## **MY WORK - LOG A PART REQUEST**

The **My Work** screen deals with work that is assigned to a specific employee, i.e. when an employee is logged in, that employee can only see work orders assigned to themselves.

This screen has similar functionality to the call screen in that the employee can **request parts**, services and loan units; book time, travel and expenses; view customer and machine details (including warranty information).

The employee can request from a **<u>bill of material</u>** or from the **full part list**.

**Remember:** The part request will either be <u>Auto Approved</u>, or it will need to be <u>authorised manually</u>

**Ribbon Access:** Service > My Work

nt and Locations
uling Current Ted Activity

The **My Work** listing screen will be displayed.
