- When you have finished adding the details to the new bin, click outside of the Warehouse Bins frame.
- A **new row** will added to the Warehouse Bins frame ready for you to add another bin if required. You can also use the right click process menu and select to Add New Bin.
- Once you have added the required bins, you can save your work.
   Note that you can come back to the warehouse at a later stage to add more bins, if required.
