# **TECHCONNECT**

# WORK FLOW

# **TECH CONNECT WORK FLOW**

• In the **Calls List** screen, click on the call / project you want to work on.

#### Tech Connect Work Flow

# **CALL AWAITING ACCEPTANCE**

- In the Call screen you will see the:
  - Call Detail
  - Status
  - Call Type

Help v2024.5.0.7/1.0 - Pg 2 - Printed: 04/07/2024

- Description
- Machine Information (including warranty status 'No warranty' / 'Active' / 'Inactive')
- Location Information (including GPS co-ordinates)
- Contact Person Information
- Call Information
  - Note: If you cannot see any of these
    - details, scroll up / down your screen.

- Clicking the '+' button will give you a Stock option to view any part requests that have been logged, (e.g. the client has requested toner). This way you will know if you first need to collect stock from stores.
- You can either <u>Accept a Call</u> or <u>Reject a Call</u>.

# **REJECT A CALL**

• Click on Reject Call.

- A **Reject Call?** message box will pop up asking you;
  - Are you sure you want to reject this call?
- Click on Ok.

- A **Prompt** message box will pop up telling you;
  - Please enter the Rejection Comments:

- Type in your rejection comments.
- Click on Ok.

- The call / project will be removed from your list of assigned calls / projects.
- The the call / project work order will remain in status New in the Call Centre in BPO and needs to be re-assigned.

# ACCEPT A CALL

• Click on Accept Call.

Help v2024.5.0.7/1.0 - Pg 10 - Printed: 04/07/2024

- The call will move to status Accepted.
- The action button will change to **Start Travel**.
- You can now start working on the call.

# **START TRAVEL**

• When you are ready to drive to your client, click on **Start Travel**.

### **OPEN ODOMETER READING**

- A Current Odometer Reading message will pop up.
- To update your **Current Odometer Reading**, touch any digit you want to update and scroll up or down.

- Ensure your Current Odometer Reading is correct.
- Click on Ok.

- The call will now move to status **Start Travel**.
- The action button will change to **On Site**.
  - Note: In this status, you can still reject the

call / project.

- If you would like your **GPS** to direct you to the location, then click on **Navigate To** next to the **GPS** co-ordinations.
  - Note: If there are no GPS co-ordinates set,
    Tech Connect will give you an option to
    update the system when you are closing

your odometer reading, so that they will be

available next time.

- Google Maps will be displayed.
- You can now follow **Google Maps** directions from your current location to your client.

#### **ON SITE**

• When you have arrived at your client, click on **On Site**.

### **CLOSE ODOMETER READING**

- A Current Odometer Reading message will pop up.
  - 1. Update your Odometer Reading.
  - 2. If the customer's **GPS** co-ordinates have <u>not</u> been updated yet click on **Update Site's GPS Position**. **Tech Connect**

will update the system so that they will be available next time.

3. Select Ok.

- The call will now move to status **On Site**.
- The action button will change to **Start Work**.

# **START WORK**

• Once you are ready to start, click on **Start Work**.

🗳 🗊 🎯	😰 🖘 ار 89% 🖬 9:00 AN	Л

- The call will now move to status **Start Work**.
- The action button will change to **End Work**.

# **START WORK CALL SCREEN**

- Your call has now started. You need to end work before you can work on another call.
- Click on the '+' button to bring up more options for this call.

### **END WORK**

- Once your work has been completed, or if you can no longer continue with the call, e.g. Parts Required or Awaiting Client Confirmation.
- Click on End Work.

# **RESOLUTION ACTIONS**

- A Choose Resolution message will pop up.
- Select one of the 3 listed Resolution Actions;
  - **Resolved** once processed, this call will move to Status - **Complete** in the **Call Centre** in **BPO**.

Help v2024.5.0.7/1.0 - Pg 25 - Printed: 04/07/2024

- Unresolved once processed, this call will move to Status Pending in the Call Centre in BPO.
- Unresolved (Client) once processed, this call will move to Status On Hold in the Call Centre in BPO.
- For the purpose of this manual, **Resolved** was selected.

Help v2024.5.0.7/1.0 - Pg 26 - Printed: 04/07/2024

### **RECTIFICATION COMMENTS**

- A rectification comments screen will be displayed.
- In the **Choose a rectification type** field, **Delivered Stock** will auto populate but this can be changed.
- To choose another rectification type, click on the **down arrow**.

Help v2024.5.0.7/1.0 - Pg 27 - Printed: 04/07/2024

- A **menu** will be displayed.
- Select a resolution type of your choice.
- In this image, Parts Delivered and Installed was selected.

Help v2024.5.0.7/1.0 - Pg 28 - Printed: 04/07/2024

- 1. Type in a comment for the resolution.
  - You can either click on;
    - 2. <u>Save</u> or
    - 3. <u>Sign</u>.

### SAVE WITHOUT SIGNING OFF WORK

- Select **Save** if you have a few calls that need to be signed by the same customer then you can get them all <u>signed afterwards</u>.
  - 1. For the purpose of this manual, **DCN0000169** is used as an example.
  - 2. Click on Save.

Help v2024.5.0.7/1.0 - Pg 30 - Printed: 04/07/2024

- You will return to the Calls List screen.
- The status of the call / project will be;
  - (S|M) Awaiting Signature | Complete for a call or (S|O) -Awaiting Signature | Open for a project.
  - 2. A **signature** icon will be displayed and the **work info circle** will be **grey**.

- Note 1: Only a call / project that has been ended as <u>Resolved</u> will be displayed in the Calls List screen.
- Note 2: If work has been ended as <u>Unre-solved</u> or <u>Unresolved Client</u>, the call / pro-ject will be removed from the Calls List screen immediately on Save.
- Note 3: Remember to get the call / project signed off afterwards.

Help v2024.5.0.7/1.0 - Pg 32 - Printed: 04/07/2024

#### Tech Connect Work Flow

### **SIGN OFF WORK**

• Click on Sign.

Help v2024.5.0.7/1.0 - Pg 33 - Printed: 04/07/2024

### **CALL REPORT**

- A Call Report will be displayed.
- The customer has to check the report, if s/he is satisfied, then
- click on Accept.

### **CLIENT COMMENT**

• Before the client signs for the work done, they have the ability to add a comment.

- Name: Customer name required.
- **Comments**: Customer comments required.

<b>I</b> 🖾 🏷 …	😫 🖘 📶 100% 🛢 11:16 AM

Help v2024.5.0.7/1.0 - Pg 36 - Printed: 04/07/2024

### **CLIENT SIGNATURE**

- The client should sign for work done.
  - Sign here: Customer signature required.
  - **Clear**: Click on this to clear the signature if a mistake was made.
- Once done, select the **Submit**.

- The call status will change to (**EW|M**) End Work.
- If work was ended as <u>Resolved</u>, the call will remain on the technicians list until the following day, unless closed from **BPO** the same day.

- If work was ended as <u>Unresolved</u> / <u>Unresolved Client</u>, the call will be removed from the technicians list immediately or when the screen is refreshed.
- Follow the same process starting from <u>Tech Connect Work Flow</u> for each call assigned to you, until the <u>end of the day</u>.

Help v2024.5.0.7/1.0 - Pg 39 - Printed: 04/07/2024

### **SIGN LATER**

- If you selected to <u>Save</u> a completed call without a signature (in order to sign off a couple of calls at once), in the **Calls List** screen, you will see a **signature icon** appear in front of the call notifying you that you still need a signature for that call.
- Click on the call and follow the same process from <u>Call Report</u> for each call assigned that requires a signature.
