SALES STUDIO CONFIGURATION

ADD QUOTE DEFAULT ITEMS

Default items are items that are set up to be added to <u>all</u> new quotes.

These are items that a company requires to be quoted **every single time**, and therefore need to be linked automatically, so that the salesman does not need to remember to add them. For example, a company may require a consultation fee and a site inspection fee to be included in every sales quote.

Although these items pull through to each new quote, each item can be individually **removed** from each quote or **edited**, if required.

Follow the process below to **add** quote default items.

Version Compatibility

- BPO2 v 2.3.0.2
- Sales Studio v 1.0.0.21
- Configurator v 2.2.0.0
- CRM v 3.5.7.5

THE QUOTE DEFAULT ITEMS SCREEN

- 1. The Quote Default Items screen will open.
- 2. The **Item Selector** frame is on the left of the screen. This is where you are able to choose individual items to be added to the
- 3. **Default Items** frame, on the right of the screen. This frame, contains items that have already been linked and will appear on each new Sales Quote.
- In this example, an Inspection fee, a Consulting fee and an Installation Charges fee have already been set up to link to each new quote.

SELECT THE ITEM TYPE

5. In the Item Selector frame, click anywhere in the Item Type field.

SELECT ITEM TYPE

- 1. The Add Item menu will pop up.
- 2. Select from the list, the required **Item Type**.
 - ° In this example, **Internal Service** is selected.

SELECT ITEM TO ADD TO THE QUOTE

- 1. The **Item Selector** frame will populate with a data grid of all the items linked to the selected **Item Type**.
- 2. Select the required item and either,
 - i. **Double click** in the item row or,
 - ii. Drag and drop the selected item into the Default Items frame.
 - ° In this example, **Delivery Fee** is selected.
