request No. [sell off request number] saved successfully.**

- Click on the **Ok** button.

The **Sell Off Request Processing** screen will close, and the selected items marked as **Awaiting Sell Off Request Approval.**
