CRM CUSTOMERS

SALES HISTORY

- This shows the Sales and Contract Income for the selected client, over the last 12 Months.
- The Sales History can be viewed in the Customer Page (on the Customer Details tab).

Ribbon Access: Webpage > [http://\[servername\]:\[port-no\]/BPOCRM/User.aspx](http://[servername]:[port-no]/BPOCRM/User.aspx)

The screenshot shows a web browser window with the URL `localhost:50000/bpocrm/ViewCustomer.aspx?CustomerID=2`. The application header includes the CRM logo, a home icon, the user name "biancad", and a search bar. A navigation menu on the left contains categories: customers, cases, and activities. Below this are various functional tiles: quotes, orders, invoices, credit notes, machines, contracts, service calls, 3rd party, and files. A top navigation bar contains icons for home, user, calendar, mail, and a red-bordered icon. The main content area displays the "Addresses" section with two entries: "PO Box 7452, Forest Hills, 1234" and "Address Line1, Address Line2, 1234". Below this is a "12 Months Sales History" bar chart.
