SALES

CUSTOMERS - CONTACTS

Customers can be **debtors** (account created in pastel on save) or **cash on delivery** clients (customer linked to an account in pastel on save).

A Primary Contact (as a fail safe, if an 'Accounts' contact does not exist, the system will use the primary contact as the default account contact in Pastel). The primary contact receives all operational or business-related emails, e.g. call status change and contract clos- ure notification emails. The primary con- tact is also required for customer item task generation.

Ribbon Access: Sales > Customers

- 1. The **Customer Listing** screen will be displayed.
- 2. Select the **Site** where the Customer can be located.
 - The example has **Durban** selected.
- 3. Select the **Status** for the Customer.
 - The example has **Active** selected.
- 4. Select the **row** of the **Customer** for whom you wish to add **Contact** information.
- 5. Click on the **Contacts** tile.
