CRM BASICS

CLONE A QUOTE

- Added feature to create a copy of a quote for the same or a different customer. All quote details are copied and all line items from the original quote are included and can be edited or removed and new items can also be added.
 - If the currency of the clone is the same the user is asked whether they want to keep the same prices or update the quote with latest prices.
 - If the currency is different the prices will be automatically updated.
 - Quote copies can be linked to an existing Case.
- A full list of Quotes can be accessed from the **Home Page** , or client specific Quotes from the **Customer Page**.

Ribbon Access: Webpage > `http://[servername]:[port-no]/BPOCRM/User.aspx`

ACCESS QUOTES FROM CUSTOMER DASHBOARD

1. Click on the **Customers** tile from the **Dashboard**.

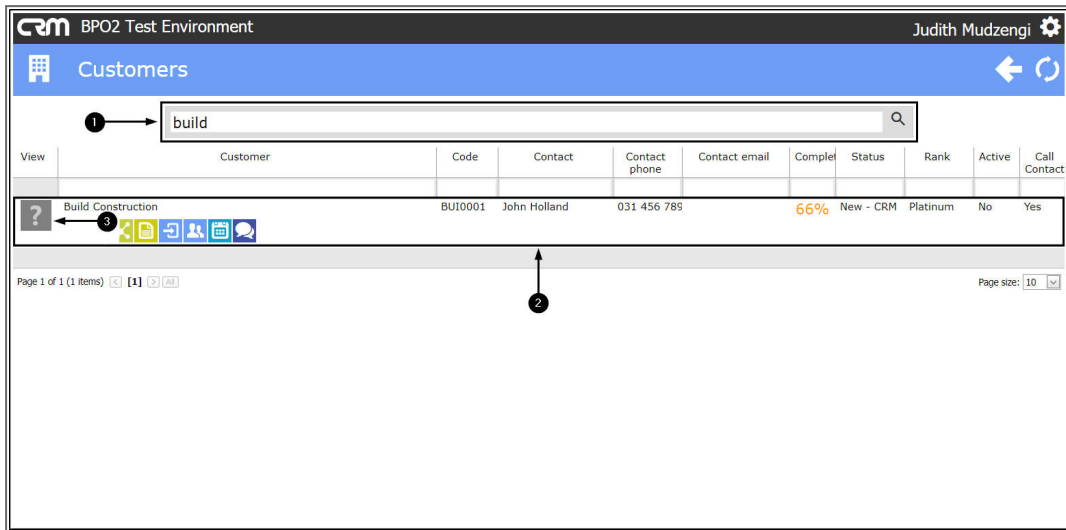

- The **Customers** screen will be displayed.
- A list of customers will be displayed.

1. Type in the customer name you wish to access quotes for in the **Search** bar.

2. The customer will be displayed.
3. Click on the **View** icon.

- The **Customer Dashboard** screen will be displayed.
- Click on the **Quotes** tile.

- The **Quotes for []** screen will be displayed.
- The selected customer's quotes will be displayed.

DO NOT KEEP PRICES FIXED OPTION

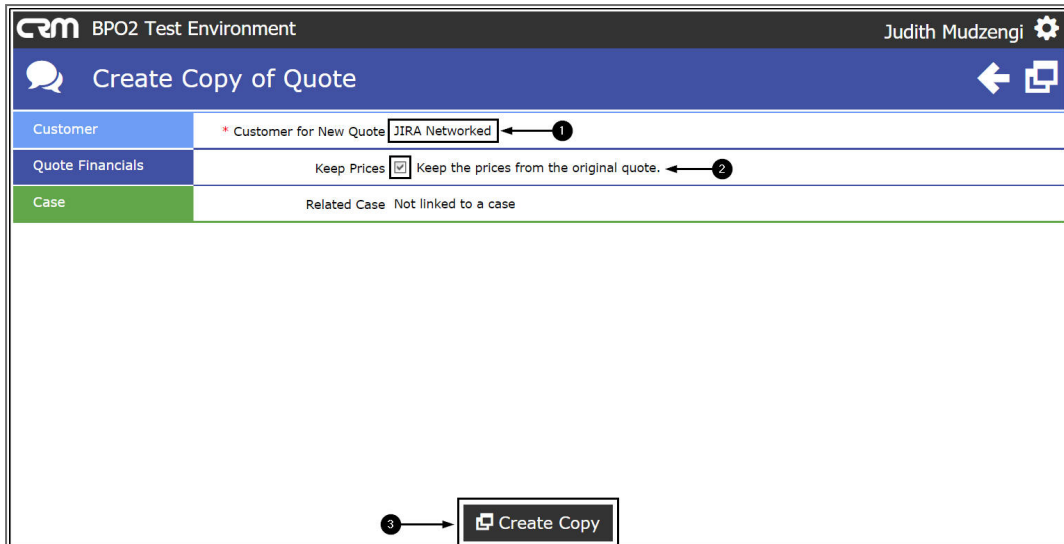

1. A different customer has been selected and
2. the **Keep Prices** check box has not been ticked.
 - This means the prices from the original quote will not be maintained unless the selected customer has the same commercial and or same item prices as the original customer.
3. Click on **Create Copy**.

- The **Save Quote** screen will be displayed.
 1. The customer on the new quote is different from the original customer (whose quote was cloned) and has
 2. a different commercial (**AbigailM**) from the original customer (whose quote was cloned)
 3. therefore the line items prices have changed to those of **AbigailM** commercial since the option to keep prices of the original quote was not selected.
 - The prices are now **148.35** and **648.82** respectively.

KEEP PRICES FIXED OPTION

1. A different customer has been selected and
2. the **Keep Prices** check box has been ticked.
 - This means the prices of the original quote will be maintained even if the selected customer has a different commercial (prices) from the original customer.
3. Click on **Create Copy**.

- Click on **Copy** to clone the edited quote.

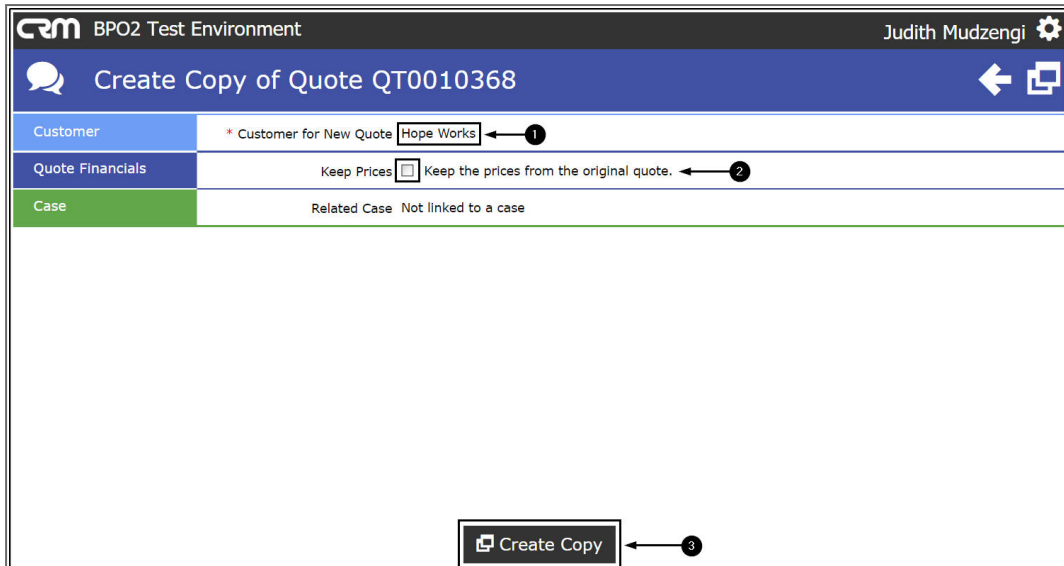

- The **Create Copy of Quote []** screen is displayed.

DO NOT KEEP PRICES FIXED OPTION

1. The same customer has been selected and
2. the **Keep Prices** check box has not been ticked.
 - This means the prices from the original quote will not be maintained unless the selected customer has the same commercial and or same item prices as the original customer.
3. Click on **Create Copy**.

1. The customer on the new quote is the same as the customer on the original quote and has
2. the same commercial (**Default**) as the original quote.
3. but the line items prices (**197.80** and **865.09**) reflected in the new quote are different from the original quote although the commercial and the customer are the same.
 - This is because
 - the line item prices from the original quote were edited and
 - the option to **Keep Prices** of the original quote was not selected.
