

# **SERVICE**

## **MY WORK - LOAN UNITS**

You can request a loan machine to be issued and sent out to a client whilst their machine is being repaired.

The Loan Unit request will be raised against the Repair Call.

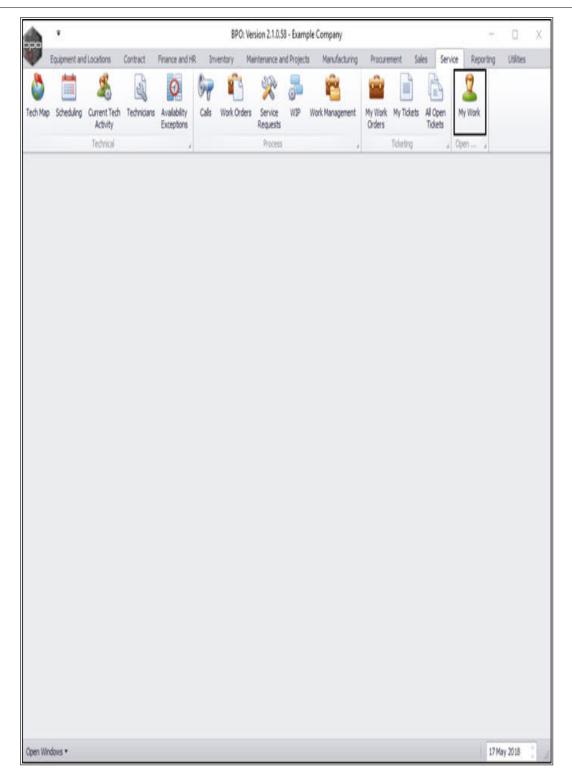

The Loan Unit must be returned before the call can be closed.

Delivery and Collection Notes can be printed to authorise the delivery and collection of the loan unit.

Loan Unit machines <u>must</u> be Internal Assets, <u>convert a stock item to an asset</u>, if you do not have an internal asset ready to be sent out.

*Ribbon Access: Maintenance / Projects > Work Requests* 

• The *My Work* listing screen will be displayed.

#### **REQUEST LOAN UNIT ISSUE**

- Click on the *row selector* in front of the *work order* you wish to request a *loan unit* against.
- Click on *Edit*.
- *Note*: The work order has to be linked to a call.

pen Window	15 *											24 May	2018	

- The *Select a part for this work order* screen will pop up.
- Click on the *row selector* in front of the *part* you wish to link to this *loan request*.
  - Note: The loan item selected should preferably be the <u>same model</u> as the item being repaired, to ensure minimum usage disruption during the loan period. In this example an SP2020 Sprint copier machine is being repaired so the selected loan machine is also an SP2020 Sprint machine.
- Click on Ok.
