PROJECTS

WORK ORDER ALLOCATION - LINK TO NEW PROJECT

An unassigned work order(s) can be allocated to a new project.

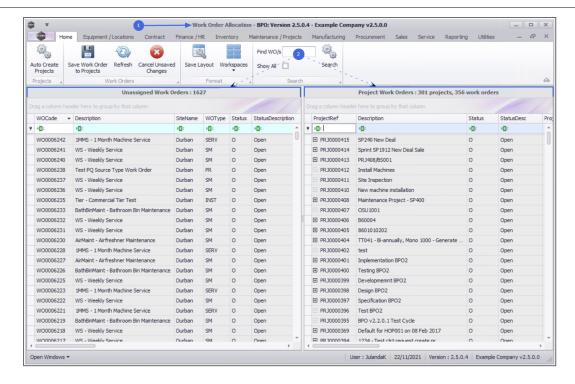

One or multiple work orders can be linked to a **new** project.

Ribbon Access: Maintenance / Projects > Work Order Allocation

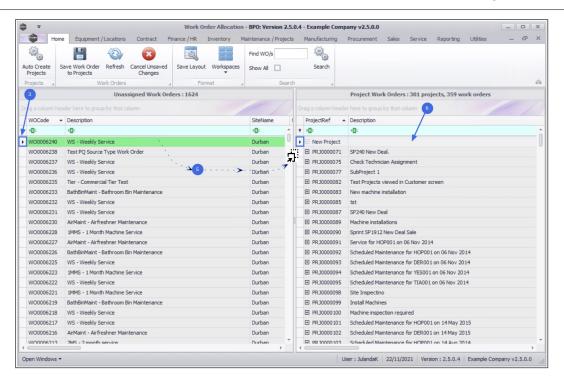

- 1. The Work Order Allocation listing screen will be displayed.
- 2. This screen is divided into 2 frames:
 - Unassigned Work Orders: This frame lists all the unassigned work orders.
 - **Project Work Orders**: This frame lists the projects with linked work orders.

- In the Unassigned Work Orders frame, click on the row of the unassigned work order (for a single work order) you wish to allocate to a new project, or
- 4. To select multiple work orders,
 - Hold down the Ctrl key on your keyboard, then use your mouse to click on each unassigned work order you wish to allocate to a new project, or
 - Hold down the Shift key on your keyboard, then use the up and down arrows on your keyboard to select all the required unassigned work orders.
- 5. Click anywhere on the selected line(s) then drag the work order(s) you want to allocate, from the **Unassigned Work Orders** frame,
- 6. and drop on the New Project in the Project Work Orders frame.

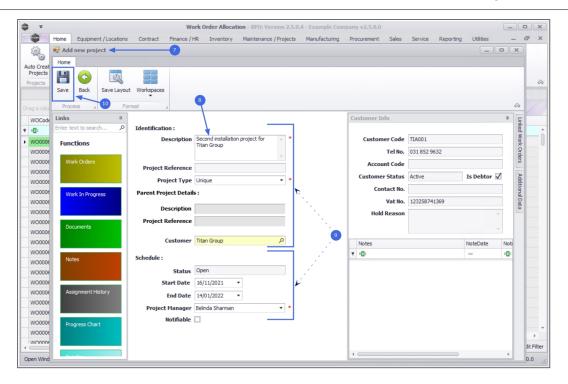

- 7. The Add a new project screen will display.
- 8. Click in the **Description** text box to type in a description for the project.
- Confirm the editable project Identification and Schedule details, for example: Project Type, Start and End Dates.

For a detailed handling of this topic refer to Projects - Add Main Project

10. When you have finished adding the relevant details, click on Save.

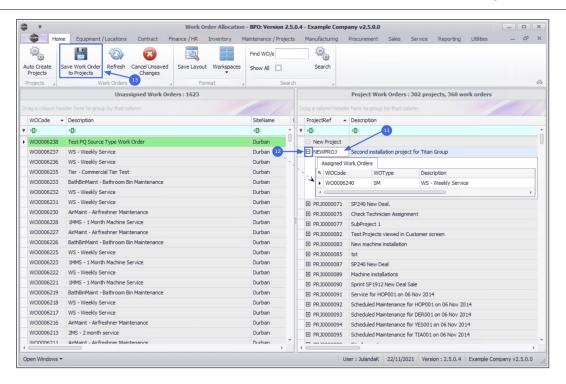

VIEW NEW PROJECT

- 11. The new project will be displayed in the **Project Work Orders** data grid as **NEWPROJ** .
- 12. Click on the **Expand** button in the row of the **New Project** to view the linked work order detail .

Remember that if you have assigned the wrong work order(s), click on Cancel Unsaved Changes to cancel the assignment.

13. Click on Save Work Order to Projects.

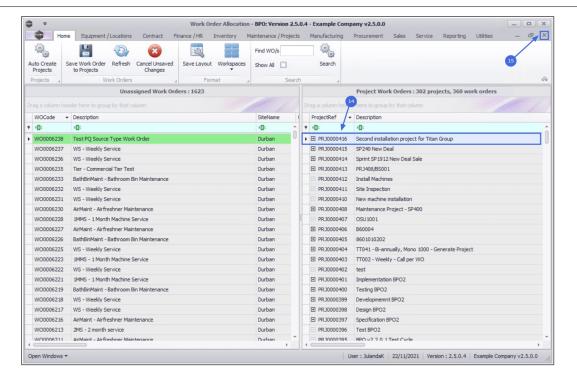

ASSIGN PROJECT NUMBER

- The newly created project will now be assigned a Project Reference Number.
 - The example project has been assigned project number PRJ0000416.
- 15. Click on Close to exit this screen.
