SERVICE

MY TICKETS

BPO_Ticketing is an application that gives the user the ability to both view and work on Calls and/or Projects where they are the owner (responsible person) for the Call or Project's underlying work order. The user can also create ticket assignments to pass the work on to the next responsible person.

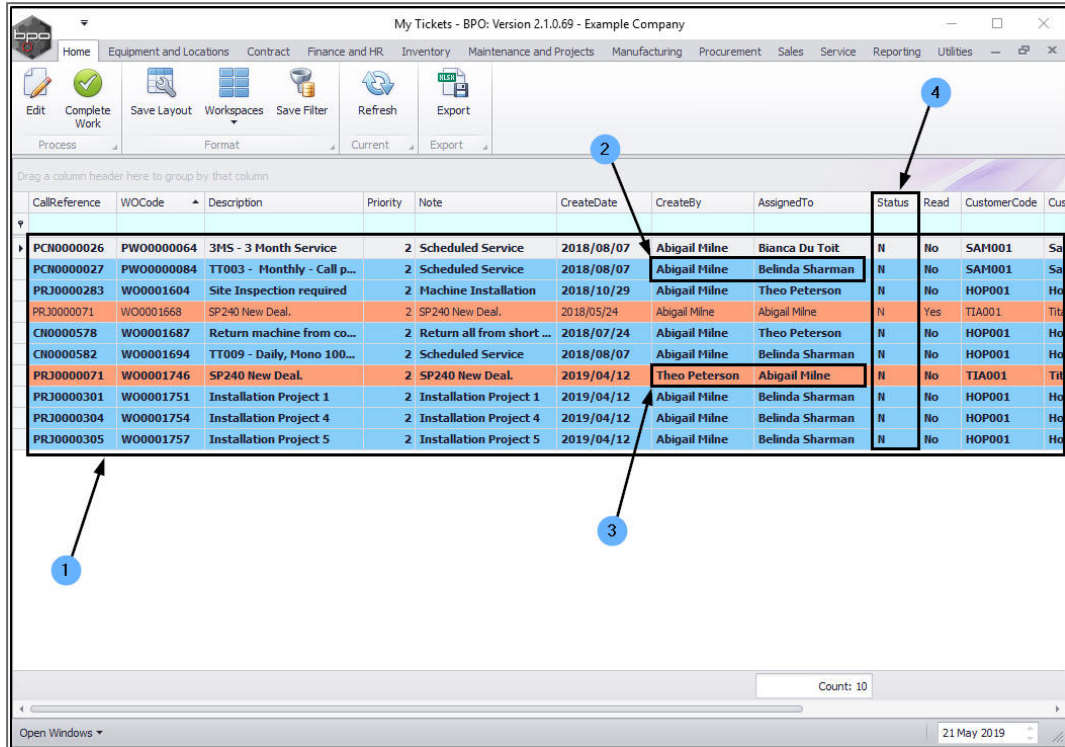

Ribbon Access: Service > My Tickets

The **My Tickets** screen will be displayed.

1. A list of tickets specific to the **user logged on** to the system can be viewed.
2. You can view all tickets that you have **created** and **assigned** to another person.

3. You can also view all the tickets that other people have **assigned to you**.
4. However, this list will only show these tickets if they are still in the **New Status**.

My Tickets - BPO: Version 2.1.0.69 - Example Company

IMPORTANT NOTES

OWNERSHIP

For a ticket to be displayed in this list, the user should **take ownership** of the call in **BPO** by:

Either

- Selecting the call in the call screen and clicking on **My Call**

Or

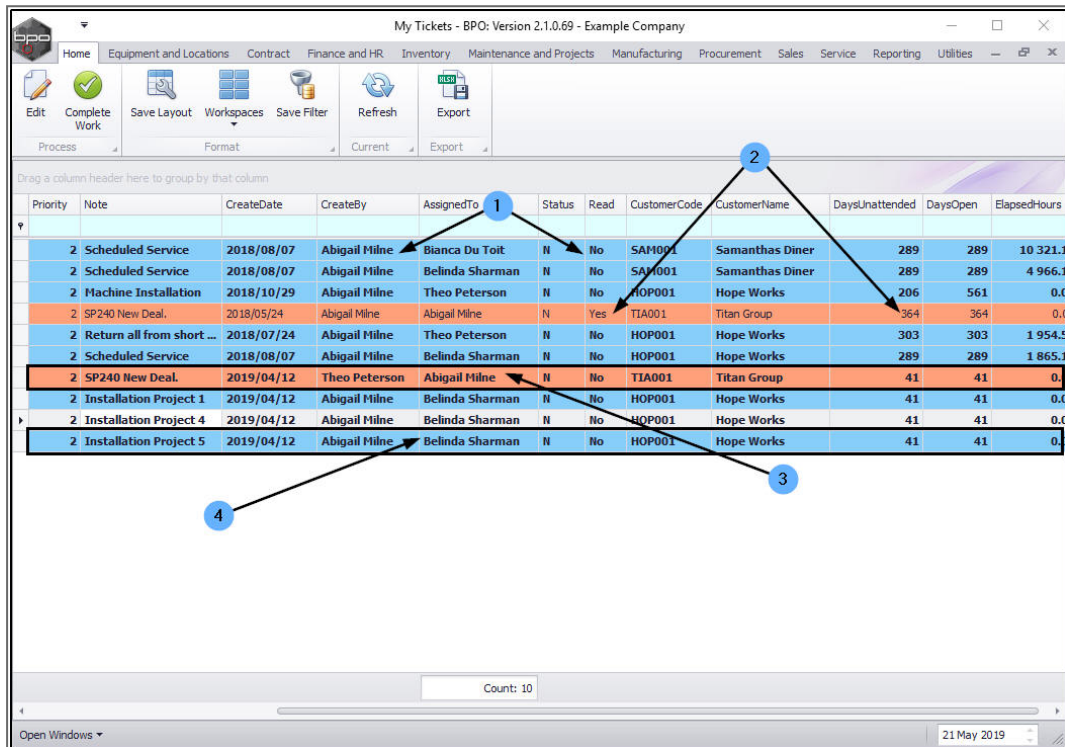

- The Call Centre person can **Assign** you to be the responsible person in the **Call Listing** screen.

- Unread tickets:** these tickets have not been opened for viewing - the text will be in **bold** and the **Read** column will state **No**.

2. **Open/Read tickets** : As soon as a ticket is opened for viewing – the text will no longer be in bold and the **Read** column will state **Yes**.

TICKET COLOUR

3. **Red** : Ticket has been assigned to **you** and is for your attention.
4. **Blue** : Ticket that you have assigned to **another** employee

Installation Project 4

21 May 2019

1. Click on the **Project** (or **Call**) tab.
2. If this work order is linked to a **Project** (as in this example) or a **Call**, the **Project** (or **Call**) **Details** (Reference No, Description) can be viewed here.

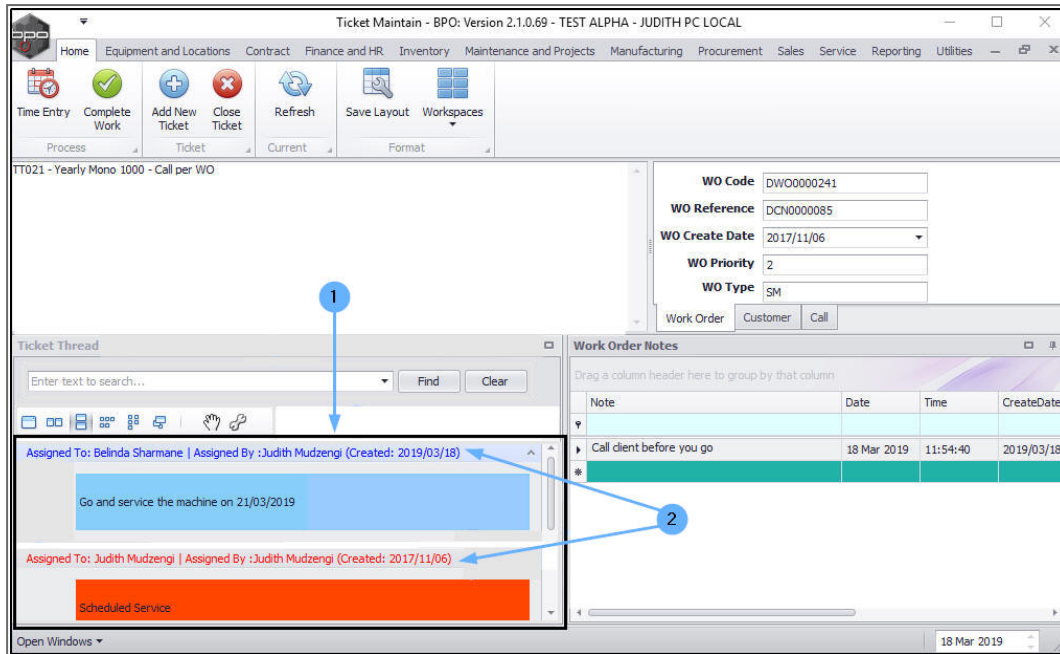

THE TICKET THREAD FRAME

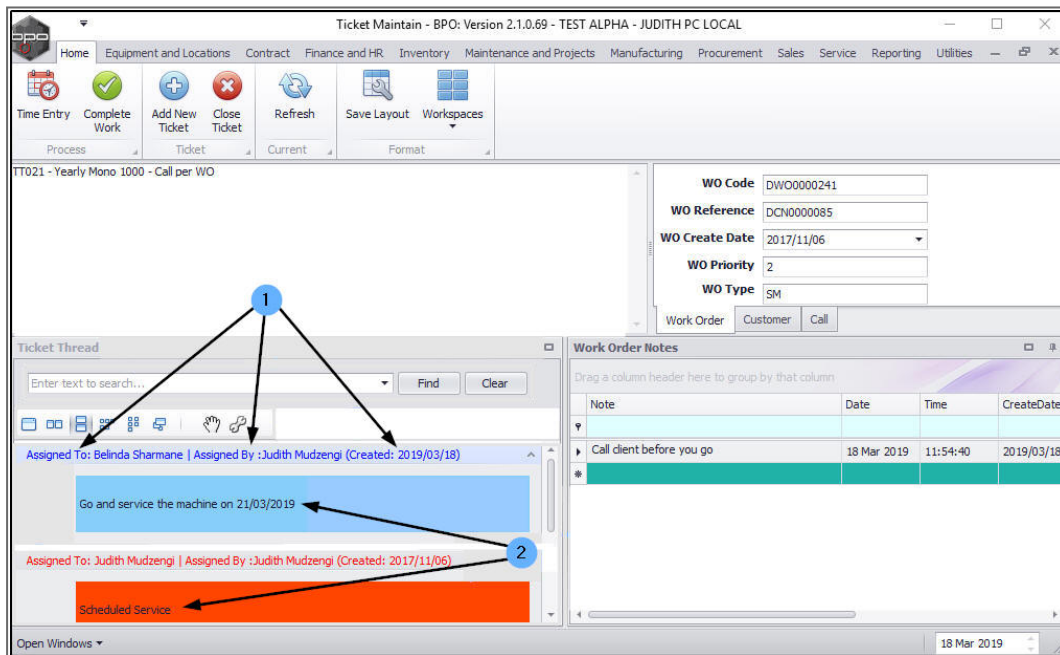

1. Use the **Search field** to search for any ticket in the ticket thread.
 - Type in the text box and click on **Find**.
 - To clear the search, click on **Clear**.
2. The **Customization toolbar** contains icons which will adjust the view layout of the ticket thread. For example, you can view the thread in One row, Multiple Columns or Carousel Mode.
 - If you **hover** any icon, the **icon description** will pop up.

1. All tickets linked to the selected work order are displayed in this frame.
2. The tickets are in inverse chronological order. The most recently created ticket will be at the top of the list.

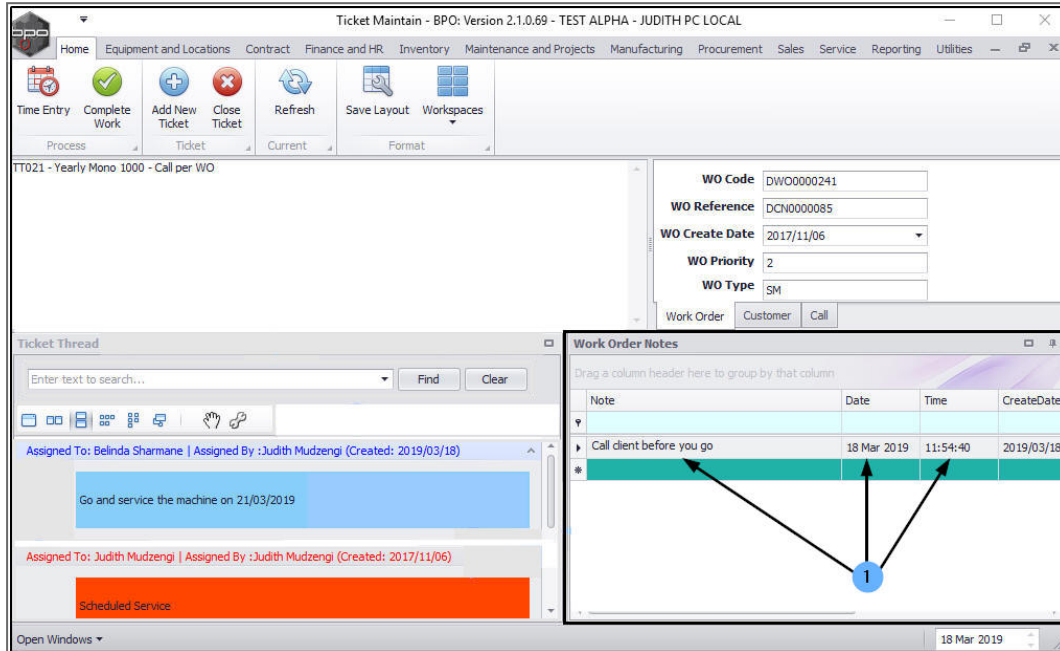

1. **Assignment Details:** In this frame, you can see the **assignor**, **assignee** and the **date** the ticket was created.
2. **Comments :** You can also view the ticket **comments** relating to the work order.

THE WORK ORDER NOTES FRAME

- Here you can view the work order **notes** with the **date** and **time** they were created.

The screenshot shows the 'Ticket Maintain' application interface. The top menu bar includes 'Home', 'Equipment and Locations', 'Contract', 'Finance and HR', 'Inventory', 'Maintenance and Projects', 'Manufacturing', 'Procurement', 'Sales', 'Service', 'Reporting', and 'Utilities'. The main window displays a ticket thread for 'TT021 - Yearly Mono 1000 - Call per WO'. The ticket thread shows two entries: one assigned to Belinda Sharmane and another assigned to Judith Mudzengi. The 'Work Order Notes' frame is open, showing a table with columns: Note, Date, Time, and CreateDate. The table contains one row: 'Call client before you go', '18 Mar 2019', '11:54:40', and '2019/03/18'. A blue circle with the number '1' is positioned below the table, with arrows pointing to the 'Date', 'Time', and 'CreateDate' columns.

ASSIGN A TICKET

- Select the ticket that you wish to assign to another person.
- Click on **Edit**
 - In this image, **DCN0000029** is selected.

Project Assignment Test 1

Work Order Notes

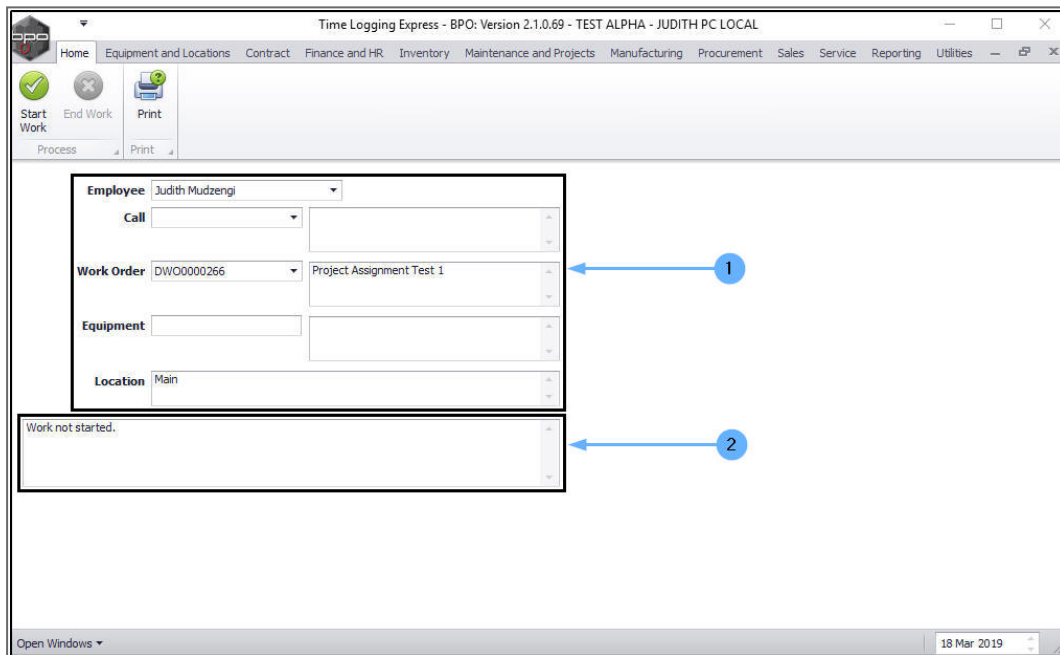

Drag a column header here to group by that column

Note	Date	Time	CreateDate

Open Windows 18 Mar 2019

The **Time Logging Express** screen will be displayed.

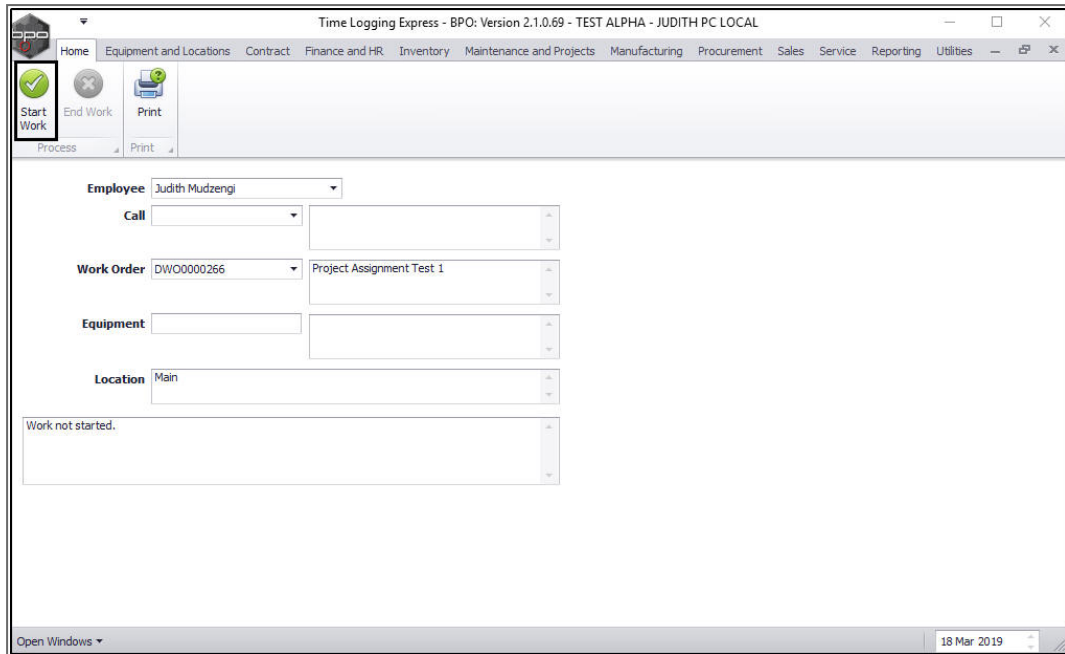

1. **Employee** : This will auto populate with the person currently logged on to the system.
 - **Call** : This will auto populate with the **call number** and **description** if the work order is linked to a call.
 - **Work Order** : This will auto populate with the **work order number** and **description**.
 - **Equipment** : This will auto populate with the **serial number** and **description** if a machine is linked to the work order.
 - **Location** : This will auto populate with the **location** if a **functional location** is linked to the work order.
2. **Status**: The final field in this frame will contain a brief description of the **status** of the work e.g. 'Work not started'.

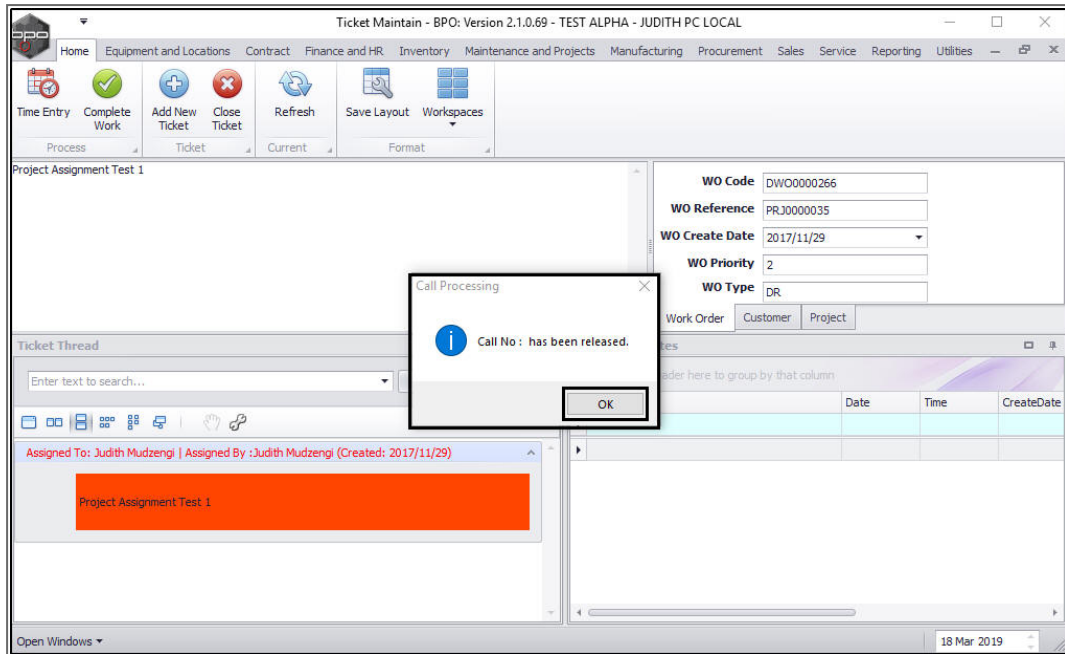

The screenshot shows the 'Time Logging Express' application window. The title bar indicates the version is 2.1.0.69 and the user is JUDITH PC LOCAL. The interface includes a menu bar with options like Home, Equipment and Locations, Contract, Finance and HR, Inventory, Maintenance and Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. Below the menu bar is a toolbar with buttons for Start Work, End Work, and Print. The main form area contains several fields: Employee (Judith Mudzengi), Call (empty), Work Order (DWO0000266), Equipment (empty), Location (Main), and a Status field (Work not started.). Blue arrows point to the Work Order and Status fields, labeled with the numbers 1 and 2 respectively, corresponding to the list items above.

START WORK

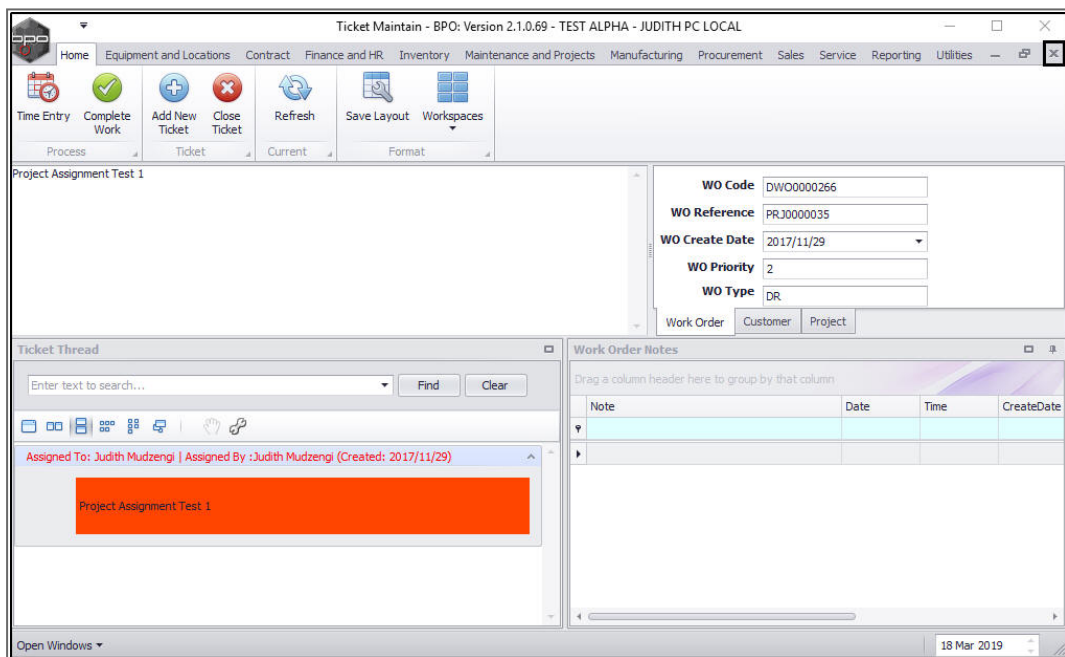

- Click on **Start Work**.

- The **Time Logging Express** screen will close and you will return to the **Ticket Maintain** screen.
- A **Call Processing** message box will pop up informing you that;
 - **Call No: [] has been released.**
- Click on **Ok**.

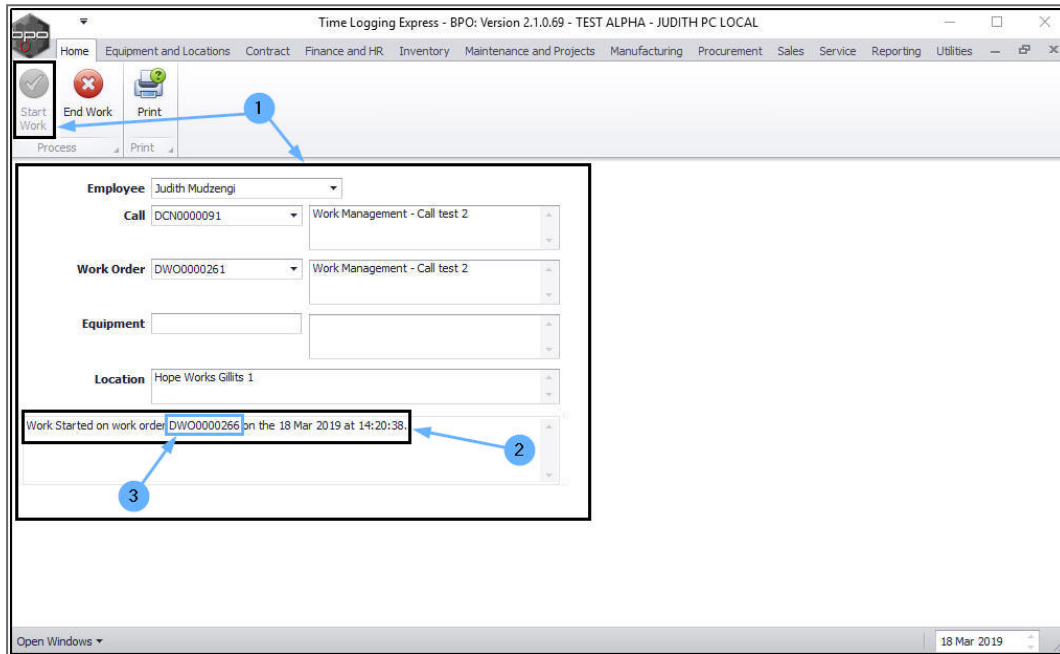

- The **Call Processing** message will close.
- Exit the **Ticket Maintain** screen.

Important Note: You cannot **start work** on a new ticket before **ending work** on the previous ticket.

1. Although details of the current ticket will be displayed in the **Time Logging Express** screen, the **Start Work** button will be **Inactive** (grey).
2. The **work status** of the previous ticket will be displayed.
3. Take note of the **work order number**, close this screen and follow the process to **end work** on the previous ticket.

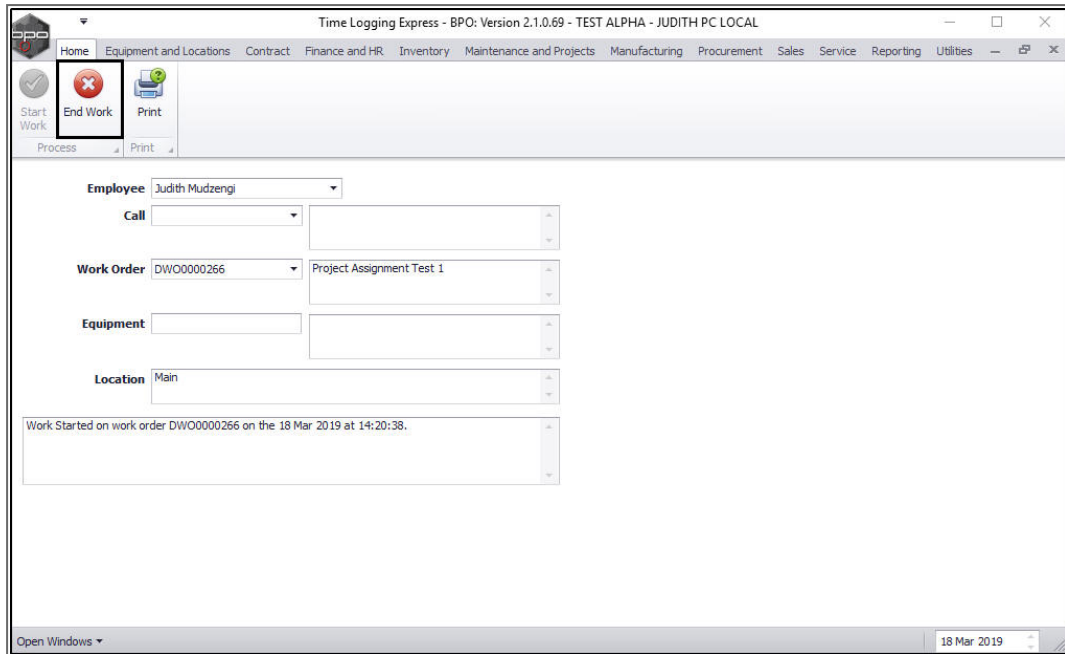

END WORK

If you need to stop the current work, use this **End Work** option. This will book your time for the current work. Remember to type in a **note** regarding what work was done during this time.

If the work is done, then use the **Complete Work** process.

- Click on **End Work**.

The **Close Open Work** screen will be displayed.

TICKET DETAILS:

- **Employee** : This will auto populated with the person logged on to the system.
- **Call or Project** : This will auto populate with the **Call** or **Project number** and **description** if the work order is linked to a **Call** or **Project**.
- **Work Order** : This will auto populate with the **work order number** and **description**.
- **Equipment** : This will auto populate with the **serial number** and **description** if a **machine** is linked to the work order.
- **Location** : This will auto populate with the **location** if a **functional location** is linked to the work order.

You now need to decide whether to **end the work without assigning any work to the next person** or whether to **end the work and assign it to the next person**.

END WORK WITHOUT ASSIGNING TO THE NEXT PERSON

- A **Work Process** message will be displayed asking you;
 - **Do you wish to assign this to the next person?**
- Click on **No**.

- The **Close Open Work Screen** will close.
 - The **Time Logging Express Screen** will be displayed.
1. **Note 1:** In this example, the **End Work** button is now inactive (greyed out). However, sometimes the **Start Work** button will be greyed out while the **End Work** button is not.
 2. **Note 2:** In this example, the work status description notes that work was ended. However, sometimes the work status message will display as **Work started on work order [] on the []** - even if work has been ended.

END WORK AND ASSIGN TO THE NEXT PERSON

In the **Close Open Work** screen.

- A **Work Process** message will be displayed;
 - **Do you wish to assign this to the next person?**
- Click on **Yes**.
