## CALL ADMINISTRATION – COMPLETE A CALL

The Call Administration screen is part of the Extended Call Centre - Version Compatibility<sup>1</sup>

Once a technician has completed the work required, the call can be **Completed**.

The Call Centre can manually place a call in the **Complete** status.

Using **Tech Connect**, the technician will select **End Work** on his device, and then **Resolution Action** as **Resolved (Client)**. The call will move to the **Complete** status.

Updates, invoicing, etc., can still be logged against a call in the Completed Status. The call can be closed once all the admin related to the call has been completed.

## THE CALL ADMINISTRATION SCREEN

**Ribbon** Select **Service > Call Administration**

- The **Call Administration** screen will be displayed.
