

## **EQUIPMENT**

## **ASSETS - DELETE ASSET**

The **Delete** button in the Asset Listing screen (**Machine List for** [*customer name*] screen) allows you to remove a selected serialised item from the data grid. In BPO, only a <u>Customer Asset</u> can be deleted in this way. The system will prevent you from deleting any other type of asset by making the Delete button 'inactive' in the Asset Listing screen.

**Ribbon Access:** Equipment and Locations > Assets

- 1. The *Machine List for [Site]* screen will be displayed.
- 2. Select the *Site* that contains the item that you wish to *delete* or 'inactivate' from this data grid.
- 3. In this image *Durban* has been selected.

## **SELECT THE STATUS**

Only a <u>Customer Asset</u> can be deleted from this screen.

- 1. Click on the *drop-down arrow* to display the Status menu.
- 2. Select *Client Machines* from the list.
