SERVICE

CALLS - ASSIGN A CALL

Note that there are changes to the Call Centre screens due to the Call Centre Performance Enhancements rolled out in part of the Extended Call Centre - Version Compatibility¹. The functionality that is available to you may differ depending on the Call Centre mode configured and your user rights. For more information related to this, refer to the [Call Centre Mode](#) notes.

By assigning a Technician, Driver, or Responsible Person to a call, identifies who will be working on the call.

If Tech Connect is not used, then the call will move to the **In Progress** status. The call centre person will **accept the call on the Technician's behalf**.

If the technician uses Tech Connect - **he will accept the call on his device**, and only then will the call move to **In Progress**.

Refer to the **Call State** column on the Call Listing screen, to see if the call has been assigned or not.

The call can be in either:

- status **New** with Call State **Unassigned**
- status **New** with Call State **Awaiting Acceptance**

Work and resources can be logged as the technician performs the required job. He may need to [Reject the Assignment](#) if the client is not available or out of his logistical route.

¹BPO2 v2.5.1.3 or higher

A technician can only be assigned to one call at a time. He will **End Work** then **Accept** the next call. Each additional assignment will follow a **prior resolution**.

The call can be re-assigned.

Set up the employee as a technician, if the person you wish to assign to a call, is an employee, but does not display on the list when searching in the assign screen.

Ribbon Select **Service** > **Calls**

- The **Call Listing** screen will be displayed.

- Click on the **Assign** button.

- The **Call Assignment: Reference No:** [call ref number] screen will be displayed.
 - **Assigned To:** Click on the down **arrow** to select the employee from the menu.
 - **Assignment Detail:** This field will populate with the call reference description. Add the technician assignment details as required.
 - **Assignment Date:** The current date and time will display.
 - **Date:** Type in or click on the down **arrow** to use the calendar function to select an alternative date, if required.
 - **Time:** Type in or use the **arrow** indicators to select an alternative time, if required.
 - **Assigned By:** The person currently logged onto the system, and assigning the call, will display in this field. Click on the down **arrow** to select a different employee from the drop-down list, if required.
 - **Create new Work Order:** Click on the check box if you need to create a **new work order**.

This feature is used if the technician needs to follow up on the same call, but for a different task, for instance when a call has been re-assigned. The assignment detail needs to be changed accordingly.

- **Open Work Orders:** Click to select the Work Order Code to link the employee to the current open work order.
- When you have finished adding details to this screen, click on **Save**.

- You will return to the **Call Listing** screen.
- When you receive the **Call Processing** message to confirm;
 - **Call No: [call ref. number] has been assigned.**
- Click on **OK**.
