

INVENTORY

PART REQUESTS - REMAP PART

If a part request was raised for an incorrect part, the store person can **remap** the request to the correct part. This can be done directly from the **Part Requests** screen.

Ribbon Access: Inventory > Part Requests

- 1. The *Part Requests for the Site* screen will display.
- 2. The *Site* filter will be set according to your company configuration. If required, select the Site you wish to work in.
 - For a detailed handling of this topic refer to Site Selection.
- The State filter will default to '*All States*' upon opening. You do not need to select a specific State to proceed with the *Remap Part* process.
 - For a detailed handling of this topic refer to State/Type Selection.
- 4. The list of *part requests* displayed will be dependent on the Site and State selected.

					_								

- 1. The *Preview* screen will open with the *Part Remap Report* displayed.
- 2. The *original* part that was requested is documented. In this example: *K147 Yellow Toner*.
- 3. The part that the request has been *remapped* to is documented. In this example: *Toner Yellow*.
- 4. You can use the Preview toolbar to *print*, *email*, *add a watermark* and *export* the document.
- 5. The employee who remapped the part (usually the store person) is recorded.
- 6. *Close* the screen when you are done.
