PROCUREMENT

APPROVE A SUPPLIER INVOICE

Approving a Supplier Invoice is a very important step in the procurement process. Only once the Supplier Invoice is '**Approved**', will the relevant accounting transactions post. Once approved, if there are any issues with the invoice, a **Supplier Debit Note** will need to be raised against it. This Supplier Debit Note will **reverse** the Supplier Invoice.

Important Note: A **Stock Supplier Return** / **Non Stock Supplier Return** must be raised before the Supplier Debit Note can be raised against the Supplier Invoice.

Ribbon Access: Procurement > Invoices

The **Purchase Invoice Listing** screen will be displayed.
