

CONTRACT

SHORT TERM PRODUCT CONFIGURATION

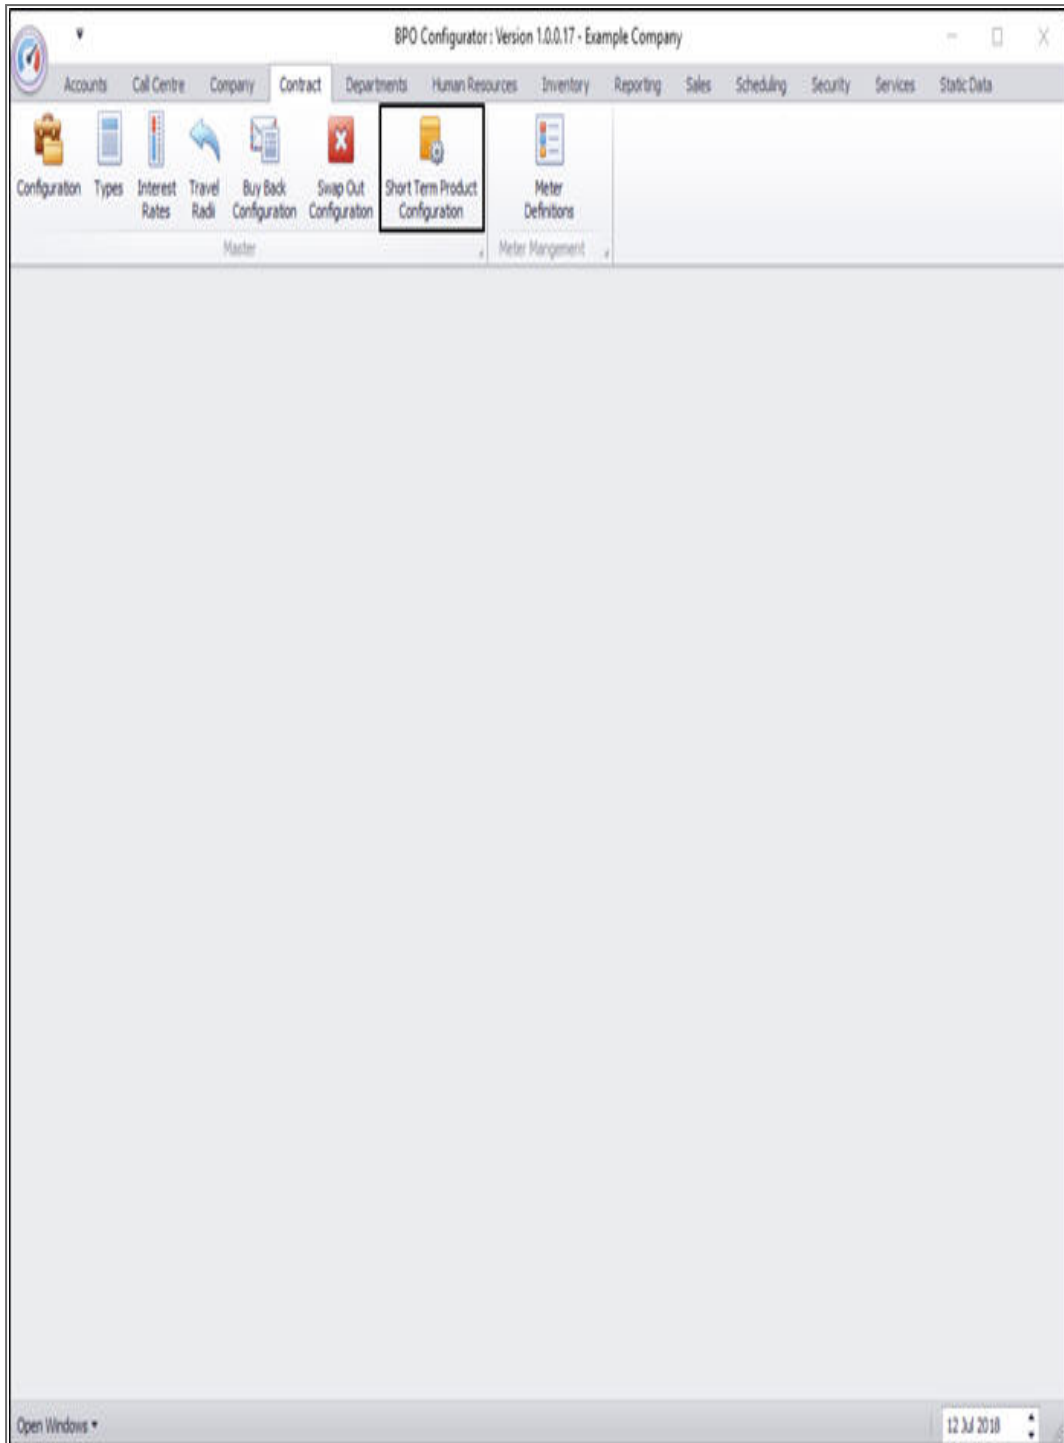

In order to create **short term contracts**, you need to configure **products**, with **standard charges** for the following time periods: **Hour, Day, Week**.

You need to have a Short Term **Contract Type** configured.

Version Compatibility¹

Ribbon Access: *Configurator > Contract > Short Term
Product Configuration*

¹ Prior BPO2 v2.5.0.8. For BPO v2.5.0.8 or higher - refer to "[Add Short Term Product](#)" on page 3

- The **Short Term Products** listing screen will be displayed.
 - Here you can view a list of all the **short term products** currently on the system.

ADD SHORT TERM PRODUCT

- Click on the **Add** button in this screen.
