INSTALLATION AND CONFIGURATION

BPO2 - ACTIVATION

Contact the CO3 Technologies Support Centre (<u>sup-port@co3technologies.com</u>) to obtain an activation code. This code is valid for one day only.

The activation period for BPO depends on your contract. BPO will begin warning you that the activation period is about to expire, so that you have time to contact our support centre to obtain a new code. If you have several PCs that are coming up for expiry, you can activate them all with the <u>same</u> <u>code</u>, if done on the <u>same</u> day.

The activation code is valid for use on the following applications:

• BPO_ADT, BPO_RSI, RSI_Reporter, RSI_Reconciler, ACC_ Reporter.

You will receive details, similar to the ones listed below, to activate BPO:

- Company: COP001
- Seats: 5
- Code: 987654321123456789
- Key: 2222222222222222

ACTIVATE BPO

- 1. There are 2 instances where you will be prompted to activate/re-activate BPO.
 - i. At the end of the initial BPO Installation process and
 - ii. close to the activation period expiration date

If you do not have the activation code at this point, then you can close the prompt box. To activate BPO later, double click on the BPO2 icon on the desktop.

 When you are ready to activate/reactivate, select Yes in the prompt box.
