REVALUATION APPROVAL

Once a stock revaluation request has been viewed and found to be correct, the request can be **Approved**. If the details are incorrect, **Edit** the request and make the required changes before Approval. If the revaluation is not required or created in error, etc. the request can be **Declined**.

The stock revaluation request can also be printed, where a physical copy is required.

Ribbon Access: Inventory > Revaluations

The Revaluation Request Listing screen will be displayed.

- Select the site.
 - In this example, **Durban** has been selected.
- Select the status.
 - A revaluation request can be printed in any status, in

this example the **New** status has been selected.
