## SERVICE

### CALL ADMINISTRATION – HOLD A CALL

The Call Administration screen is part of the Extended Call Centre - Version Compatibility<sup>1</sup>

Placing a call on **Hold** means that work will be stopped to resolve a **customer** issue, e.g. no one is available at Customer site to allow a technician access to a location, or the Customer is awaiting approval from their finance department before a new part requested can be fitted. The [SLA Monitor](#) will "pause" until the call has been Released from Hold. Refer to [Calls - Release a Call](#) for information on how to release a call from hold.

A call can **manually** be placed on hold by the **Call Centre**.

Using **Tech Connect**, the technician selects [End Call](#) on his device, followed by the **Resolution Action** as **Unresolved (Client)**. The call will be placed on **Hold**.

### THE CALL ADMINISTRATION SCREEN

Ribbon Select **Service > Call Administration**

- The **Call Administration** screen will be displayed.
