

# SERVICE

## **MY WORK - LOG A PART REQUEST**

The **My Work** screen deals with work that is assigned to a specific employee, i.e. when an employee is logged in, that employee can only see work orders assigned to themselves.

This screen has similar functionality to the call screen in that the employee can **request parts**, services and loan units; book time, travel and expenses; view customer and machine details (including warranty information).

The employee can request from a <u>bill of material</u> or from the **full part list**.

**Remember:** The part request will either be <u>Auto Approved</u>, or it will need to be <u>authorised manually</u>

Ribbon Access: Service > My Work

Open Wr	adaine w												16 May	2019	1	i.

- Work Order: This field will be auto populated with the initially selected work order number.
- **Part:** Click on the search button and select the part required.
  - If you clicked on the *BOM* radio button you will only be able to select from a list of parts that belong to this machine as per BOMs already set up on the system.
  - If you clicked on the *Parts* radio button you will be able to select from a list of all parts numbers on the system.
- **Description:** This will auto populate once you have selected the part in the previous step.
- **Quantity:** Click in this text box and type in the quantity required.
- Warehouse: Click on the search button and select the warehouse that you wish to request the part from.
- **Required Date:** Click on the drop-down arrow and either type in or use the calendar function to select the date required.
- Assigned To: Click on the drop-down arrow and select from the list the person responsible for the part request.
- **Requested By:** Click on the drop-down arrow and select from the list the person who requested this part.
- **Comments:** Type in any comments pertaining to this part request if required.
- Is Billable: Click on this check box if the part is billable.

- Note 1: This will be set to **billable** by default, unless the part is linked to the contract as an inclusion.
- Note 2: Only stock items can be marked as billable, asset and loan requests will <u>not</u> be billable
- Under Warranty: Click in this check box in order to note whether the item replaced is under warranty. This does <u>not</u> process the item as a warranty claim part. View <u>Warranty Claims</u> introduction for more details.
