## **SALES**

## **CUSTOMERS - SYNCHRONISE CUSTOMERS**

Customers loaded onto BPO are saved to Pastel when the **Post Accounts** option has been turned on. If your database is integrated with Pastel, a CO3 BPO Analyst will switch the option on before **Go Live**.

This option will synchronise your customers with your financial system. This is usually only required initially (after **Go-Live**).

The only time this will need to be done is when a customer is added to Pastel or to BPO while the **Post Accounts** option is switched off.

Ribbon Access: Sales > Customers

- 1. The **Customer Listing** screen will be displayed.
- 2. Select the Site.
  - In this image **Durban** has been selected.
- 3. Click on Sync.

Short cut key: Right click to display the All groups menu list. Click on Sync.
