

# BPO2

## PART REQUESTS

### THE ISSUE QUANTITY CANNOT BE MORE THAN THE STOCK QUANTITY AVAILABLE?

This error will pop up when attempting to select an alternative batch from which to issue a **C-class** item.

#### Error

The issue quantity cannot be more than the stock quantity available.

Do you want to correct the value?

The screenshot shows the 'Add new Part Issue' window in BPO: Version 2.5.0.4. The interface includes a menu bar (Home, Equipment / Locations, Contract, Finance / HR, Inventory, Maintenance / Projects, Manufacturing, Procurement, Sales, Service, Reporting, Utilities) and a toolbar with buttons for Save, Back, Save Layout, and Workspaces. The main area contains form fields for Reference Type (Work Order), Item (WO0005014), Receiver (Abigail Mine), and Issue Date (12/10/2021). Below the form is a table with columns: PartCode, PartDesc, PartType, WarehouseName, BinLocation..., Quantity, IssueQty, and Direction. An error dialog box is overlaid on the table, displaying the message: 'The issue quantity cannot be more than the stock quantity available. Do you want to correct the value?' with 'Yes' and 'No' buttons. The table data includes various entries for 'Black toner SP2020' with different warehouses and quantities.

Total: 0.00

This is primarily due to...

Selecting a higher quantity than the amount available in an issuing warehouse.

### Fix

- i. Click **Yes** on the error message to clear it.
- ii. **Undo** the Quantity selection you made in the row of the alternative batch.
- iii. Ensure that you select a Quantity no higher than the amount of items in a batch.
