

# **SALES**

## **CUSTOMERS - STATEMENT RUN**

The *Statement Run* tile from the Customer Listing screen enables you to process the statement run for a selected customer. This works in conjunction with the BPO Open Items Manager application and provides the option to process Customer Statements and / or Invoices.

Click on the link to be redirected to <u>Introduction to Statement Run</u> if you require more details on this topic.

#### Ribbon Access: Sales > Customers

- 1. The *Customer Listing* screen will display.
- 2. Select the *Site* and *Status* where the customer can be located.
- Select the *row* of the *customer* whose statement run you wish to process.
- 4. Click on the *Statement Run* tile.

5. The *Statement Run for Customer : [customer code]* screen will be displayed.

The *Save* button is currently greyed out, which means that the screen cannot be edited. As soon as a selection is made in the Statement Data Grid then you will be able to Save the screen.

### **HEADER PANEL**

 Ensure that the correct *Site* has been selected, by clicking on the down arrow to display the site menu options.

The Site does not automatically update from the Customer Listing screen.

• The example has **Durban** selected.

- 7. The *Salesman*, *Account Manager*, *From Customer* and *To Customer* fields will be inactive (greyed out) when you access the Statement Run from the Customer Listing screen.
- 8. The *Statement Date* will auto populate with the current date.
  - Click on the *arrow* to use the calendar function to select an alternative date, if required.
- 9. Click on the *Print zero balances* check box if you wish to include statement items with a zero balance to print on Statements or Invoices.

### **STATEMENT DATA GRID**

- 10. On the Statement Item line;
  - Click on the check box to print *Statements* only.
  - Click on the check box, to *Include Invoices*.
- 11. When you have made your selections, click on *Save*.
