SERVICE

WORK ORDERS - SALES QUOTES

If additional work is required, that is not covered within the service contract, then a quote can be raised for the customer. The customer needs to however approve the quotation on the work order first.

- 6. The **Sales Quotes for Work Order** [work order number] screen will be displayed.
- 7. Any quotes that have already been created for the work order, will be listed on this screen.

ADD SALES QUOTE

8. Click on Add.

Short cut key: Right click to display the All groups menu list. Click on Add.

- 9. "The Add new Customer Quote screen will display." on page 2
- 10. You have the option to Quotes Apply Sales Template or Projects -Apply Project Methodology to the sales quote.

CROSS REFERENCE

- 11. This frame will display all the **linked references** linked to this project, e.g. call number, serial number.
- 12. When a quote is created for a work order from the Project Listing screen, then the **Work Order Reference** number will be auto linked to the quote.
- 13. When you have completed the quote information, click on **Save**.

FORWARD NAVIGATION

The *Forward* navigation button is only available in the **Invoiced Quote** status after the Sales Quote has been Converted to Order. This feature enables the user to quickly navigate to related documentation. You can navigate to the Sales Orders listing screen where you can view the Sales Order that has been created for the selected Sales Quote.

- 1. From the Sales Quotes for Work Order screen,
- 2. Click on the **row** of the Invoiced Quote you wish to view.
- 3. Click on *Forward* to navigate to the Sales Orders listing screen.

If the Forward navigation is available (not greyed out) then further downstream process documents related to the selected order is available and you can thus navigate to those downstream documents, e.g. the linked **Sales Invoice**, the new deal **Call or Project**.

The **Sales Orders** listing screen will display the a list of all **New Orders** for the **Site** you have selected.

For a detailed handling of this topic refer to Quotes - Convert to Sales Order

CLONE A QUOTE

The nature of cloning a quote is to **save time** when creating new quotes for customers. Using this method, ensures that most of the details of the quote would remain the same. You may wish to **edit** some of the details, for example, the customer, the discount amount or **add** items such as a warranty to the quote.

- 1. From the Sales Quotes for Work Order [work order number] screen,
- 2. Select the **row** of the quote you wish to clone.
- 3. Click on Clone Quote.

Short cut key: Right click to display the All groups menu list. Click on Clone.

4. The Add new Customer Quote screen will display.

It is important that a <u>new</u> **Reference** is entered as it is used to find and identify the quote once it has been processed.

- 5. You can edit any of the **Customer Heading**, **Financial Heading** or **Cross Reference** details, if required.
- 6. Edit the Line Item details, if required.
- You can also choose to apply a Quotes Apply Sales Template, which will be appended to the existing quote items, as well as Quotes - Apply Project Methodology to the cloned quote, if required.

For a detailed handling of this topic refer to Quotes - Clone a Quote

8. Click on **Save** when done.

- The Select the option as desired message screen will display with the following options;
 - Frint Quote will open the Sales Quote in the Preview screen to view, print, export or email.
 - Email Quote will allow you to add recipients and the system will create a .PDF of the Sales Quote as an Attachment to the email.
 - Fint and Email Quote will display both the Report Pre-

view and Email screens.

5. Click on the **radio button** of the option you require.

When selecting to Email the Quote, the quote will be emailed via the BPO Email Service on the server (not from MS Outlook).

• The example has **Print Quote** selected.

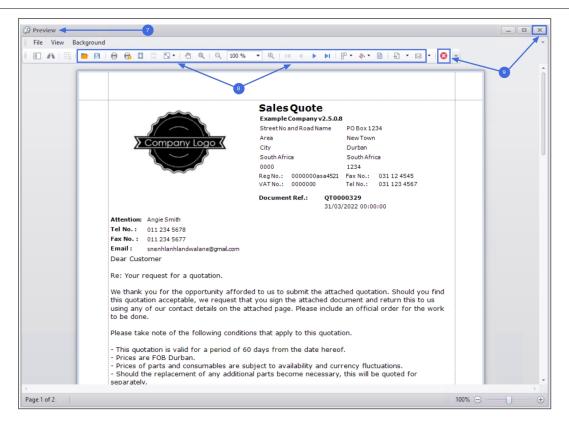

6. Click on Accept.
