## PROJECTS

### TECHNICIAN ALLOCATION – TECHNICIAN PROJECTS

The Technicians' Project section lists all the technicians. Technicians are **employees** who are configured as **technicians** within the system

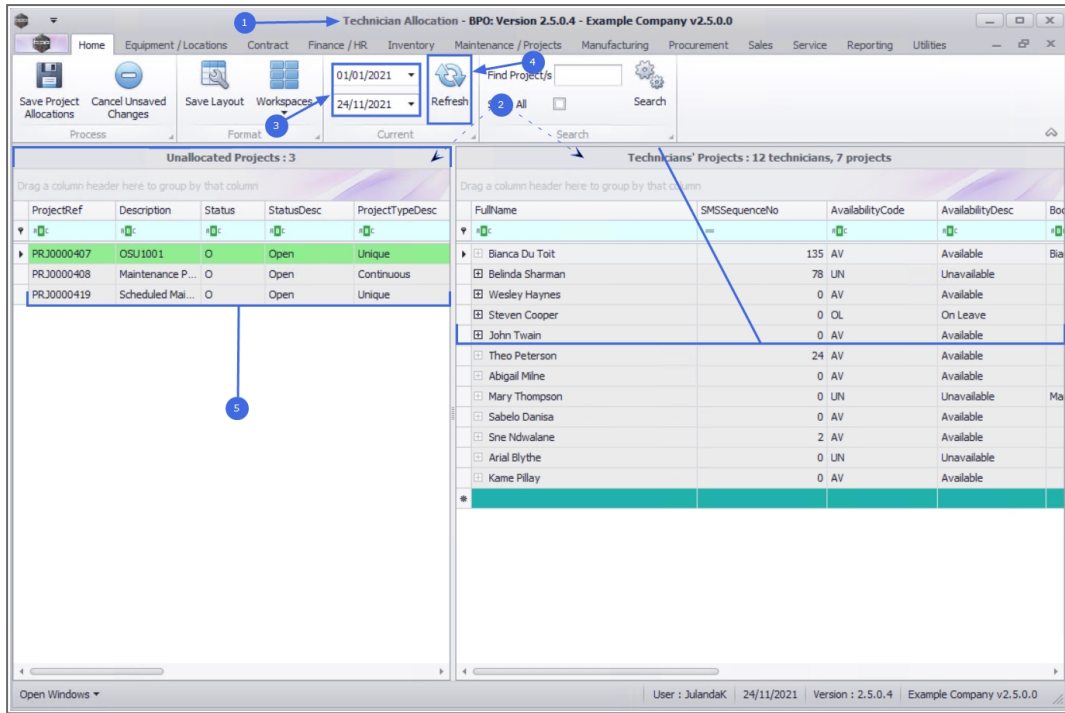

---

**Ribbon Access:** Maintenance / Projects > Technician Allocation

---

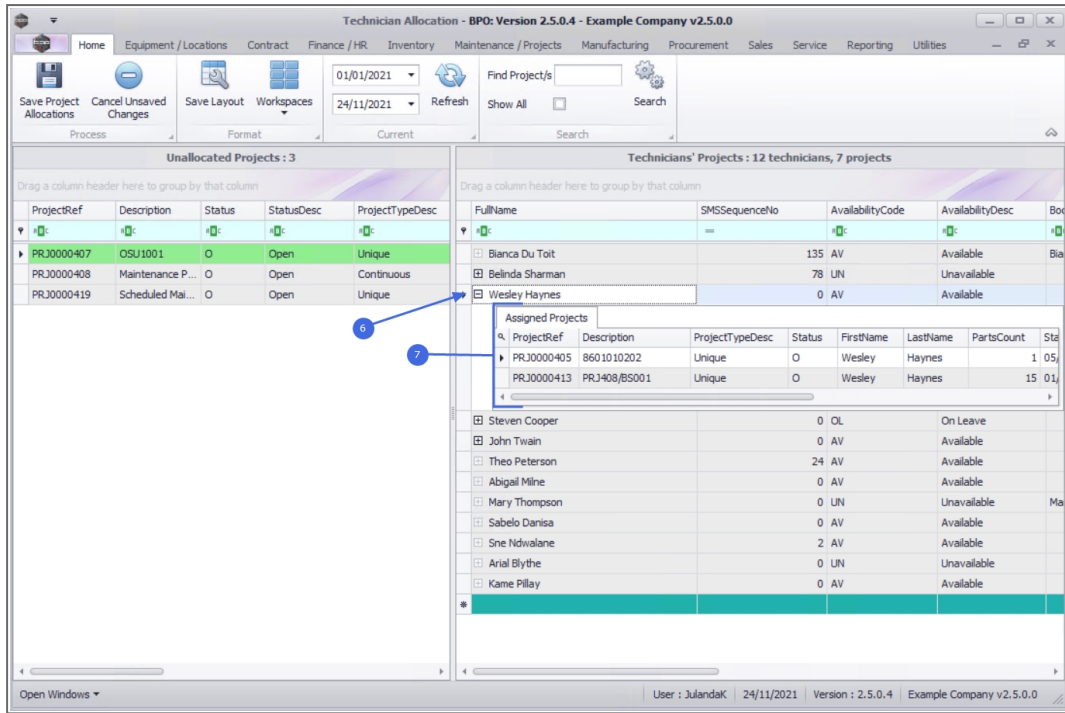

1. The **Technician Allocation** screen will be displayed.
2. The screen is divided into **two** panels;
  - The **left** panel is the **Unallocated Projects**. A list of all the unassigned work orders is displayed in this panel.
  - The **right** panel is the **Technicians' Projects**. This panel will list the and their Availability Status . Refer to [Technicians - Set Up](#) to set up the Technicians for projects.
3. Set the **Date Range** for the projects you wish to view.
  - Type in or click on the down **arrow** to set the date range using the calendar function.
4. Click on **Refresh**.
5. The projects that fall within the selected date range will be displayed in the **Unallocated Projects** frame.

## VIEW PROJECT(S) ASSIGNED

6. Click on the **expand** button of the Technician you wish to view.
7. The **Assigned Projects** sub grid will be displayed, listing the Project Reference Numbers linked to the Technician..

## VIEW TOTAL QUANTITY OF PARTS REQUESTED PER PROJECT

1. Use the **scroll bar** at the bottom of the Assigned Projects sub grid to scroll until you can view the **Parts Count** column.
2. Here you can view the quantity of individual parts/items requested for all the underlying work orders linked to a project.
