

CONTRACTS

INTRODUCTION TO SELL OFF REQUESTS

For expired contracts that remain active, you have the ability to sell off serial numbers that have been selected, if the selected items are internal assets.

Ribbon Select *Contract* > *Sell Off Requests*

The *Sell Off Requests* screen will be displayed.

Select the Site

Your employee user record should be linked to a default site. In this case, the site will auto populate with this default, otherwise the site must be manually selected.

Another site can be selected, if required, and if you have the security rights to access the site.

If **All Sites** displays here, then you do not have a default site configured on your user record, and need to select the required site.

Upon opening, this screen will default to the **New** status, listing all Buy Back Requests that still require processing.

Status filter options:

New: Sell Off Requests that still require processing

Approved: Sell Off Requests that have been Approved

Declined: Sell Off Requests that have been Declined

SELL OFF REQUEST RIBBON ACTION BUTTONS

The ribbon **action** buttons will be available (bold) or unavailable (greyed out) depending on the status selection, and security right access level. The following functionality is available from this screen:

MAINTAIN BUTTONS

- View, Edit

PROCESS BUTTONS

- Approve, Decline

FORMAT BUTTONS

- Save Layout and Workspaces.
