

# **PROCUREMENT**

# ADD / PRINT / DELETE A REQUISITION

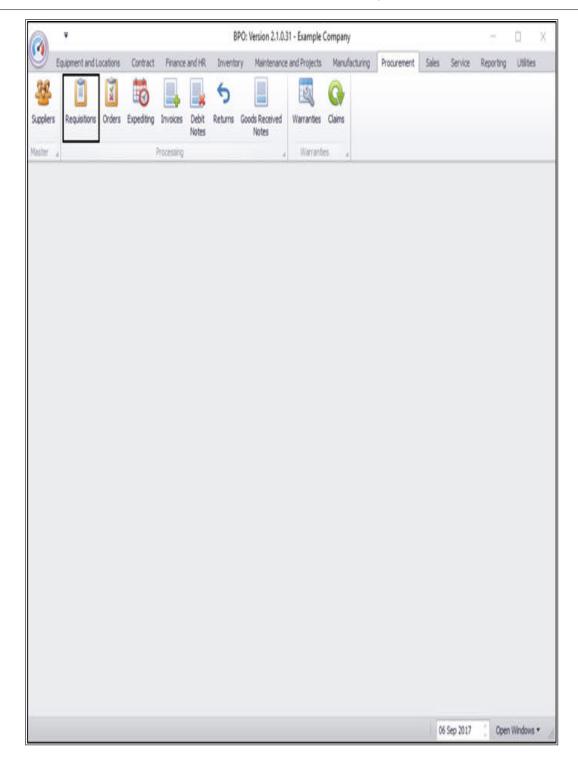

Creating a Purchase Requisition can be done in several ways:

- 1. From the **Stock** Status screen to Replenish Stock Levels
- 2. From the Part Request screen to Fulfill a Part Request
- 3. From the **Service** request screen- to **Fulfill a Service Request**
- 4. From the **Purchase Requisition** screen which we will address here.

Once you have created your Purchase Requisition, you may be required to add /remove items, or make changes to these items. However, there is certain data that you will <u>not</u> be able to change, and if necessary you may need to delete the requisition.

**Ribbon Access:** Procurement > Requisitions

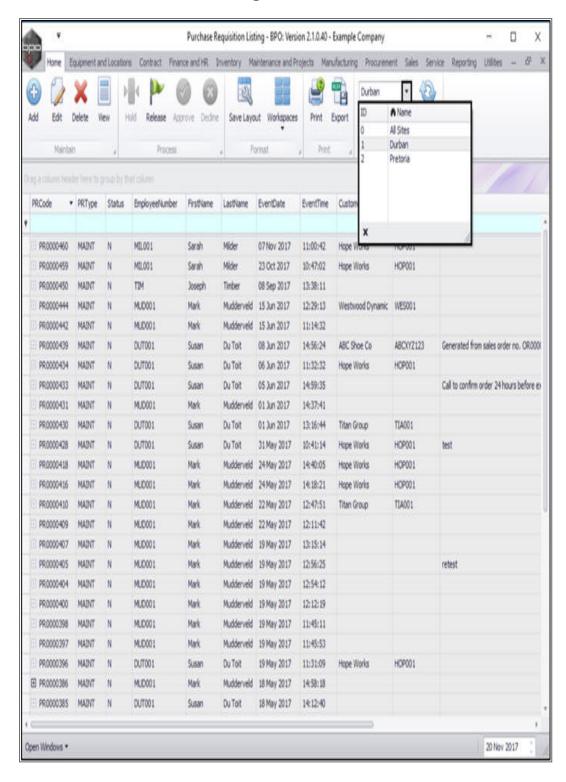

Select the Site and Status

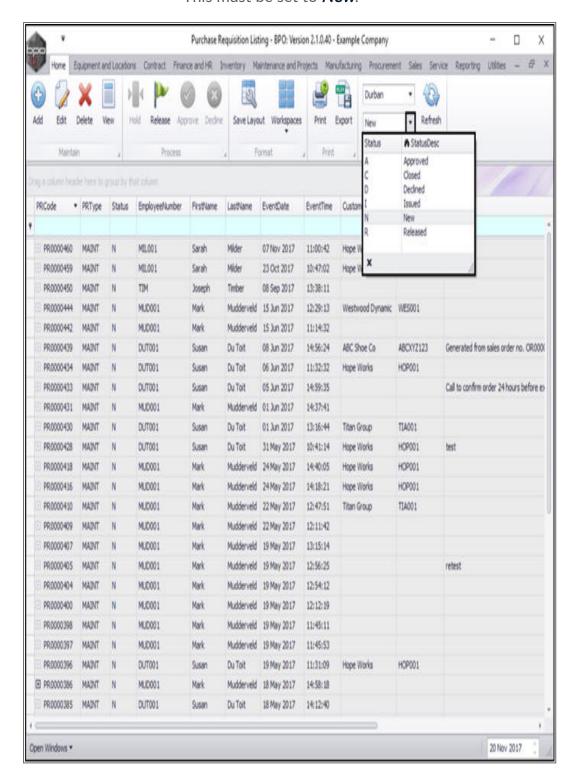

- Select the Site .
  - In this image *Durban* has been selected.

- Select the Status.
  - This must be set to **New**.

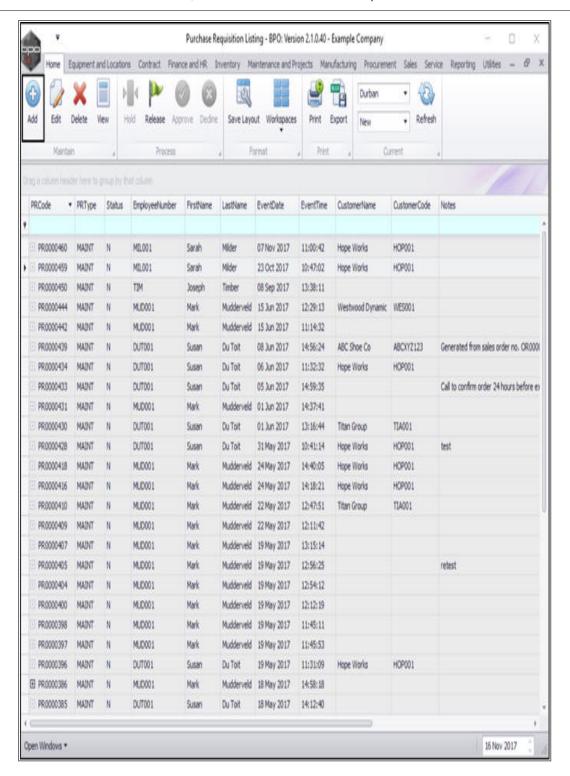

# **ADD PURCHASE REQUISITION**

• Click on Add.

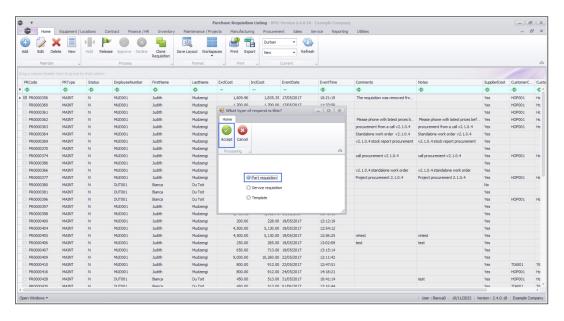

## **REQUISITION TYPE**

- A What type of request is this? pop up screen will appear with two options;
  - Part Requisition.
  - Service Requisition
  - Template
- Click on the **Part Requisition** radio button.
- Click on *Accept*.

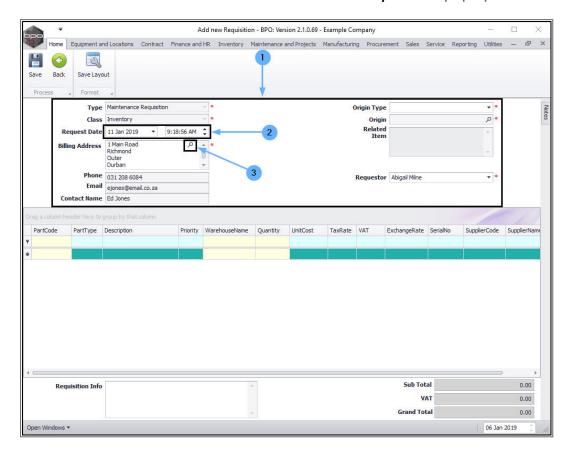

The **Add new Requisition** screen will be displayed.

## **REQUISITION HEADER INFORMATION**

- 1. The requisition header frame will auto populate with most of the relevant details. Most of these are uneditable fields except the following:
- 2. **Request Date and Time:** This will auto populate with the current date.
  - Request Date: You can either type in or click on the drop-down arrow and use the calendar

function to select an alternative date.

- Request Time: You can either type in or use the directional arrows to select an alternative time.
- 3. **Billing Address:** This will auto populate with the billing address already set up on the system.
  - You can click on the search button and select an alternative address, if required, from the *Select* an address for this requisition pop up screen.

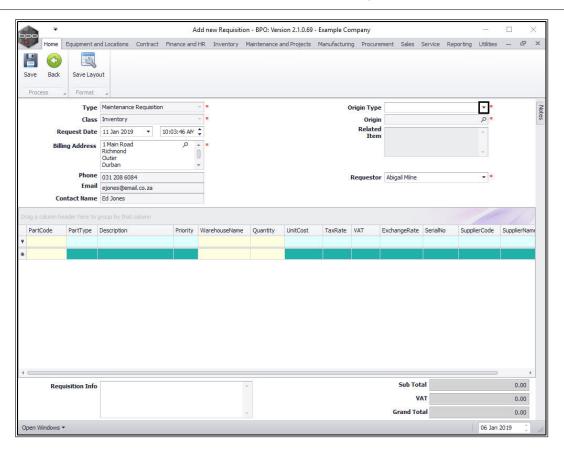

#### **ORIGIN TYPE AND ORIGIN**

This information is mandatory.

• Click on the drop-down arrow in the *Origin Type* field.

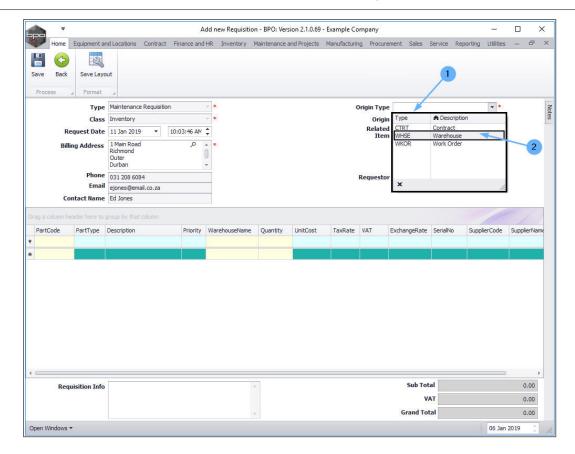

- 1. The Origin Type *menu* will be displayed.
- 2. Select from this menu, the origin of this requisition:
  - Contract
  - Warehouse
  - Work Order

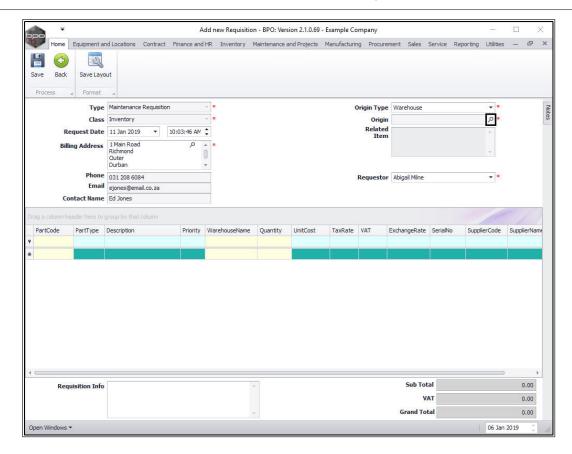

In this image, Warehouse has been selected.

• Click on the **search** button in the **Origin** field.

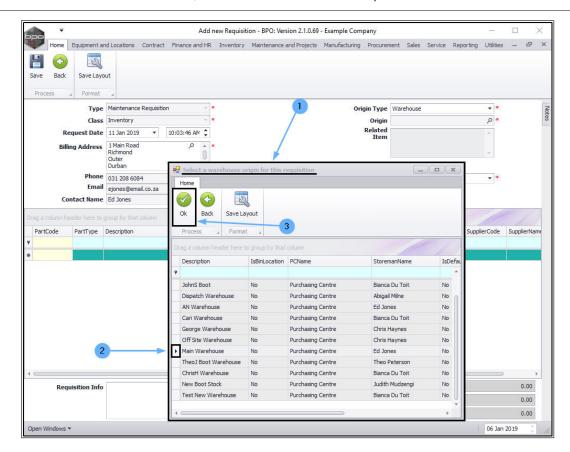

1. The **Select a warehouse origin for this requisition** screen will pop up.

**Note:** The *Select a...* screen that pops up will be linked to the *Origin Type* selected in the previous step. For example:

- i. If *Contract Type* was selected then the Select a <u>contract</u> origin for this requisition screen will pop up.
- ii. If *Work Order Type* was selected then the Select a <u>work order</u> origin for this requisition screen will pop up.
- iii. As *Warehouse Type* was selected then the Select a <u>warehouse</u> origin for this requisition screen has popped up.
- 2. Select the **row** of the **warehouse** that is the origin of this requisition.
- 3. Click on Ok.

#### **RELATED ITEMS**

1. Related Item: This field is uneditable.

#### **REQUESTOR**

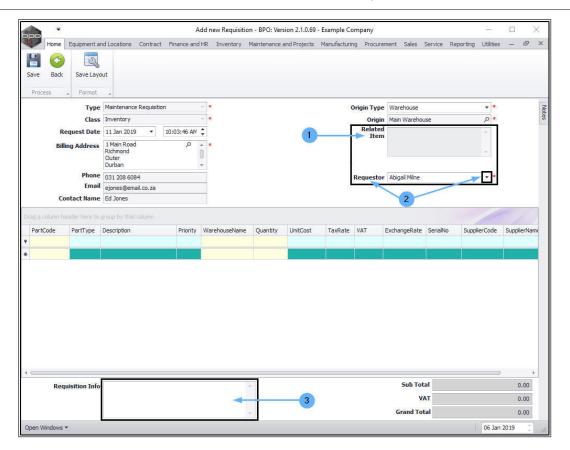

This field is mandatory.

2. **Requestor:** This will populate with the person currently logged on to the system. You can click on the drop-down arrow and select from the menu an alternative person if required.

#### **REQUISITION INFO**

3. **Requisition Info:** Type in any extra information in this text box, if required. This will pull through to the Procurement Report

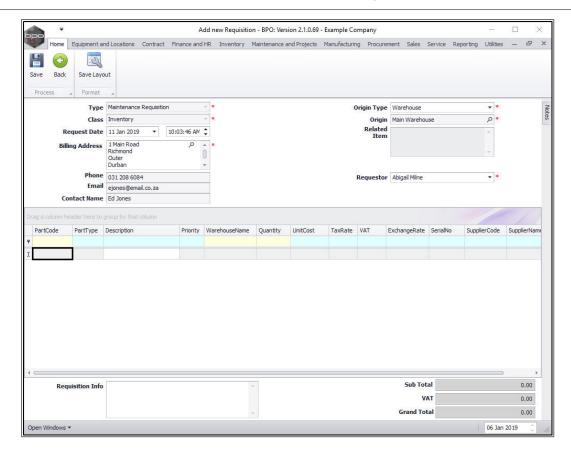

You can now move down to the *Parts* data grid.

# **REQUISITION ITEMS DATA GRID**

#### **ITEM**

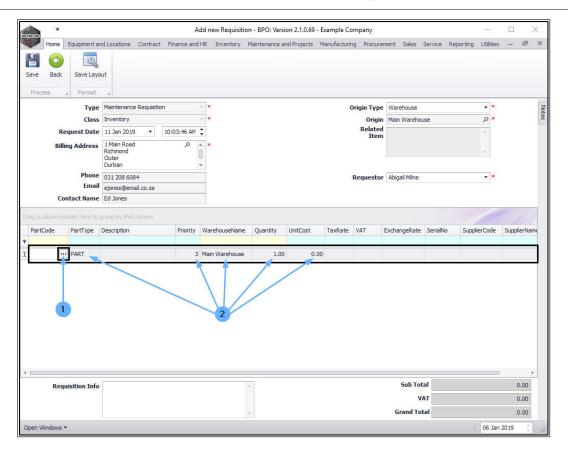

• Click in the **Part Code** text box.

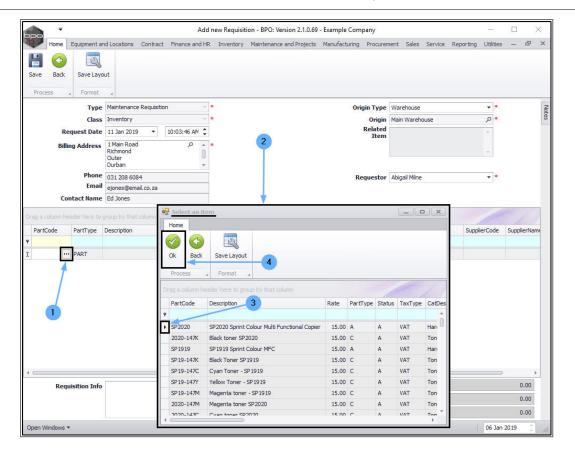

- 1. An *ellipsis* button will be revealed.
- 2. The following fields will auto populate:
  - Part Type: This will auto populate will PART.
  - **Priority:** This will auto populate with **3**.
  - Warehouse Name: This will only auto populate if the <u>Origin Type</u> selected is Warehouse. Then it will populate with the same Origin (Warehouse Name).
  - Quantity: This will auto populate with **1** but can be edited as explained further in the manual.
  - **Unit Cost:** This will auto initially populate with **0.00** but can be edited as explained further in the manual.

- 1. Click on the *ellipsis* button.
- 2. A *Select an item* pop up screen will appear.
- 3. Select the **row** of the item you wish to add.
- 4. Click on *Ok*.

#### **ITEM DETAILS**

The following fields will now populate:

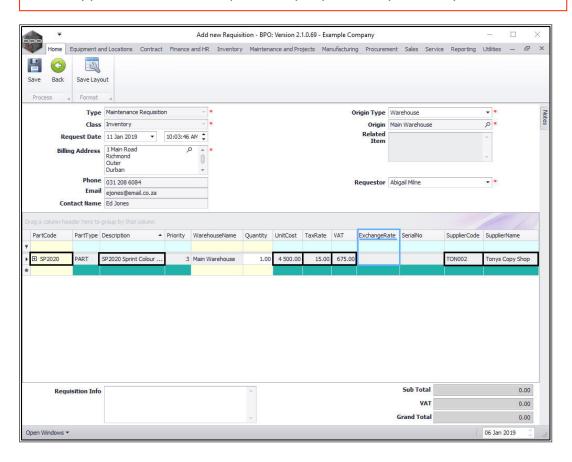

- **Part Code:** This will populate with the *code* of the part selected in the previous step.
- **Description:** This will populate with the *description* of the part selected in the previous step.
- Unit Cost: If there is a Primary Supplier set up on this part then this field will populate with the *unit cost* of the of the part as set by that supplier.
- Tax Rate: This field will populate with the current *VAT rate*.
- VAT: If there is a Primary Supplier set up on this part then this field will populate with the VAT amount of the total part cost.

- Supplier Code: If there is a Primary Supplier set up on this part then this field will populate with the code of that primary supplier.
- **Supplier Name:** If there is a **Primary Supplier** set up on this part then this field will populate with the **name** of that selected supplier.

#### Note about Exchange Rate: This field will only populate if:

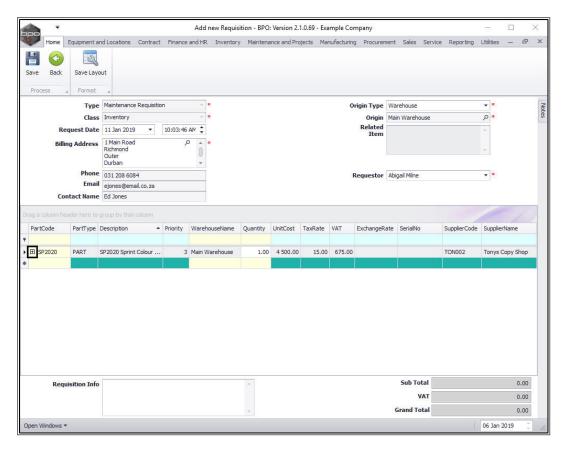

- i. The currency of the Primary Supplier set up is *different* to your company currency as set up in BPO2.
- ii. If you manually select a supplier for this part and the currency of that supplier is *different* to your company currency as set up in BPO2.

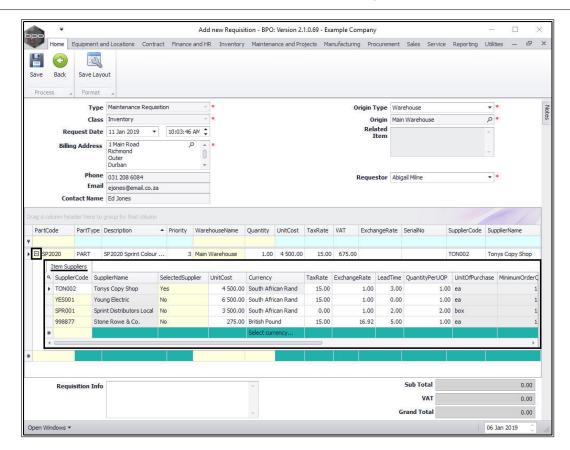

#### **ITEM SUPPLIERS**

• Click on the *expand* button in the *Part Code* field.

- 1. The *Item Suppliers* frame will be expanded. Follow the process to add / edit an item supplier for this item as required.
- 2. Collapse the Item Suppliers frame when you are done.

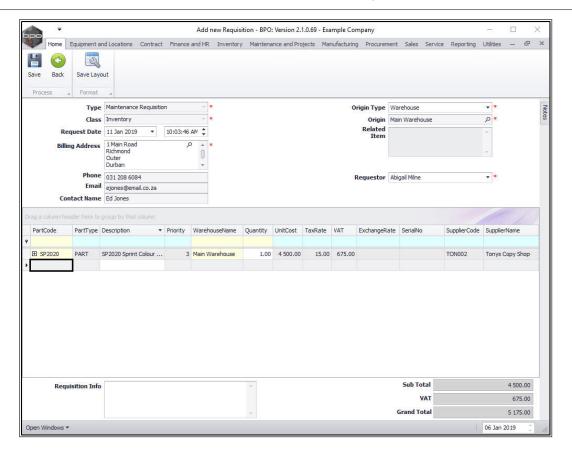

#### LINK ADDITIONAL ITEMS

- The *Item Suppliers* frame will be *hidden* again.
- Click in the *Part Code* field of the new row, to display the *ellipsis* button and continue to <u>add A, B or C-Class items</u> in this way until you have finished adding items to the requisition.

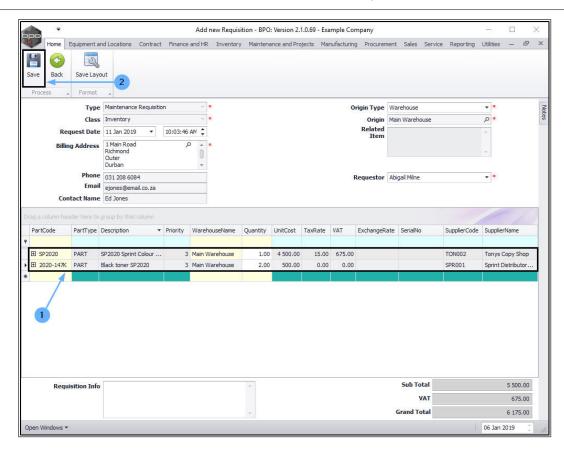

1. In this image a *Black toner SP2020* has also been added to the Parts data grid.

## **SAVE REQUISITION**

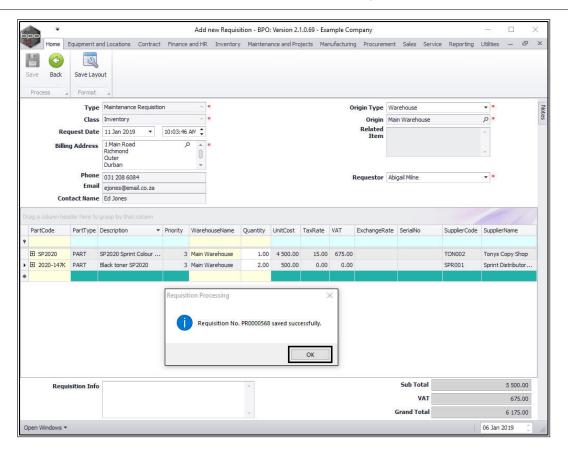

2. When you have finished adding items, click on Save.

- A Requisition Processing message box will pop up informing you that;
  - ° Requisition No. [] saved successfully.
- Click on Ok.

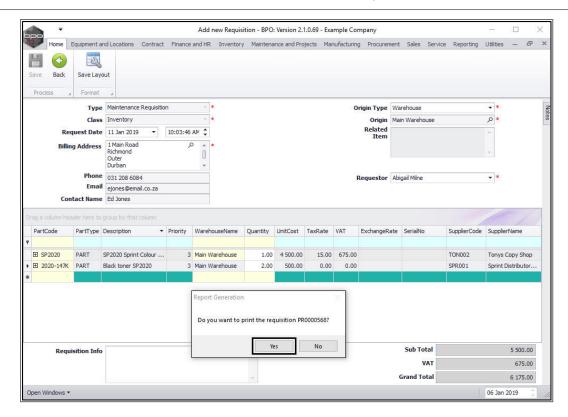

## **PRINT REQUISITION**

- A Report Generation message box will pop up asking;
  - Oo you want to print the requisition []?
- Click on Yes.

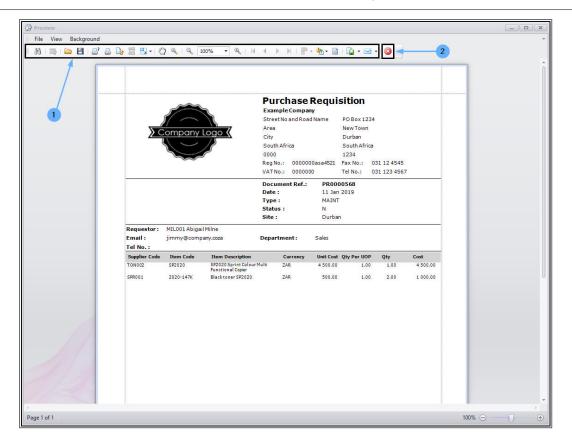

#### **REPORT PREVIEW**

The **Report Preview** screen will be displayed.

- 1. From here you can *View*, *Print*, *Export* or *Email* the requisition.
- 2. *Close* the preview screen when you are done.

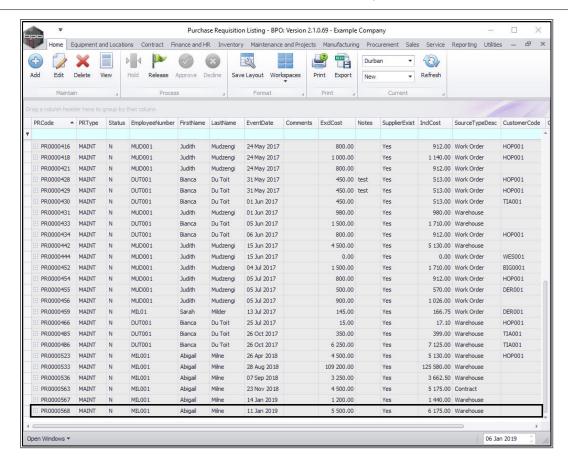

You will return to the *Purchase Requisition* Listing screen.

# **VIEW REQUISITION**

- Here you can view the *new requisition* has been added to the list.
- Close the preview scree when you are done.

Note: The requisition will need to be released and approved.

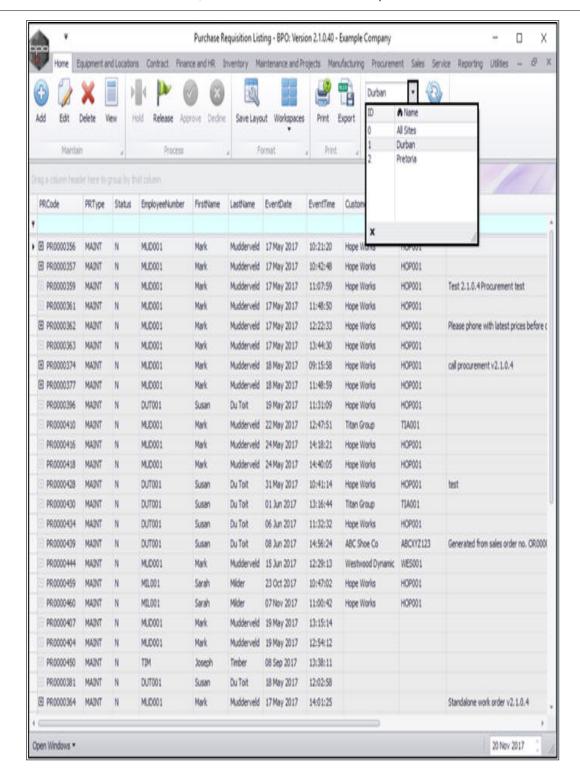

## **DELETE A REQUISITION**

Select the Site and Status

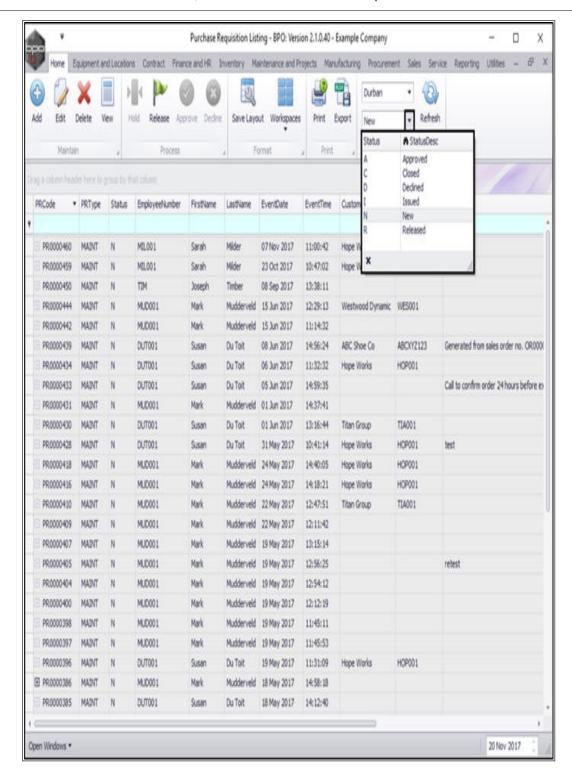

- Select the Site.
  - In this image *Durban* has been selected.

- Select the status.
  - This must be set to **New**.

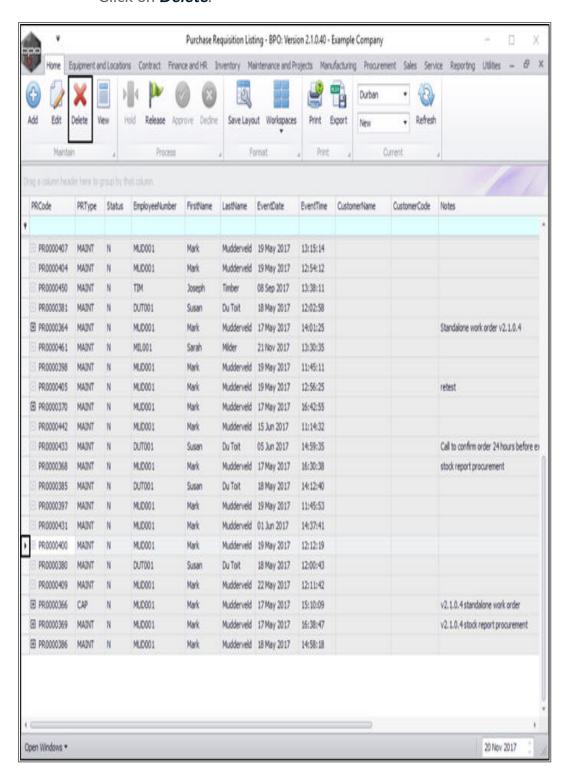

Select Requisition

- Select the **row** of the **purchase requisition** you wish to **delete**.
- Click on Delete.

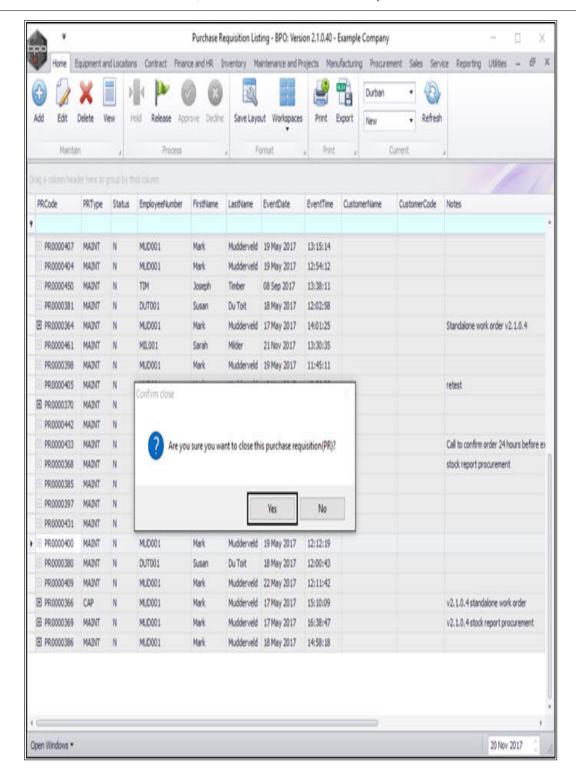

#### **CONFIRM DELETION**

- A *Confirm Close* message box will pop up asking;
  - Are you sure you want to close this purchase requisition ()?
- Click on Yes.

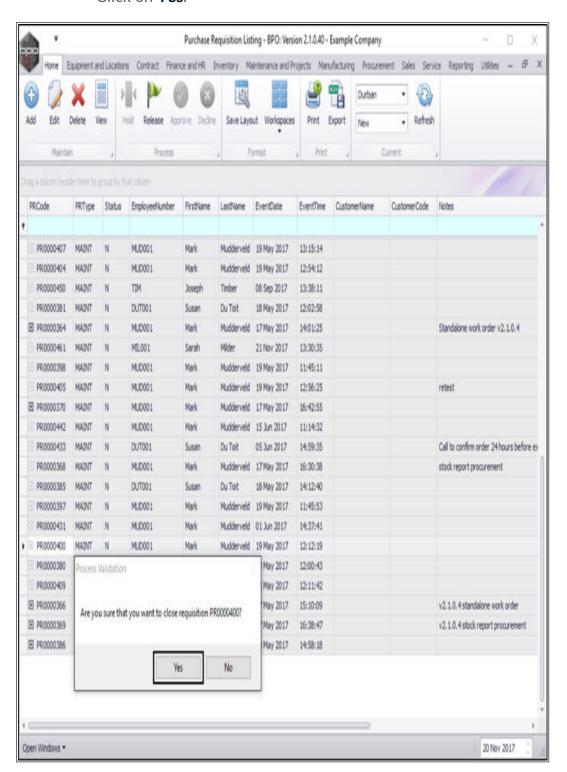

- A Process Validation message box will pop up asking;
  - Are you sure that you want to close requisition []?

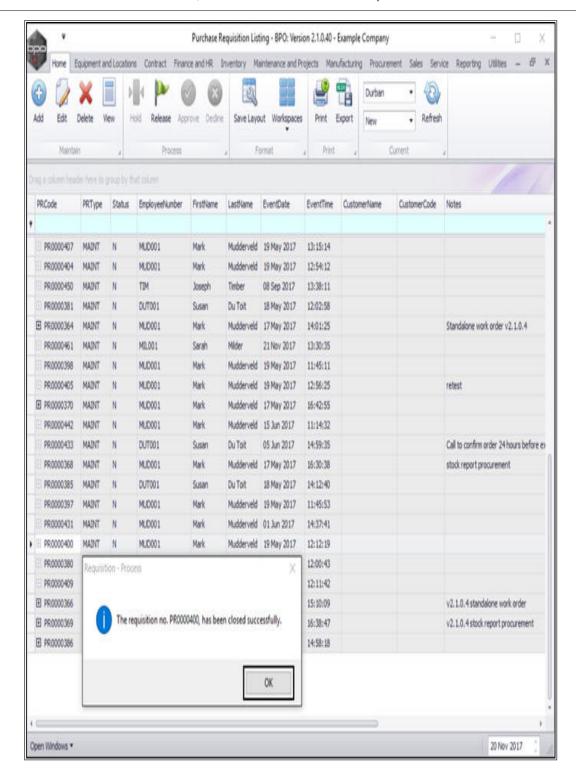

· Click on Yes.

- A *Requisition Process* message box will pop up informing you that;
  - ° The requisition no. [] has been closed successfully.
- Click on **OK**.

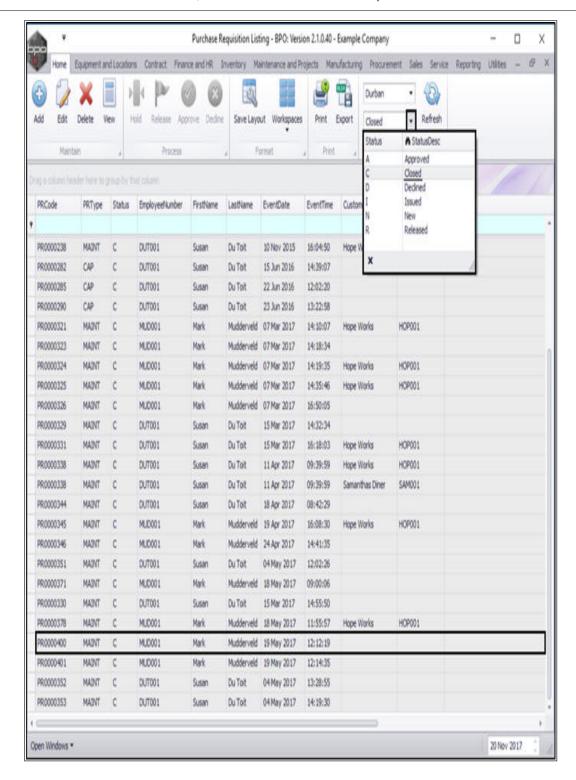

# **VIEW DELETED (CLOSED) REQUISITION**

• The deleted requisition can now be viewed in the *Purchase*\*Requisition Listing screen where the status is set to Closed.
