## SERVICE

### CALLS – REQUEST A PART FROM STORE

**Parts Requests** are raised in order to notify stores that stock is required for work to be done. The stores person can then pick and issue the stock or, if necessary, raise a purchase requisition for stock to be bought. A part request may be logged directly from a **Call**.

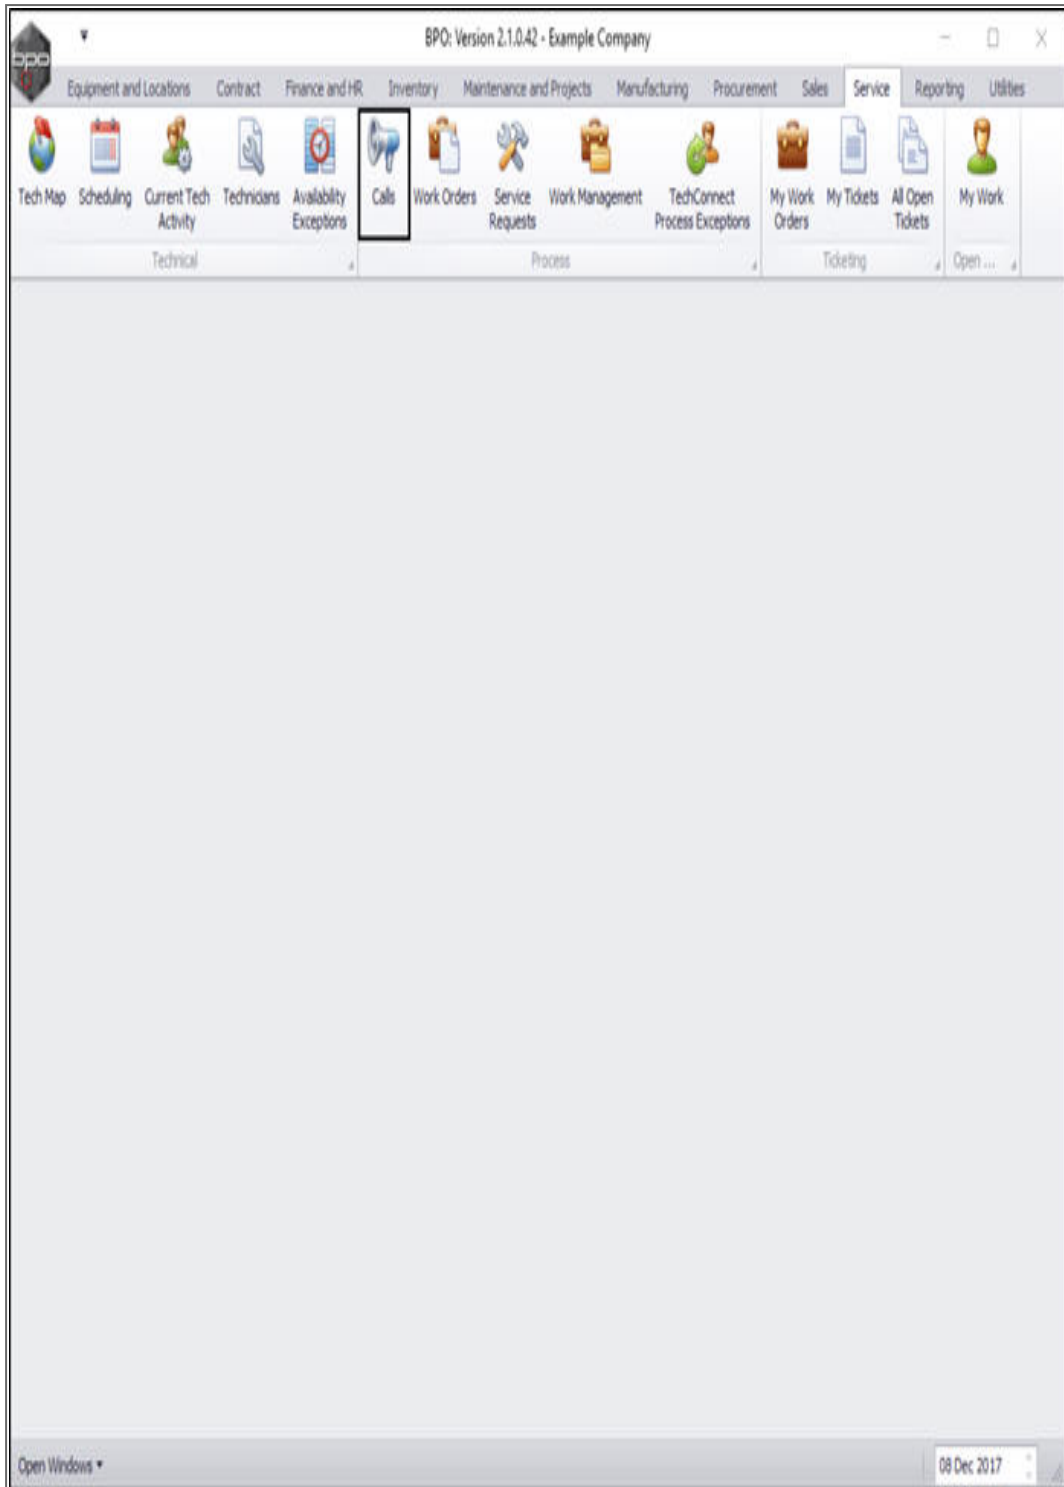

Depending on your company's configuration, the part request may need to be authorised before stores will receive the request and the stock can be issued.

**One** part request must be logged for each **part** required.

---

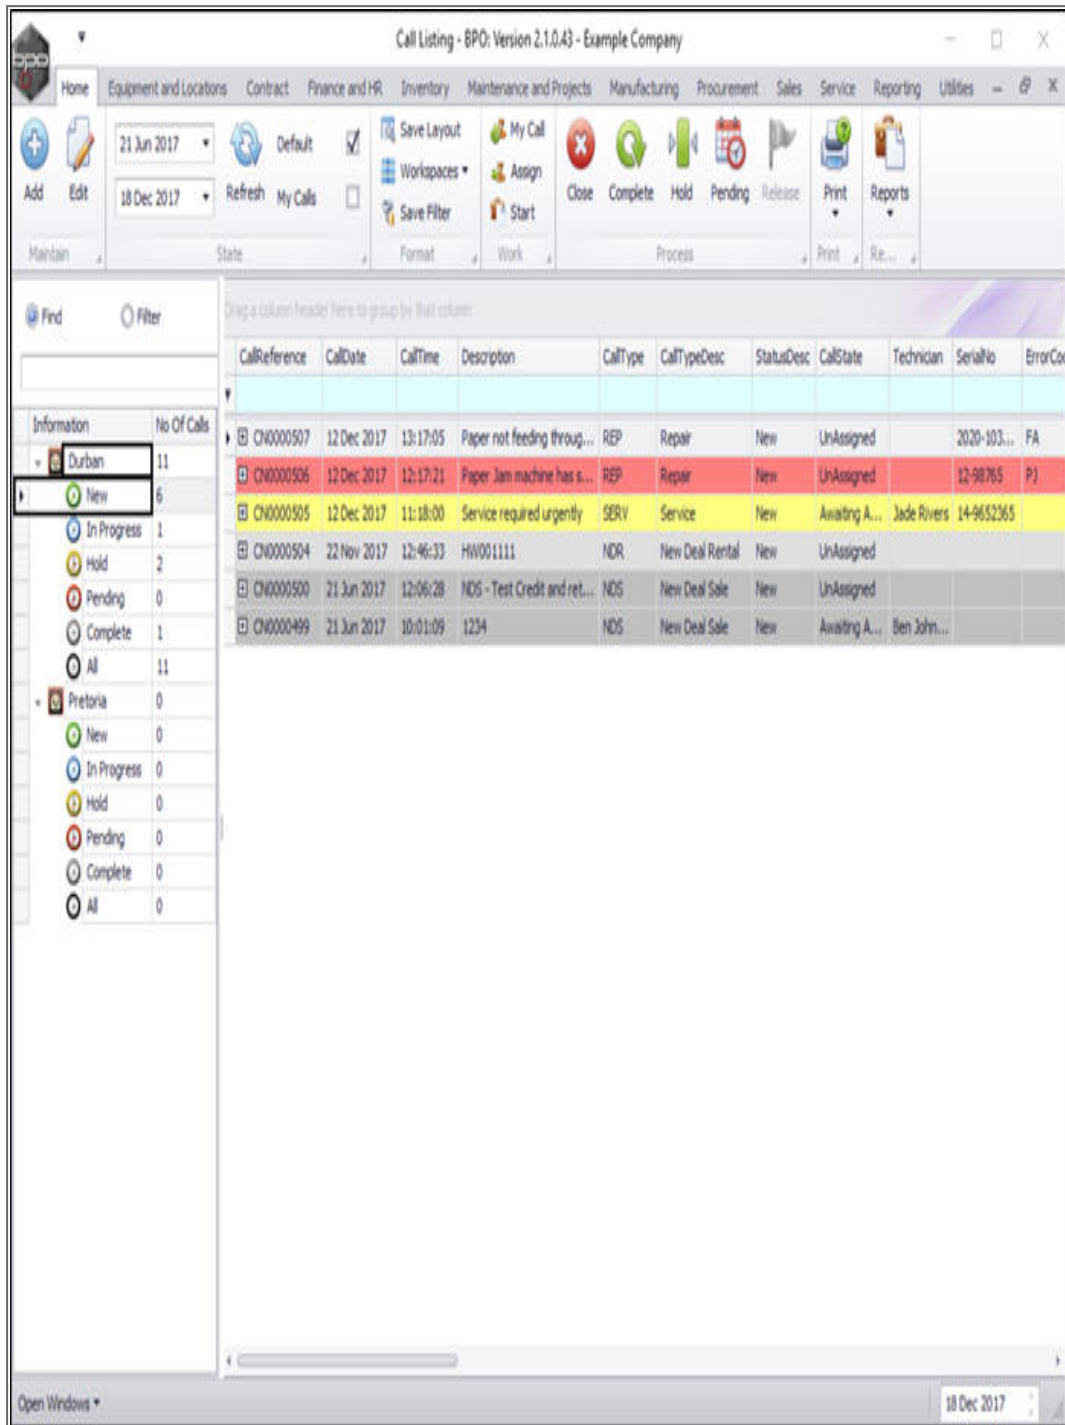

**Ribbon Access:** Service > Calls

---

The **Call Listing** screen will be displayed.

- Select the **site** and **status**.
  - In this image, **Durban** has been selected as the site and the status has been set to **New**.

## SELECT THE CALL

---

- Click on the **row selector** in front of the **call** you wish to **request parts** for.
- Click on **Edit**.

The screenshot shows the 'Call Listing' application interface. The main window title is 'Call Listing - BPO: Version 2.1.0.43 - Example Company'. The interface includes a menu bar with options like Home, Equipment and Locations, Contract, Finance and HR, Inventory, Maintenance and Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. A toolbar contains icons for Add, Edit, Refresh, My Calls, Save Layout, Workspaces, Save Filter, My Call, Assign, Start, Close, Complete, Hold, Pending, Release, Print, and Reports. The main area displays a table of call records with columns: CallReference, CallDate, CallTime, Description, CallType, CallTypeDesc, StatusDesc, CallState, Technician, and SerialNo. A sidebar on the left shows a filter tree for 'Information' and 'No Of Calls' with categories like Durban, New, In Progress, Hold, Pending, Complete, and All.

- The **Call Maintenance: Call ref. - [ ]** screen will be displayed.

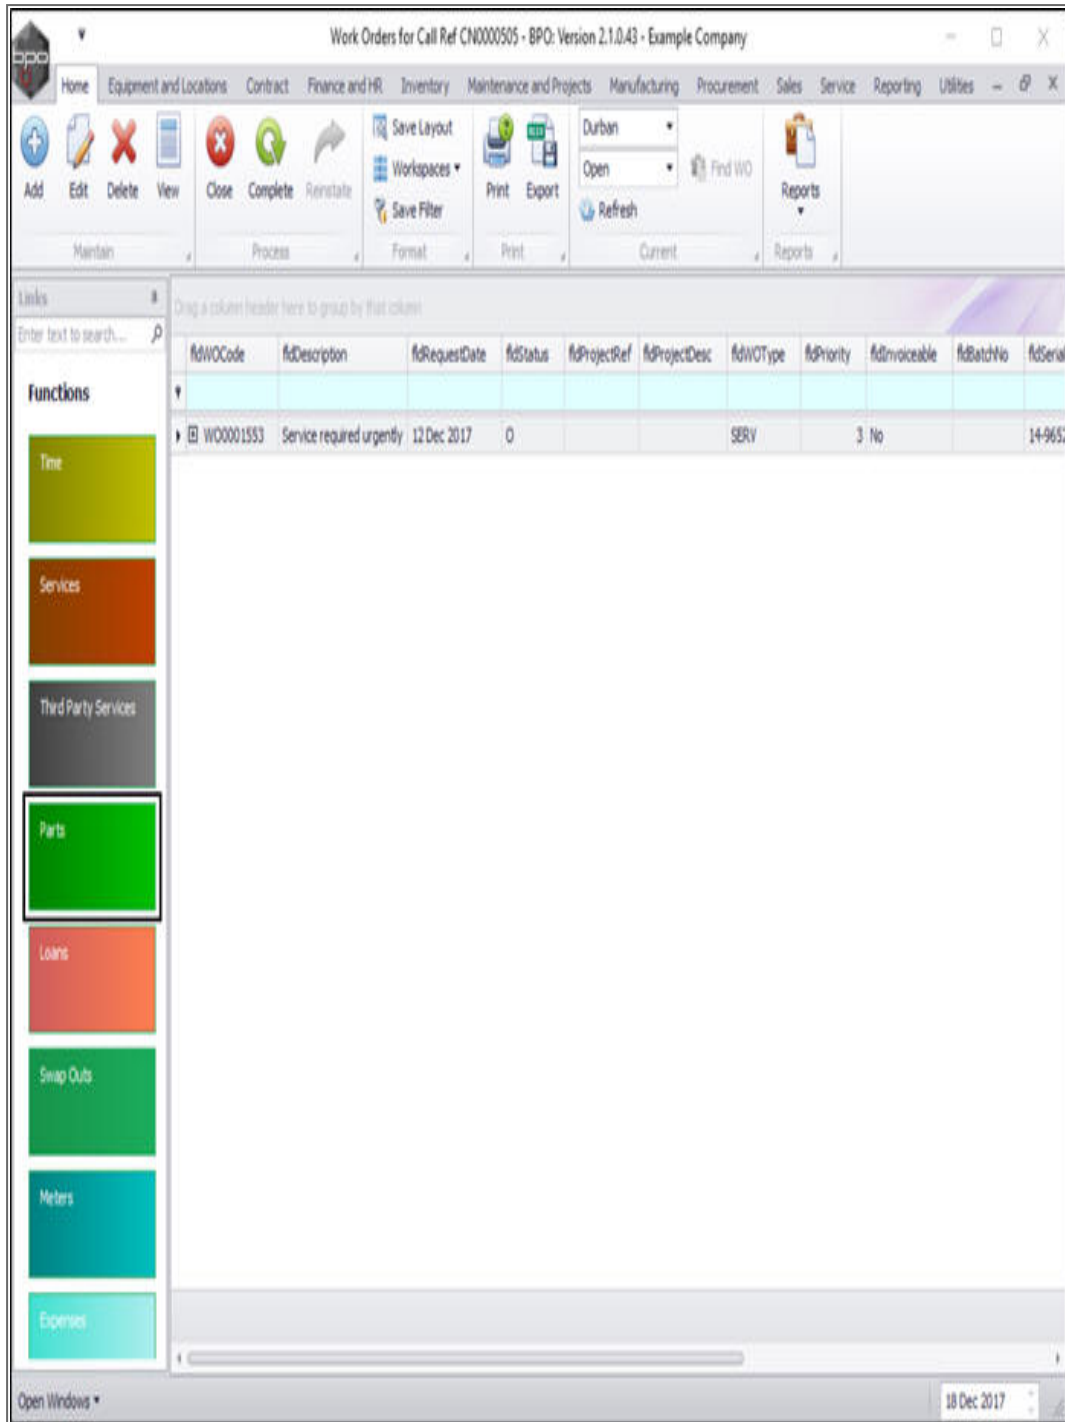

## SELECT THE WORK ORDER (METHOD 1)

- Click on the **Work Orders** tile.

The screenshot displays the 'Call maintenance' window for call reference CN0000505. The interface includes a top menu bar with various system functions, a toolbar with actions like Save, Back, Close, Complete, Assign, Hold, Pending, Release, Reassign, Save Layout, Workspaces, Print, and Note. On the left, a 'Functions' sidebar contains several tiles, with 'Work Orders' highlighted in a yellow box. The main area shows call details for 'Westwood Dynamic' with contact 'Jason March' and address '965 Barlet Str West Dunes'. The call type is 'Service' and the description is 'Service required urgently'. The call date is 12 Dec 2017 at 11:18:00. A 'Relates To' table lists related records, and a 'Closure Details' section is visible at the bottom right.

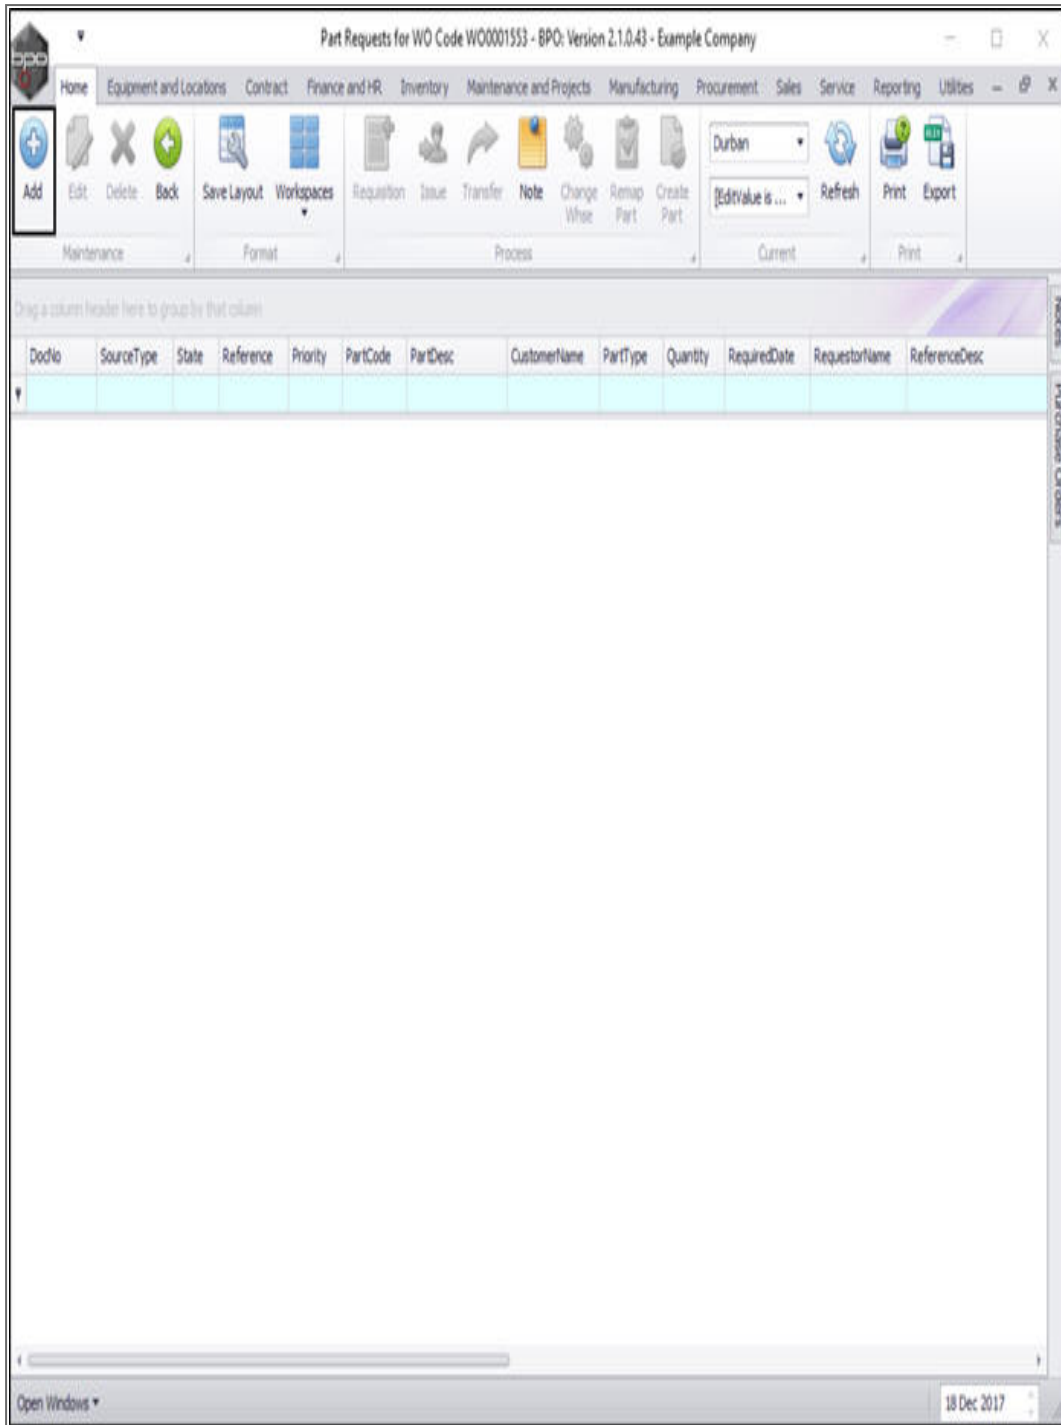

ReferenceType	ReferenceNo
Serial No	14-9652365
Prior Call Reference	
Contract No	CO0000011
Location	
Project Reference	
Quote Reference	
Invoice Reference	
Order Reference	

- The **Work Orders for Call Ref [ ]** screen will be displayed.
- If there is more than one work order in this screen, select the work order that you wish to attach the part request to.
- Click on the **Parts** tile.

- The **Part Requests for WO Code [ ]** screen will be displayed.
- Click on **Add**.

## **SELECT THE WORK ORDER (METHOD 2)**

You can also reach this point by following a slightly different process.

- In the **Call Listing** screen,
- Click on the **expand** icon in the row of the call that you wish to request parts against.

The screenshot shows the 'Call Listing' application window. The title bar reads 'Call Listing - BPO: Version 2.1.0.43 - Example Company'. The interface includes a top navigation bar with tabs for Home, Equipment and Locations, Contract, Finance and HR, Inventory, Maintenance and Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. Below this is a toolbar with various icons for actions like Add, Edit, Refresh, My Calls, Save Layout, Workspaces, Save Filter, My Call, Assign, Start, Close, Complete, Hold, Pending, Release, Print, and Reports. A sidebar on the left contains a 'Find' and 'Filter' section, and a tree view for 'Information' with 'No Of Calls' for various locations and statuses. The main area displays a table of call records.

CallReference	CallDate	CallTime	Description	CallType	CallTypeDesc	StatusDesc	CallState	Technician	SerialNo
CH0000507	12 Dec 2017	13:17:05	Paper not feeding throug...	REP	Repair	New	UnAssigned		2020-103...

CH0000499	21 Jun 2017	10:01:09	1234	NDS	New Deal Sale	New	Awaiting Acceptance	Ben John...	

- The **Work Orders** data grid will be expanded.

The screenshot displays the 'Call Listing - BPO: Version 2.1.0.43 - Example Company' window. The interface includes a top navigation bar with tabs like Home, Equipment and Locations, Contract, Finance and HR, Inventory, Maintenance and Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. A toolbar contains various icons for actions such as Add, Edit, Refresh, My Calls, Save Layout, Workspaces, Save Filter, My Call, Assign, Start, Close, Complete, Hold, Pending, Release, Print, and Reports. A left-hand pane shows a filter tree for 'Information' and 'No Of Calls' across different locations (Durban, Pretoria) and statuses (New, In Progress, Hold, Pending, Complete, All).

The main area shows a table of call records. One record is highlighted in yellow, and its 'Work Orders' sub-grid is expanded. The expanded grid shows the following data:

fdWOCCode	fdDescription	fdSiteName	fdWOType	fdStatus	fdStatusDescription	fdPriority	fdWorkPriority	fdRequestDate	fdR...
WO0001553	Service required urgently	Durban	SERV	0	Open	3	0.00	12 Dec 2017	11:

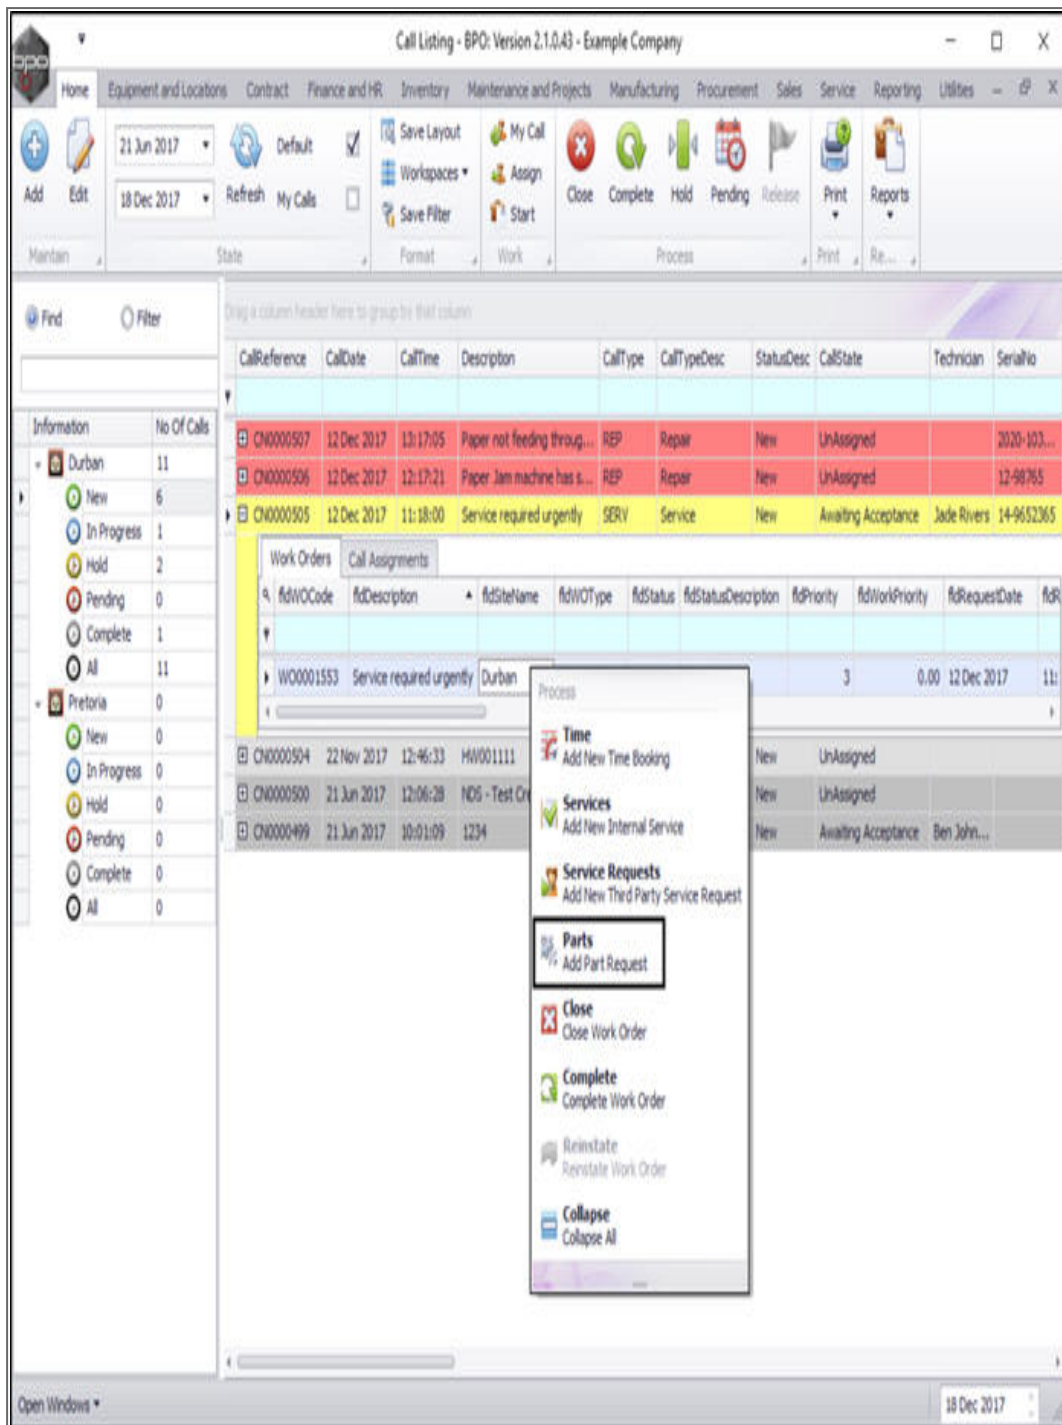

Other call records visible in the main list include:

CallReference	CallDate	CallTime	Description	CallType	CallTypeDesc	StatusDesc	CallState	Technician	SerialNo
CH0000507	12 Dec 2017	13:17:05	Paper not feeding throug...	REP	Repair	New	UnAssigned		2020-103...

CH0000499	21 Jun 2017	10:01:09	1234	NDG	New Deal Sale	New	Awaiting Acceptance	Ben John...	

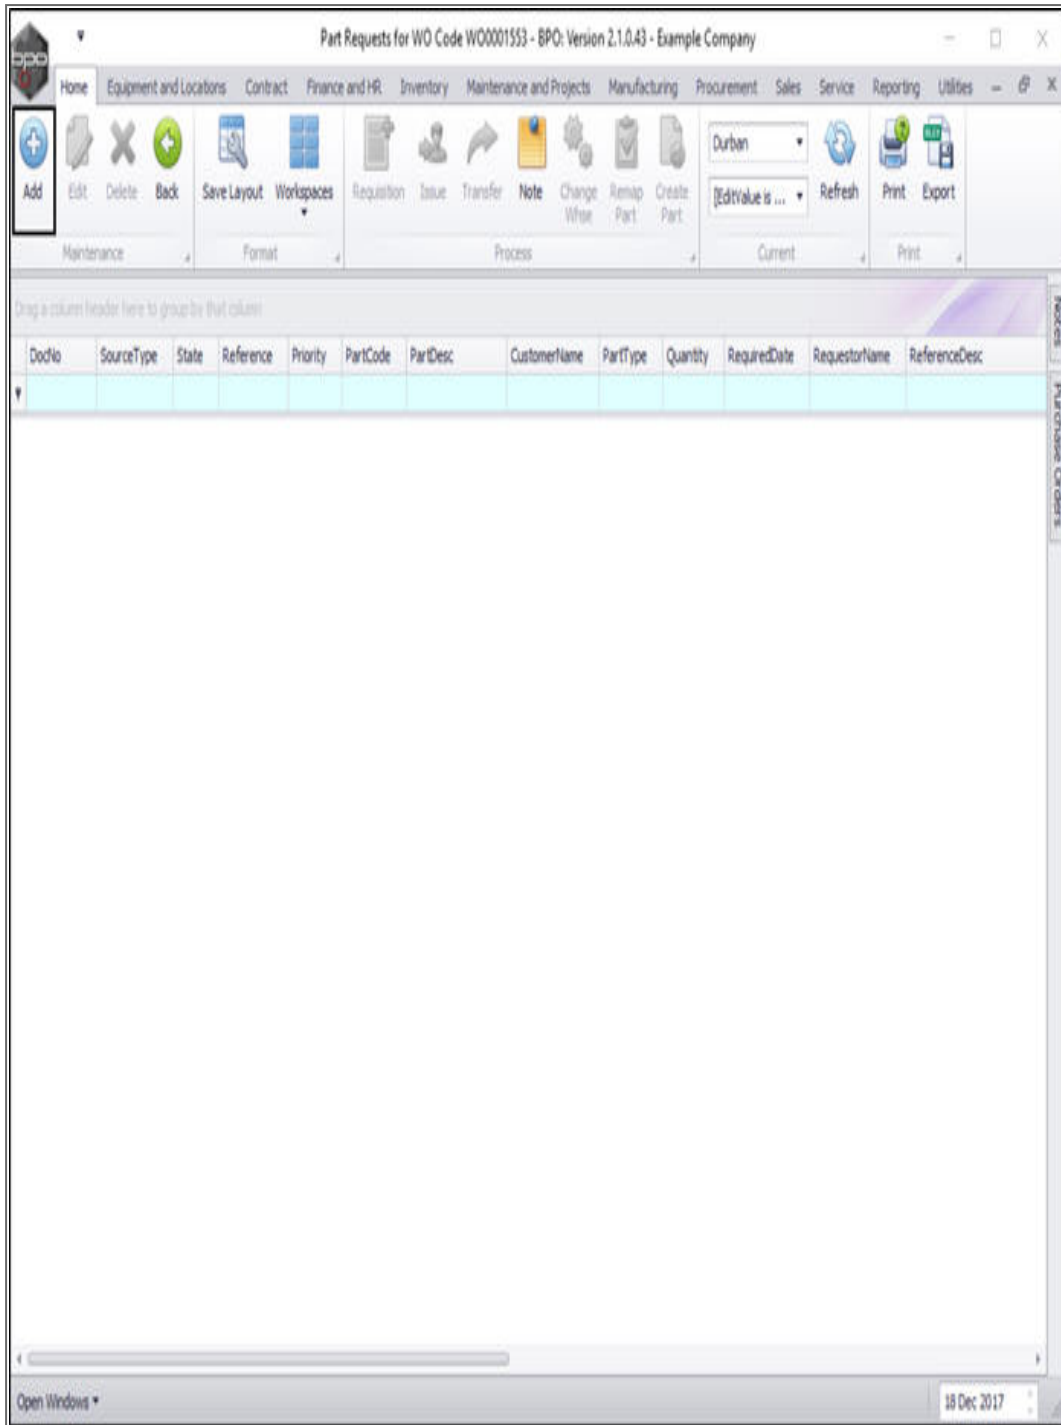

## ADD THE PART REQUEST

---

- **Right click** anywhere in the **row** of the work order that you wish to link the Part Request to.
- A **Process** menu will pop up.
- Click on **Parts** Add Part Request in this menu.

- The **Part Requests for WO Code [ ]** screen will be displayed.
- Click on **Add**.

You have navigated to the same **Part Requests** screen.

There are 2 options:

1. Select a BOM (Bill of Materials) Part Request
2. Select a single item Part Request

### REQUEST FROM BOM

---

**Request from BOM:** With this selection; when you search for the part number, BPO will only bring up a list of parts that 'belong' to this machine. For this process, a Part List BOM must be set up. View [Bill of Materials](#) for more details.

- **BOM or Parts:** Click on the **BOM** radio button.
- **Work Order:** This will be auto populated with the work order number that you initially selected.
- **Part:** Click on the search button and select the part required from the list.
  - **Note:** See below [Yield Controlled Parts](#) for explanation regarding the message box that will pop up here.
- **Description:** This will auto populate as the part is selected.
- **Quantity:** Type in the quantity required.
- **Warehouse:** This will auto populate with the [default site warehouse](#) set up on the part Click on the search button and select an alternative warehouse, if required.
- **Required Date:** This will auto populate with the current date but you can click on the drop arrow and use the calendar function to select a different date if required.
- **Assigned To:** This will auto populate with the person currently creating the part request but you can click

on the drop-down arrow and select a different person if required.

- **Requested By:** This will auto populate with the person currently creating the part request but you can click on the drop-down arrow and select a different person if required.
- **Comments:** Type in any comments as required.
- **Billable:** Click on this check box if the part is billable.
  - **Note:** This will be set to billable by default unless the part is linked to the contract as an inclusion.
  - Only stock items can be marked as billable, asset and loan requests will **not** be billable.
- **Under Warranty:** Click on the check box in order to note whether the item replaced is under warranty.
  - **Note:** This does not process the item as a warranty claim part. Refer to the Introduction in the [Warranty Claims](#) manual for more details.

## REQUEST FROM PART LIST

---

**Request from Parts:** With this selection, when you search for the part number, BPO will bring up all part numbers entered onto the system.

- **BOM or Parts:** Click on the **Parts** radio button.
- **Work Order:** This will be auto populated with the work order that you initially selected.
- **Part:** Click on the search button and select the part required from the list.
  - **Note:** See below [Yield Controlled Parts](#) for explanation regarding the message box that will pop up here.
- **Description:** This will auto populate as the part is selected.
- **Quantity:** Type in the quantity required.
- **Warehouse:** Click on the search button and select the warehouse.
- **Required Date:** This will auto populate with the current date but you can click on the drop arrow and use the calendar function to select a different date if required.
- **Assigned To:** This will auto populate with the person currently creating the part request but you can click on the drop-down arrow and select a different person if required.
- **Comments:** Type in any comments as required.
- **Billable:** Click on this check box if the part is billable.
  - **Note:** This will be set to billable by default unless the part is linked to the contract as

an inclusion.

- Only stock items can be marked as billable, asset and loan requests will **not** be billable.
- **Under Warranty:** Click on the check box in order to note whether the item replaced is under warranty.
  - **Note:** This does not process the item as a warranty claim part. View [Warranty Claims Introduction](#) for more details.

## YIELD CONTROLLED PARTS

**Note:** For more information refer to [Part Yield Config.](#)

- On selecting the part, a **Yield Tracking** message box will pop up giving you the **Expected Yield** and the **Current Yield**.
- If the current yield is more than the expected yield, the system is not going to stop the part processing. You need to follow up on this accordingly.

- If a part has a yield configured, but no meter reading has been logged on the call, a **Yield Tracking** warning message will pop up informing you that;
  - **Warning! This part is yield controlled but no meter reading has been captured on the call [ ].**
- Click on **Ok**.
- Ensure the **meter reading is added**, **save** the call, then begin the **part request** process again.

The screenshot shows a software window titled "Part Requests - BPO: Version 2.1.0.43 - Example Company". The interface includes a menu bar with options like Home, Equipment and Locations, Contract, Finance and HR, Inventory, Maintenance and Projects, Manufacturing, Procurement, Sales, Service, Reporting, and Utilities. Below the menu bar are "Save" and "Back" buttons, and a "Process" dropdown. The main form area contains fields for "Work Order" (WO0001553) and "Part" (147-888544). A "Yield Tracking" dialog box is open, displaying a warning: "Warning! This part is yield controlled but no meter reading has been captured on the call CN0000505." with an "OK" button. Below the dialog, there are dropdown menus for "Assigned To" and "Requested By" (both set to Sarah Milder), a "Comment" text area, and checkboxes for "Billable", "Is Loan", and "Under Warranty". The bottom status bar shows "Open Windows" and the date "18 Dec 2017".

- When you have finished adding the details to the Part Requests screen, click on **Save**.
