CONTRACT

REMOVE ITEM METER CHARGES

A contract **item meter charge** can be removed when the contract is in the **Active** state.

Certain amendments made to the contract item **meter**, will trigger the contract to be moved back to the **Released** state, in order for the contract to be checked and re-**Approved**. An email will then be sent to all users who have the rights to authorise this contract.

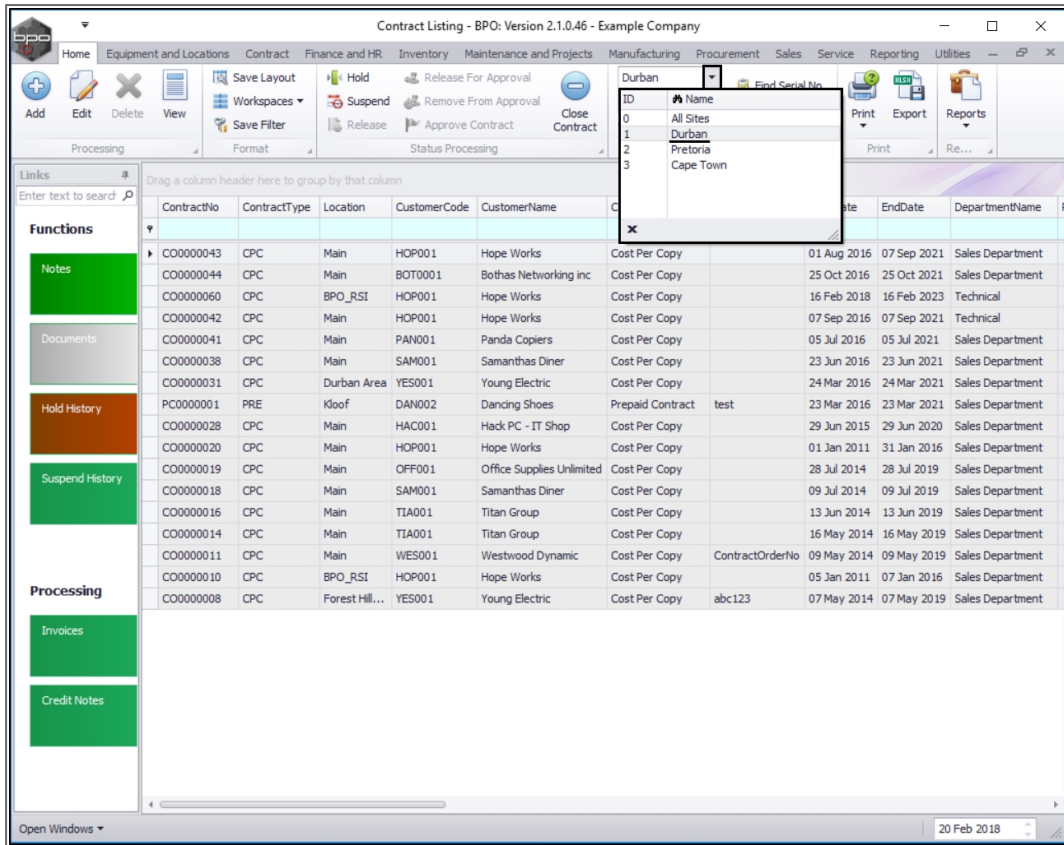

Removing an item meter charge will **not** trigger the re-approval process.

Ribbon Access: Contract > Contracts

The **Contract Listing** screen will be displayed.

- Select the **Site** that you wish to work in.
 - In this image **Durban** has been selected.

- Upon opening, this screen will default to the **Active** status, listing all the **Active** contracts for the selected site.
 - **Note:** You can **only** remove item meter charges when the Contract is in the **Active** state.
