SALES

CUSTOMERS – HISTORY

The **History** tile can be found in both the [Customer Listing](#) and the [Customer Maintain](#) screen. This tile will direct you to a data grid of historical changes made to the Customer or Commercial Details when you [Customers - Add Customer](#) or [Customers - Edit Customer](#) frames for a specific customer.

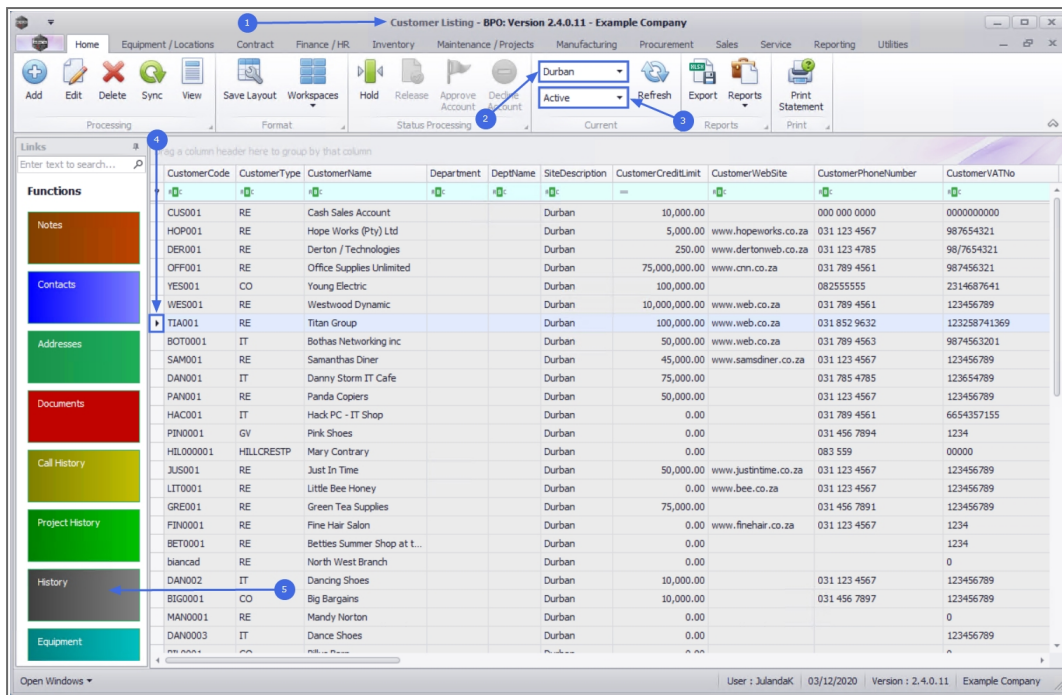

Ribbon Access: Sales > Customers

1. The **Customer Listing** screen will display.
2. Select the **Site** where the Customer can be located.
 - The example has **Durban** selected.
3. Select the **Status** for the customer whose history you wish to view.
 - The example has **Active** selected.
4. Click in the **row** of the customer for whom you wish to view the History.
5. Click on the **History** tile.

If the tile you are looking for is not visible in the list, hover over the Links panel until the up and down arrows appear. Use these arrows to navigate through the tile list or use the track ball/wheel on your mouse to scroll through the tile list.

- The **History Listing for Customer: [customer code]** screen will display.
- All historical changes made in the **Customer Details** or **Commercial** frames linked to the selected Customer will be listed, with the most recent information at the top of the data grid.

You will not be able to modify the information on this screen as the this feature provides the History listing for the customer only.

- The **scroll bars** at the bottom and the side of the data grid indicates that more information is available. Use the scroll bars to navigate to the right and further down the screen.

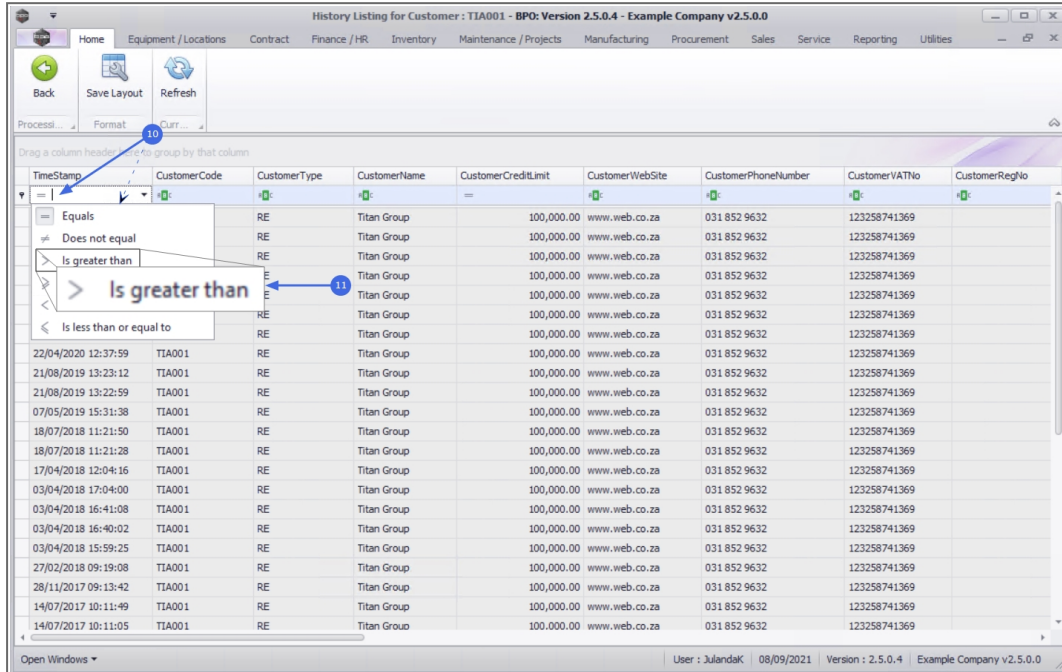

SEARCH FOR SPECIFIC HISTORY PERIOD

- If you wish to search for a specific period of history for a customer, then you can utilise the filter search row. [For a detailed handling of this topic refer to BPO2 Data Grid Filtering.](#) For this example, we will search for

all the historical information for 2020.

10. Click on the [=] in the Time Stamp column to display the **filter options menu**.

11. Select > - **Is greater than**.

12. Click on the down **arrow** in the **Time Stamp** column to display the **Calendar** function.

13. Scroll to January 2020.

14. Click on 1st January to update the filter search row with your search parameters.
