INTERFACE AND ENVIRONMENT

USING NUCLEUS SERVICE – WORKING ENVIRONMENT

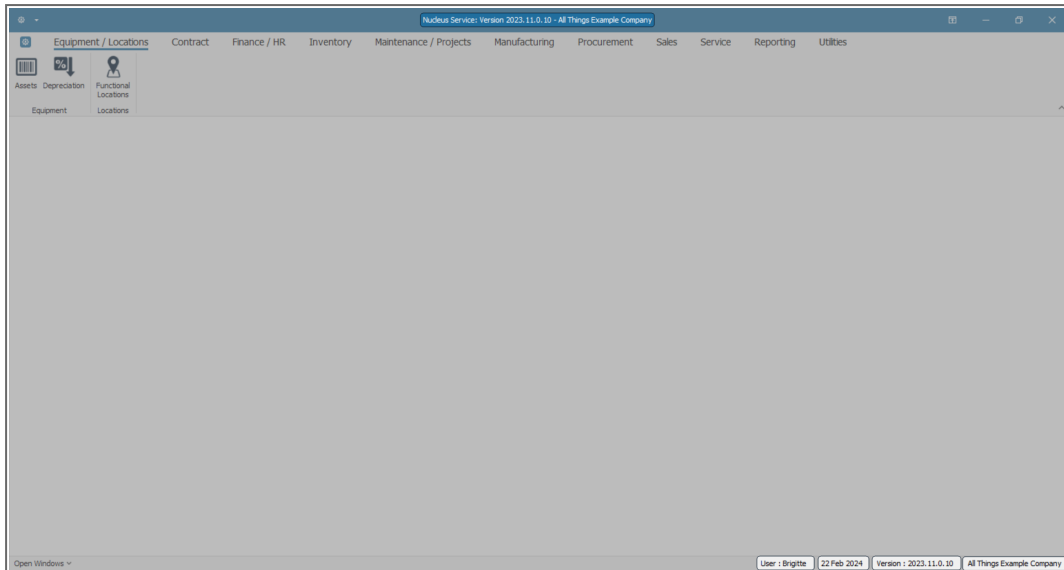

Understanding the Nucleus Service working environment and [Controls and Functions](#) is important as it minimises confusion when using the system.

All **Nucleus Service** beginners should familiarise themselves with the following topics in order to get the most out of the system functionality.

ENVIRONMENT

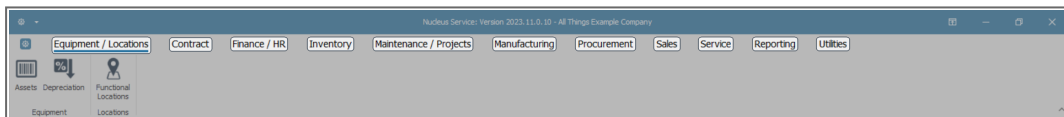

ACTIVE TITLE BAR

- This bar lists the Software Version and Company Name, or test environment name e.g. **All Things Example Company**
- The User name, Date, Software Version and Company Name, or Test environment name, will be in the bottom right of each screen.

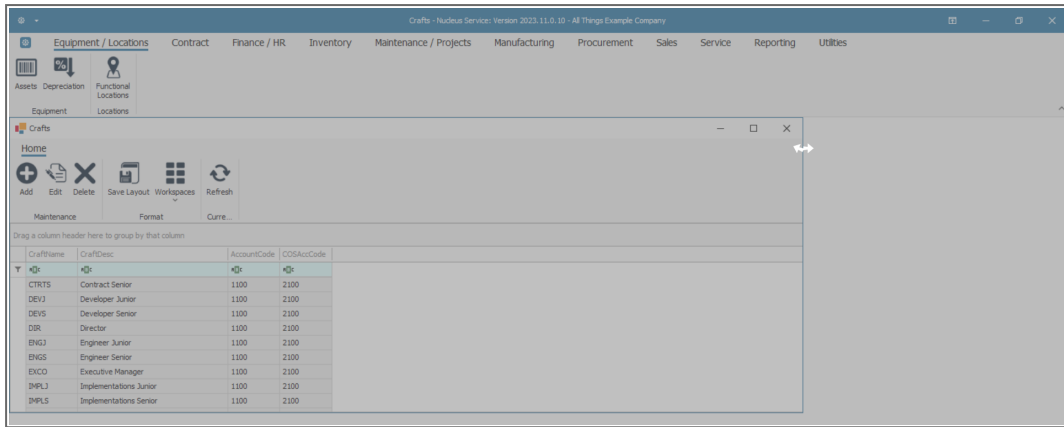

RIBBON TABS

- These tabs enable you to navigate through the different modules within **Nucleus Service**.

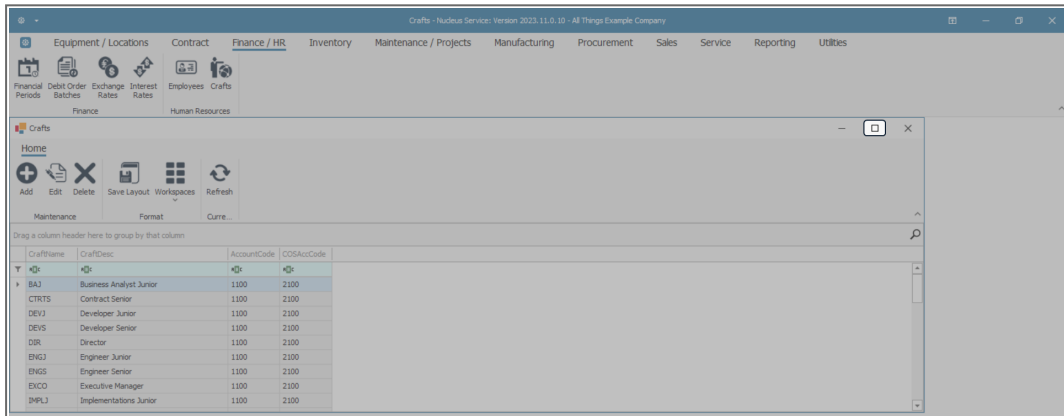

ADJUST SCREEN SIZE

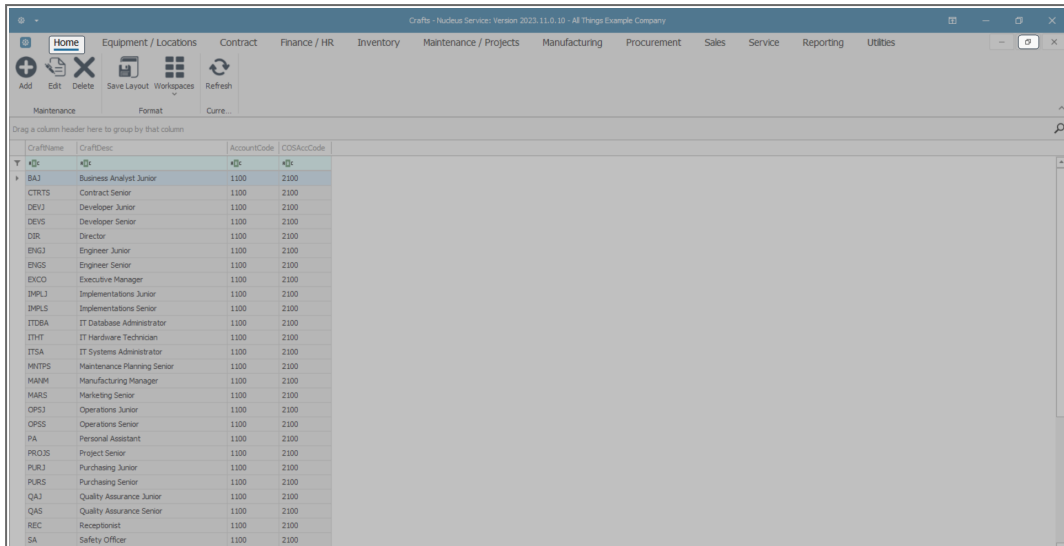

- An **active** screen can be **adjusted in size** by clicking on the edge of the screen to reveal the double ended expansion **arrow heads**, then dragging this arrow to **increase** or **decrease** the screen to the size of your choice.

- You can click on the **maximise** icon in the top right hand of the screen you are working in to **enlarge** the screen.

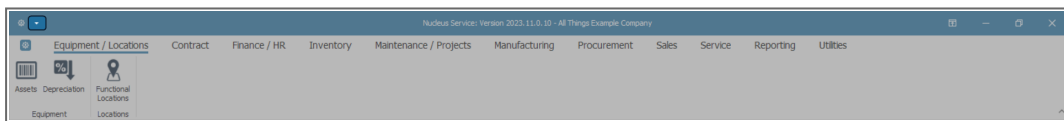

- When you **maximise** the screen, it removes the secondary ribbon toolbar and pushes it into the **Home Tab** at the top.

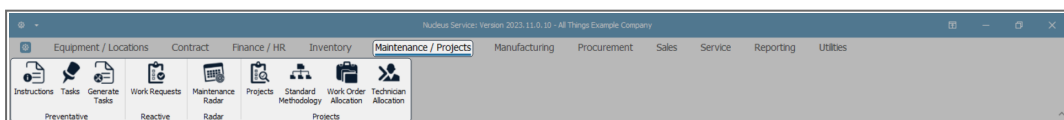

QUICK ACCESS TOOL BAR

- This can be configured with short-cuts to the screens that you wish to view most often.
 - For further information refer to the [Quick Access Tool-bar](#) topic page.

RIBBON TOOLBAR

- This displays the content of the selected ribbon tab in more detail.
 - In this example, the ribbon toolbar of the **Maintenance and Projects** ribbon tab is displayed.

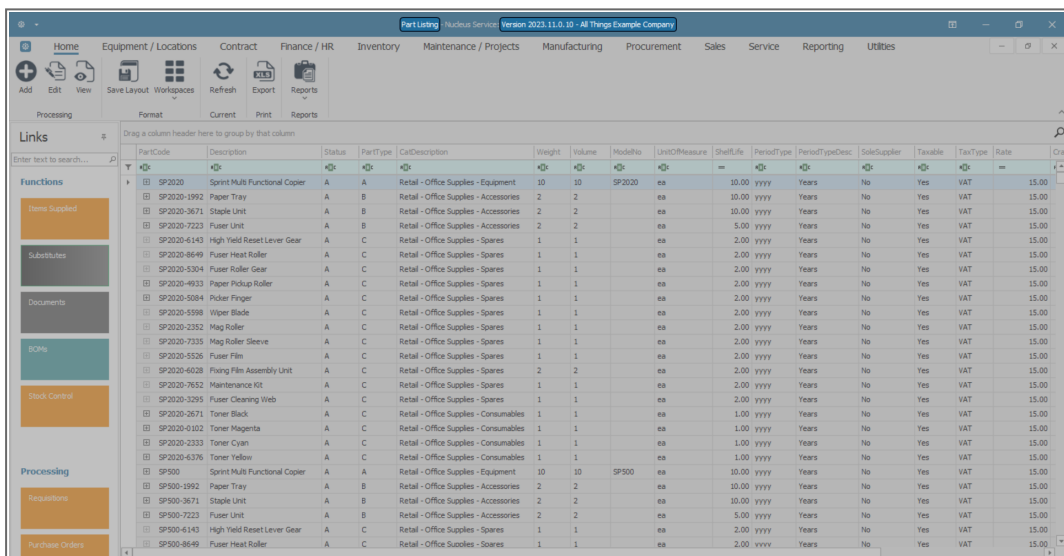

LISTING SCREEN

- Click on any ribbon toolbar icons to open a **Listing Screen**.
 - In this example, **Inventory** has been selected.
 - The **Parts** toolbar icon will be selected within the **Inventory** ribbon tab.

- The **Part Listing** screen is displayed.
- The **Active Title Bar** will now display the title of the selected ribbon toolbar icon as well as the software version and company name.

LISTING SCREEN OVERVIEW

DATA GRIDS, ROWS AND COLUMNS

Listing Screens contain one or more **data grid(s)** of **rows** and **columns**.

These contain data relating to the selected ribbon toolbar icon.

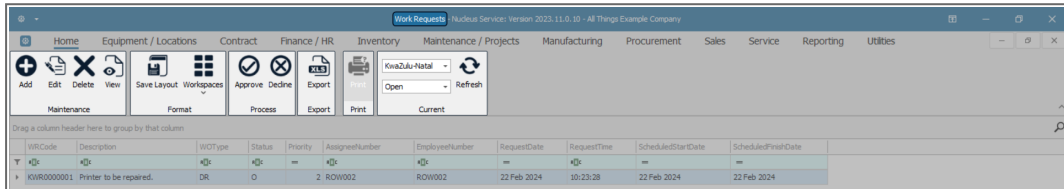

- In this example, the data grid contains rows and columns with information relating to the **Assets** ribbon toolbar icon.
 - **Rows** are selected by either clicking anywhere on the row or in the case of **dragging and dropping** a row, by specifically clicking in the **row selector column**.
 - **Columns** are selected by clicking on the column header above the column of choice.

ACTION BUTTONS TOOLBAR

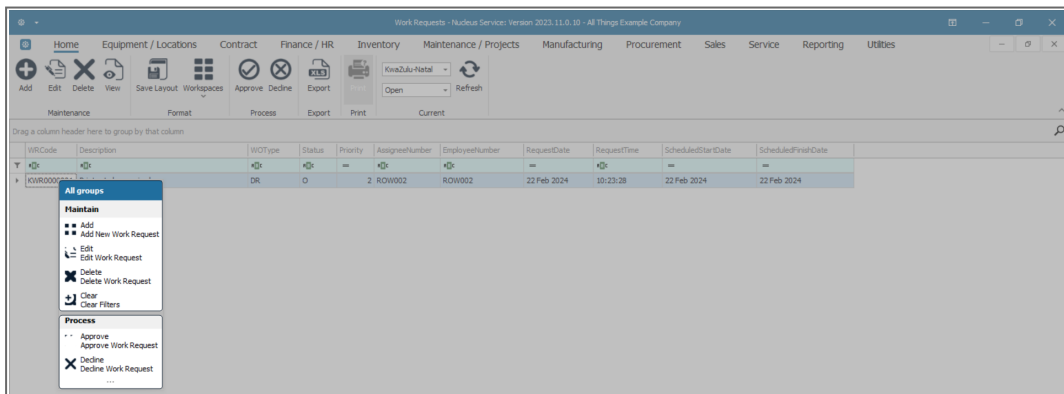

- When you open a **Listing screen**, the ribbon toolbar is replaced by the **Action Buttons** toolbar.
- This toolbar includes icons that are used to perform functions within the listing screen, for example :
 - **Maintenance** functions
 - **Format** functions
 - **Processing** functions
 - **Export** functions

- **Print** functions
- **Current** Functions
- The **Action Buttons toolbar** may vary according to the ribbon tab and subsequent ribbon toolbar icon selected.
 - This example displays the icons available in the **Work Requests** action button toolbar.

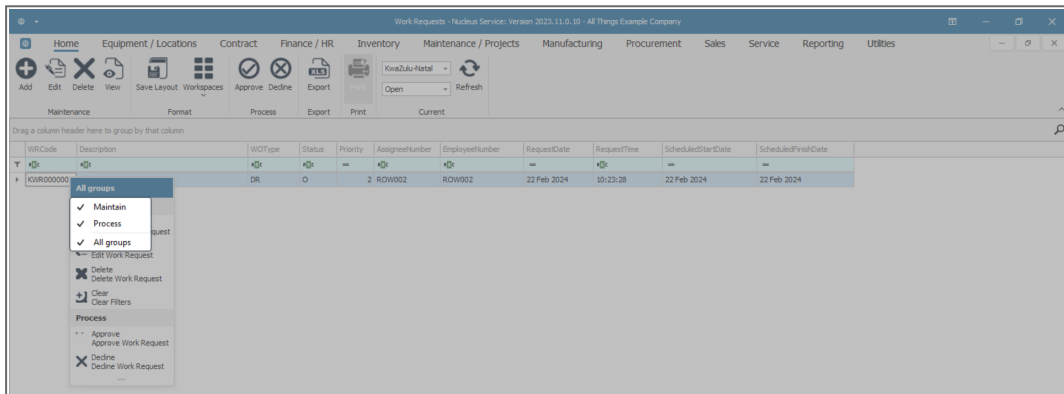

TOOLBAR MENU

- You can also right click in the data grid to display the **Action Buttons toolbar** drop-down menu.
- This menu does not contain all the action buttons displayed in the **Action Buttons toolbar** and will vary according to whichever ribbon tab you are working in.
 - In this example, the drop-down menu contains only the **Maintain** and **Process** action buttons.

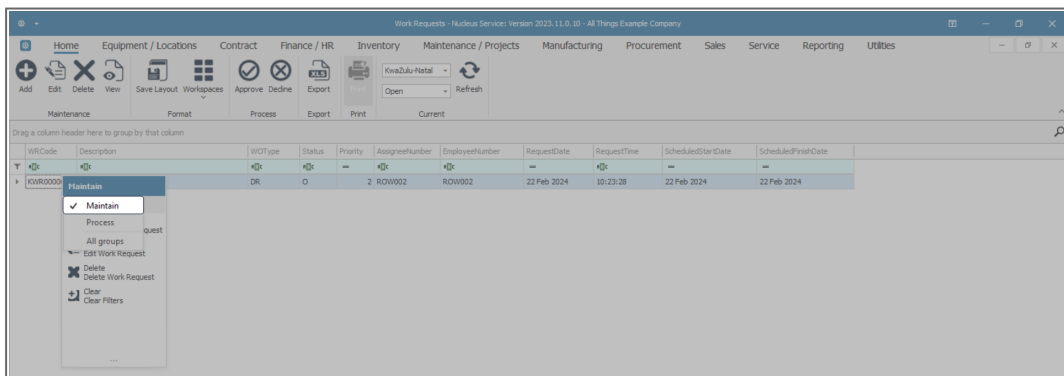

Customise Menu

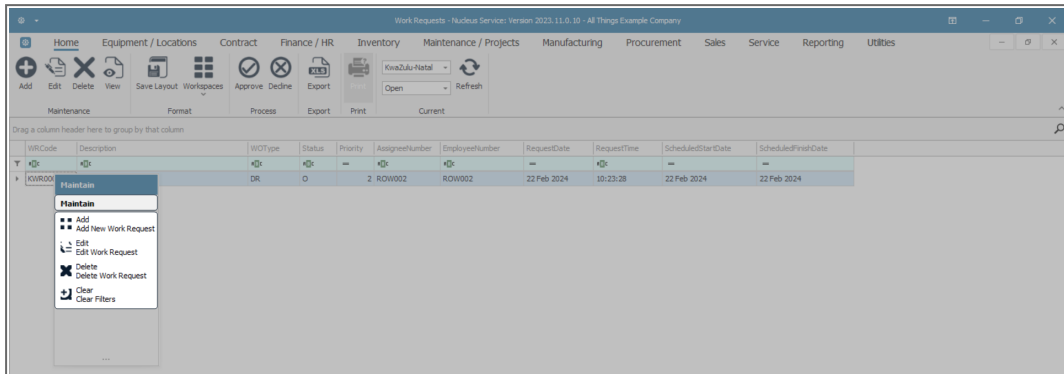

- You can click on the **title bar** of this drop-down menu to display a list of the action button toolbar groups available to be displayed in this list.
 - In this example, you can select to view the **Maintain** action button, the **Process** action buttons or **All Groups** (all the available action buttons) in this menu.

- In this example, **Maintain** has been selected from the list (Process has been unticked).
- When you have made your selections, click away from the menu to **save** the changes.

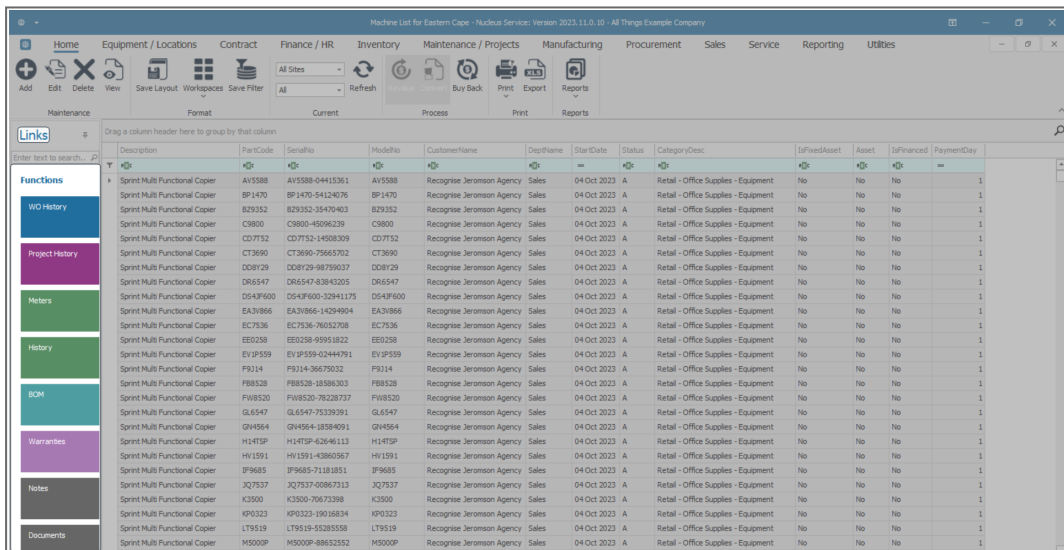

- The drop-down menu will now display the selection, in this case, only the **Maintain** action buttons.

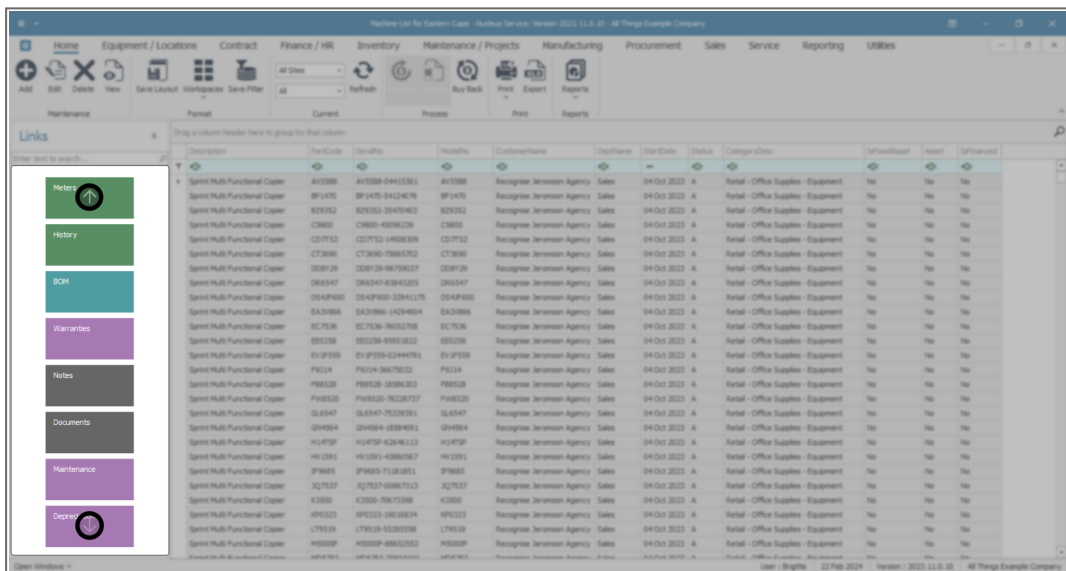

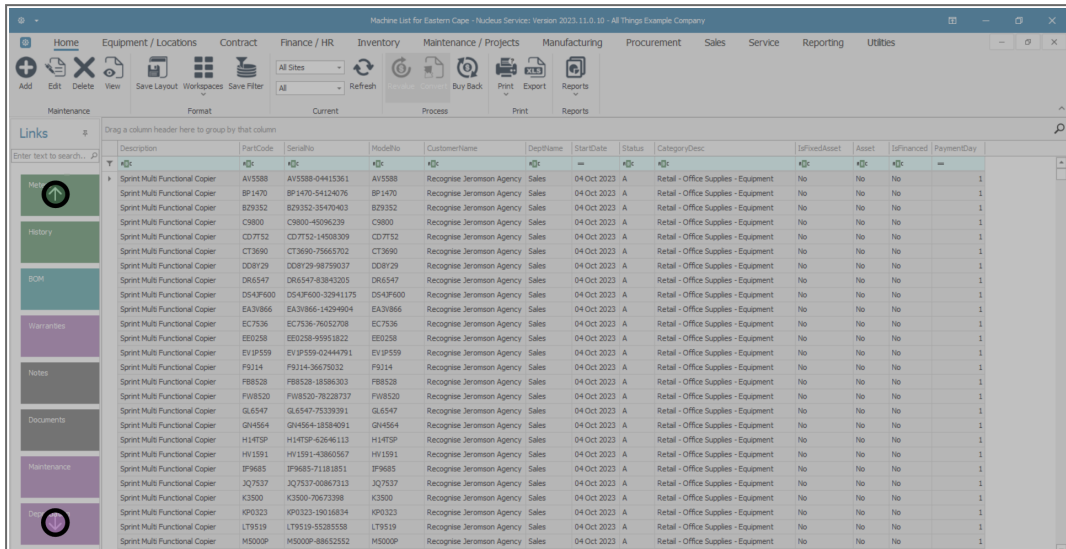

FUNCTIONS TILES

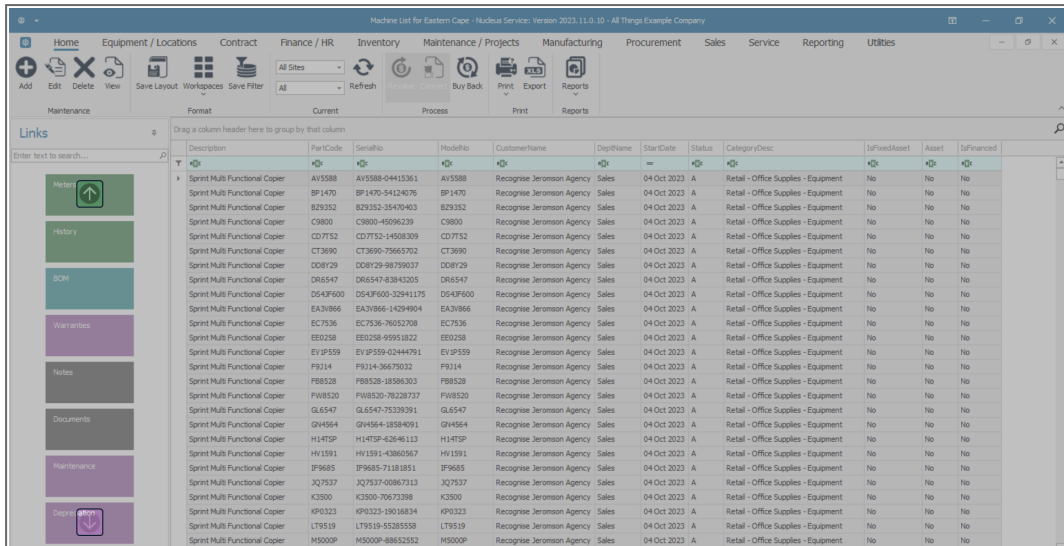

- Most Listing screens contain a **Links** panel that contains **Functions** and **Processing** tiles.
- Each tile will allow you to view **data** concerning a particular **row** that you have selected.

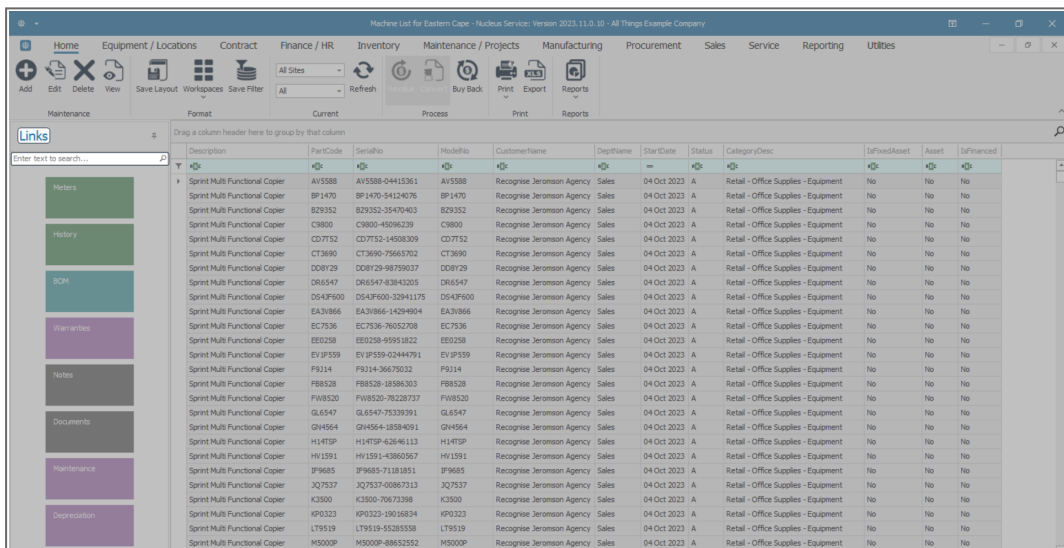

- Click anywhere in the panel and
 - Either, use the **scroll button** on your mouse

- Or, use the **arrows** that appear as you hover over the panel to scroll up and down to find your tile of choice.

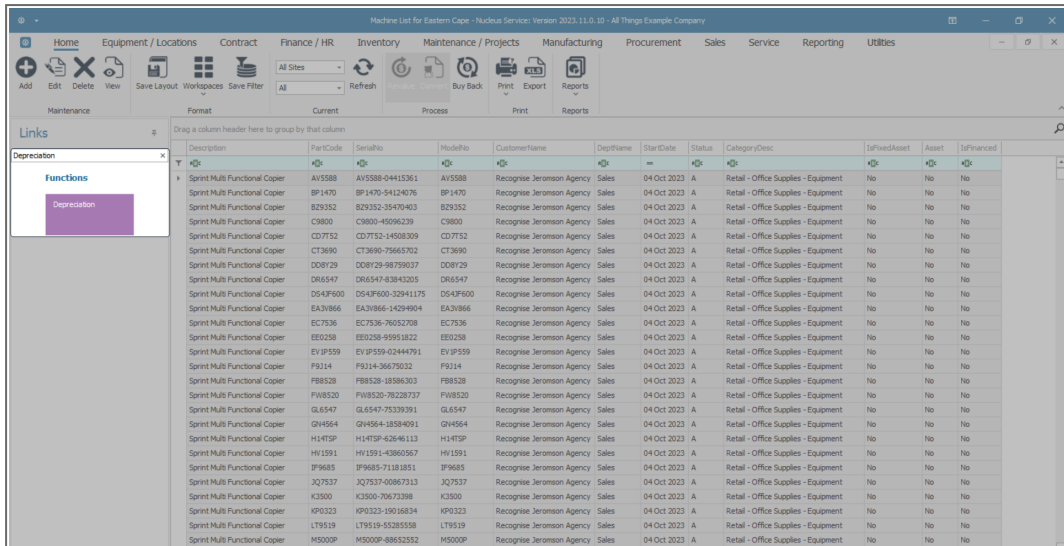

- You can also find your tile of choice by using the **Search** text box at the top of the **Links** panel.

- In this search text box, type in the **name** of the Function tile that you are looking for.
- As you start typing the system will start searching.
- The **Links** panel will display your choice of tile.
 - In this image, we searched for the **Depreciation** tile.

DOCKING PANELS

- Panels can be **docked** (pinned) on the screen or **undocked** (un-pinned or hidden) according to your preference.
 - If a panel is **docked** on the screen the pin icon will be upright.
 - If a panel is **undocked** on the screen the pin icon will be **on its side**.
- In this image, the panel is already docked (the pin is upright), click on the **docking icon** to hide the panel.

THE SITE FILTER

- The **Site Filter** lets you select the **site** or **company branch** within which you wish to work.
- This is only available in relevant listing screens.

- Click on the **drop-down arrow** and select from the list, the site you wish to work in.

THE STATUS FILTER

- The **Status** or **Type Filter** allows you to filter the information in the screen according to status / type.
- This is only available in some screens and its content depends on the screen that you are currently in.
- In this image we are searching for a particular status in the **Assets List** or **Machine List for []** screen.
- Click on the **drop-down arrow** in the **status** field.

The screenshot shows a software interface with a top navigation bar containing various menu items like Home, Equipment/Locations, Contract, Finance/HR, Inventory, Maintenance/Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. Below the navigation bar is a toolbar with icons for Add, Edit, Delete, View, Save Layout, Workspaces, Save Filter, All Sites, Refresh, Buy Back, Print, Export, and Reports. The main area displays a table with columns: Description, PartCode, SerialNo, ModelNo, CustomerName, DepName, StarDate, Status, CategoryDesc, IsFixedAsset, ParentType, Asset, and IsFinanced. The 'Status' column has a dropdown arrow. A sidebar on the left contains 'Links' and 'Functions' sections.
