

BPO INSIGHT

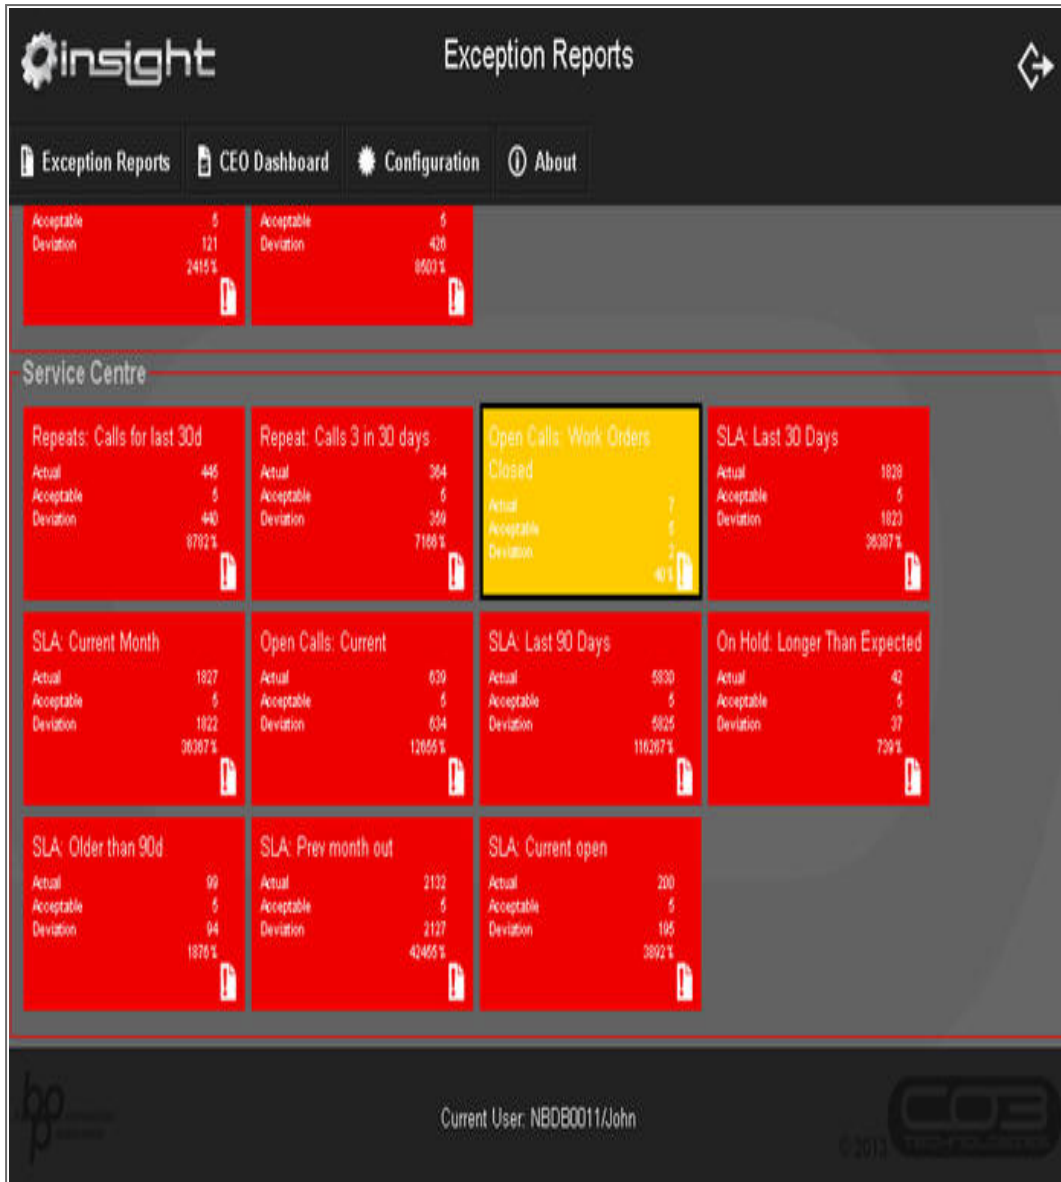

EXCEPTION REPORT DETAIL

The exception report dashboard will display as configured for the employee.

Drill down into the reports to see the details for the exception report.

Ribbon Access: *BPO Insight > Configuration*

- Click on the Report you want to view

- The report will open for you to view. You can filter the report to find specific information. In this example I have a couple of Open Calls where the Work Orders are closed - so I can just go into BPO and close these calls.

- Some details will be filled in for you, but you can add to the Subject / Body of the email.

The screenshot shows an email composition window with a dark grey header bar containing a close button (X). Below the header, there are three buttons: 'Send', 'Reset', and 'Cancel'. The email fields are as follows:

- To:** An empty dropdown menu.
- From:** John Smith [john@email.co.za]
- Attachment:** Current report will be attached as a document in selected format
- Subject:** Open Calls: Work Orders Closed

The email body contains the following text:

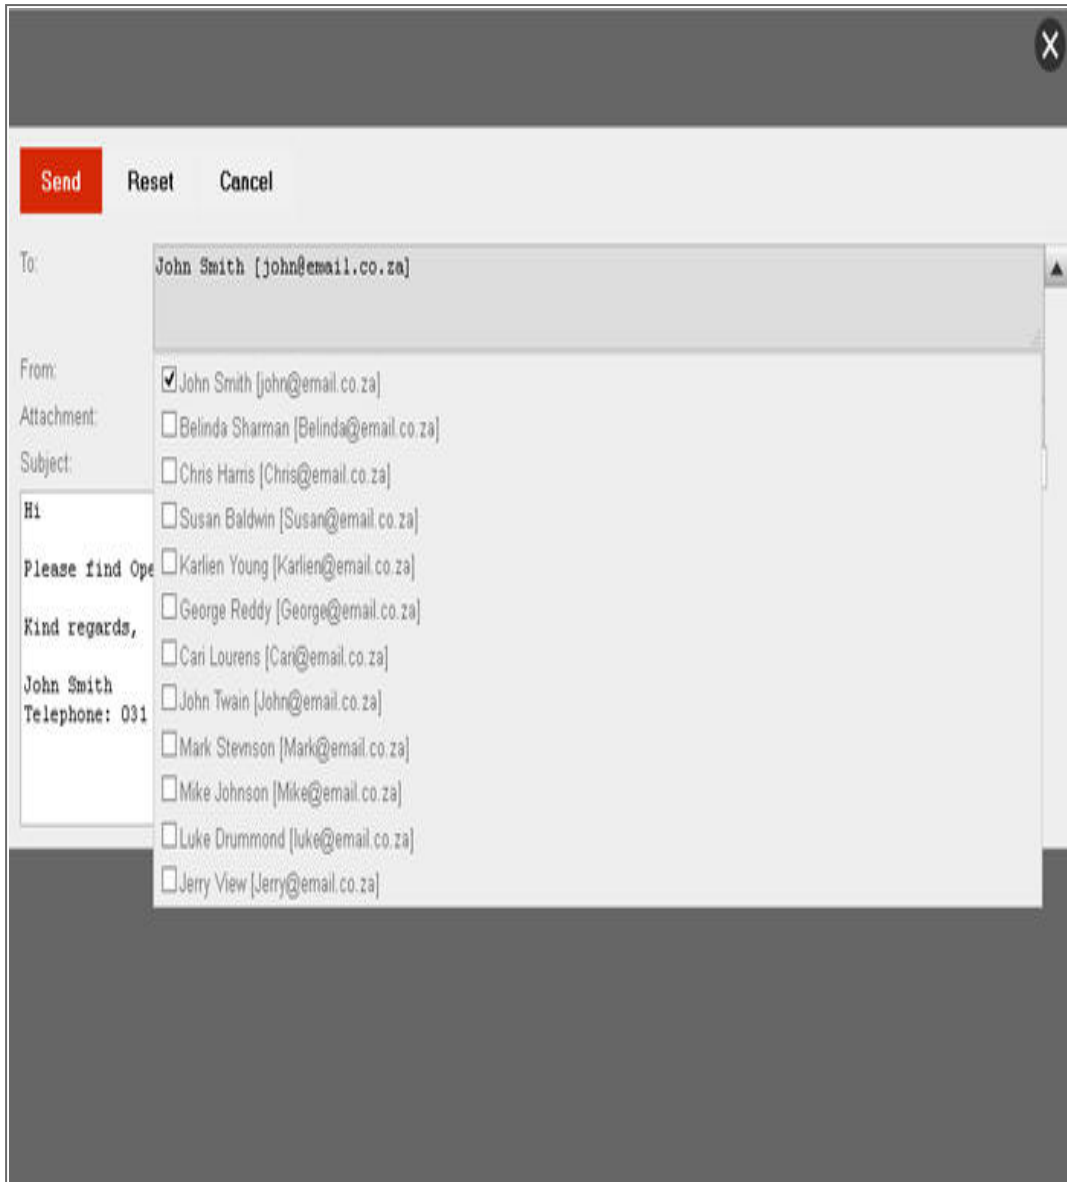

Hi

Please find Open Calls: Work Orders Closed report attached as at 2015-07-08 12:28:38 PM.

Kind regards,

John Smith
Telephone: 031 123 4564

- Click in the 'To:' field to bring up the list of employees from BPO
- Select the employees you want to send the report to.
- Click on 'Send'.

EXPORT REPORT

- Select the 'Export' format for the report.
- Click on the 'GO' button.

- Select to 'Save' file or 'Open' with another application, and then click on 'Ok'.
- If you are saving, you will have the option to select where to save the file.
- **Note:** you will need access to this folder on the server: C:\Program Files (x86)\CO3 Technologies\BPOConnect\BPOInsight\Tmp

- **Also:** make sure that your web browser doesn't block the pop-up below, else you won't be able to save.
