

CONTRACT

BILLING PREVIEW

Before doing the month end Billing Run, you have the option to do a **Billing Preview**. This enables you to check that all contracts have been billed correctly to assist in eliminating errors in the actual Billing Run.

Ribbon Access: Contract > Billing Preview

- 1. The *Billing Preview* screen will be displayed.
- 2. Select the *Site* that you wish to work in.
- 3. In this example, *Durban* is selected.

BILLING DAY

Billing Day: When <u>setting up contracts</u>, the *Billing Day* field can be used if you wish to bill different contracts on different days.

In the *Billing Preview* screen, this is an optional selection - and will give you the ability to select contracts by the <u>Billing Day</u> set up in the contract.

- 1. Click on the drop-down arrow in the *Billing Day* field to display the *Day* selection list.
- In this example, Billing days have been set up on the 15th and 25th. By selecting a number from this list, only Contracts with the <u>same</u> Billing Day as the selection will be displayed in the contract list.
- 3. Leave the field as **0** if you wish to display <u>all</u> the contracts.

FEE TYPES TO BE INVOICED

- 1. Fee Types are divided into **2** groups, namely:
 - Contract Fees
 - Usage Charges

Upon opening, the Billing Preview screen will have both Fee type sub-grids (<u>FEE: Contract Fees</u> and <u>MTR: Usage</u>

<u>Charges</u>) expanded.

2. <u>All</u> the *Fee Types* are selected by default.

SHORT FEE TYPE LIST

 If your Fee Type list is <u>short</u>, then you can deselect the Fee Types you wish to exclude, by clicking on the check box in the *Marked* column next to the Fee Type Code. In this example, *Mono* is deselected.

CONTRACTS FRAME

This frame lists Contracts that are available for billing. Upon opening the Billing Preview screen, <u>all</u> Contracts are initially selected by default. If you have selected a *Billing Day* or deselected any *Contract Types* and/or any *Fee Types* in the previous steps, then your selection results will be displayed in this frame:

- In any row of this frame, click on the *expand* [+] button to view the related Contract *Fees* sub-grid.
- 2. In this expanded view, note that the *Mono Meter Fee Type* has been deselected under each contract where there is a Mono Meter.
- 3. You will <u>not</u> be able to select/deselect any Fee Types from this Contract Frame. All selections must be made and saved in the Fee Types frame.
- 4. *Collapse* a row to hide the Fees sub-grid again.

SELECT CONTRACTS FOR PREVIEW

SHORT LIST OF CONTRACTS

- For a <u>short</u> list of Contracts, you may choose to exclude <u>individual</u> contracts from the Billing Preview, by deselecting the check box next to the *Contract Number*.
- 2. In this example, Contracts **78** and **84** have been deselected.

LONG LIST OF CONTRACTS

 For a <u>long</u> list of Contracts or to exclude a <u>specific</u> Customer from the Billing Preview, you will need to make use of the <u>filter search row</u>.

The example below is using the <u>filter search row</u> to list all the contracts linked to the customer "Hope Works (Pty) Ltd".

- 2. Click in the *Customer* column of the filter search row and start typing the name of the customer. As you type, the system will filter for the typed letters and the data grid will display the result of the filter- in this case, all the contracts linked to the Customer "Hope Works (Pty) Ltd".
- 3. You can now click on the <u>specific</u> contract(s) that you wish to deselect.

SAVE BATCH SETTINGS/FILTERS

 Once you have finished filtering and selecting the billing batch settings that you require, click on *Save* in the Billing Preview ribbon.

METERS STILL TO BE RELEASED

- If there are any meter readings that need to be released on the contracts then the Save button will become grey and a *Meters still to be Released* message will pop up with the following prompt:
- There are still [] meter readings to be released to billing. Do you want to proceed? (For more information refer to <u>Meter Usage - Release to</u> <u>Billing</u>.)
- Select Yes to proceed without releasing meter readings to billing, or No to return to the Billing Preview. For the purpose of this manual, Yes is selected.

1. The invoices data will be *exported* to Microsoft Excel.

You can then view the data, search for specific data, prepare the spreadsheet for printing, etc.

2. When you have finished working in the spreadsheet, save your changes, if required, and close Excel to return to the *Preview Invoices* screen.
