## SERVICE

### CALL CLOSURE EXCEPTIONS – PENDING HISTORY

The **Call Pending** tile is a quick way to navigate to the list of Call Pending events related to the selected call.

A call can be placed manually in the **Pending** status in the call centre. The pending history is generated as the customer is **Placed on Pending** and **Released from Pending**.

There can be many reasons to place a call on Pending, but these reasons are based on a delay from the company's side, for example:

- Spares must first be purchased before the work can commence.
- Awaiting loan machine to be returned.
- Requires senior Technician

### THE CALL CLOSURE EXCEPTIONS LISTING SCREEN

Ribbon Select **Service > Call Exceptions**

- The **Closure Exceptions Listing** screen will be displayed, listing all Completed calls with completed work orders that have closure exceptions.
