## BPO2

## **PART REQUESTS**

## THE ISSUE QUANTITY CANNOT BE MORE THAN THE STOCK QUANTITY AVAILABLE...'

This error will pop up when attempting to select an alternative batch from which to issue a **C-Class** item.

Error

The issue quantity cannot be more than the stock quantity available. Do you want to correct the value?

This is primarily due to...

Selecting a higher quantity than the amount available in an issuing warehouse.

Fix:

- Click **Yes** on the error message to clear it.
- **Undo** the Quantity selection you made in the row of the alternative batch.
- Ensure that you select a Quantity no higher than the amount of items in a batch.
